W. V. Byars

Unfolding the Cards Ian Damerell, 2015-03-03 These essays attempt to confront the effect of years of postmodernity and its promotion of individuality at the cost of solidarity and communal spirit. In the wake of this it suggests possible frameworks for an art study that restores a certain focus on communal spirit. It proposes, too, that art study's fragile position in contemporary society is a consequence of over-commercialisation and its resultant surface values. Consumerist and corporate ideology encourage the consumer/individual's self-realisation, seemingly divorced from communal interests. Within this isolation lies the potential breakdown of ethics. Therefore, I dream of a kinder society, i.e. one where we are engaged in realising the community, as its citizens. This is not blind obedience, but in a spirit of contributing to a whole (society). More specifically, it means allowing and, to a degree, maintaining art study, as a sphere of possibilities for budding citizen artists. It is envisaging art study as a discursive arena, and creating an academic space that allows for art's main contribution - the dislodging of the so-called proper - i.e. entrenched doctrine. I believe that art study can contribute to the improving of society, in the main, because art enacts a different sharing of the sensible.

Waiting for the Next Ashok Sharda, 2020-01-24 'Feeble Creature' is arrested and charged with committing a crime under several penal codes for causing disruption and chaos by inflicting unfounded fear among the masses. His crime is writing and circulating four articles taking an extreme contrarian view that humankind is suffering from 'progeria', the rarest of rare diseases known to medical science. In his defense before the court of justice, he says- "I sincerely desired to infuse the real meaning of 'living' in the psyche of mankind so that they may battle out the death inflicted by this metaphysical ailment I conveniently call 'Progeria'. I haven't committed any crime in doing so by expressing my conviction, cautioning and alerting the commoners to take notice. It is up to them to take notice, realize and act or ignore the warning" This novel depicts the very cause that has led mankind to this lethal metaphysical ailment, the author termed as 'metaphysical progeria'. The author has also ventured to present a possible remedy, who only the rarest of the rare may chance to put into application. He does this by taking readers on a short journey aboard a train, a perfect analogy for the journey of life as passengers seems ever waiting for the next, an assumed time, projecting data internalized from dead past. The author dares to write an obituary of the metaphysical demise of mankind, unravelling how he arrives at this conclusion. The author believes, however, that those who choose themselves still have a chance to rise from their metaphysical graves.

Reflections at Journey's End York County Bar Association,2018-12-01 A compelling series of insightful biographical sketches of the men and women of the York County Bar commencing eleven years before the start of the Civil War as recounted by contemporaries and colleagues. Candid, sincere, honest, and on occasion with a touch of comic relief, these memorial minutes are tributes to those who have made their rendezvous with mortality. Found within these volumes is the venerable Jeremiah S. Black who walked the corridors of national recognition during the Civil War era; the urbane and brilliant Herbert B. Cohen who wielded substantial political power throughout the commonwealth and rose to become an associate justice of the Pennsylvania Supreme Court; and the charismatic Harvey Gross whose superb advocacy in the third Hex trial and subsequent twenty-year tenure on the York County Orphans' Court placed him in the forefront of the princes of Anglo-Saxon jurisprudence. This "callout" of the giants in no way diminishes the significance, commitment, and integrity of the many other remarkable individuals who came after and counseled and inspired others to live honestly, to exercise compassion, and to act with prudence and diligence, and above all else made their contribution to the vast and diverse panorama of our humanity. Not a typical memoir or story, these memorial minutes constitute the defining epic of the York County Bar. More than history, more than recitals of character and personality, and more than delightful encounters and more somber content, they are about individuals remembered for the richness and power of their hopes, achievements, and commitments to the timeless values of the life of the law.

The Journey's End Michael D Connelly,2023-04-04 In the tradition of Atul Gawande's *Being Mortal*, this compassionate work helps individuals develop a more accepting view of dying while teaching them what to expect and how to navigate the healthcare system at the end of life. In elderhood, the health care system has a narrow view of how to provide care. It focuses on extending a patient's life at all costs, with an over-reliance on machines and procedures, instead of caring holistically for the person. Accordingly, many of us will likely spend our final weeks in long-term care facilities or an ICU. Dying at home, peacefully, and surrounded by family is almost impossible in our world--and our fear of death is a major contributor to this

impossibility. Fittingly, the central idea of this book is that in old age, or when facing a terminal diagnosis, it is more important to understand your life rather than to extend it. While this may seem simple, its implications are profound. A natural death means accepting that, at some point, we are old enough or sick enough to die. In our cynical and overly clinical age, it is difficult to reflect on the meaning of one's life, but that kind of honest introspection is exactly what we need. Accordingly, *The Journey's End* seeks to help people manage their healthcare, their expectations, and their decisions in the final phase of life.

My Life with Noel Coward Graham Payn,1996-10-31 Other men made fabulous careers out of the opportunities Noel Coward declined. But Coward's inner compass charted him on his own course to greatness. And when he couldn't find the destination on his maps, he invented Samolo, his own South Sea island complete with its own indigenous rituals and customs. And of course, we revisit Coward's worlds constantly in revivals of his classic plays, *Hay Fever*, *Private Lives*, *Tonight at 8:30*, *Design for Living* and *Blithe Spirit*. This is the definitive memoir of the private Noel Coward by the only man with the compassionate insight and first-hand experience to write it. Graham Payn, star of many of Coward's shows, shared the Master's professional and private life for thirty years. When Coward kept the rest of the world at bay, Payn remained at his side as confidant and friend. No one else was as privy to Coward's doubts and dreams.

How It Is Samuel Beckett,2007-12-01 "It is one thing to be informed by Shakespeare that life "is a tale told by an idiot signifying nothing"; it is something else to encounter the idea literally presented in a novel by Samuel Beckett. But I am

reasonably certain that a sensitive reader who journeys through *How It Is* will leave the book convinced that Beckett says more that is relevant to experience in our time than Shakespeare does in *Macbeth*. It should come as no surprise if a decade or so hence *How It Is* is appraised as a masterpiece of modern literature. This poetic novel is Beckett at his height.” — Webster Schott “A wonderful book, written in the sparest prose. . . . Beckett is one of the rare creative minds in our times.” — Alan Pryce-Jones “What is novel is the absolute sureness of design. . . built phrase by phrase into a beautifully and tightly wrought structure — a few dozen expressions permuted with deliberate redundancy accumulate meaning even as they are emptied of it, and offer themselves as points of radiation in a strange web of utter illusion.” — Hugh Kenner

Franklin Delano Roosevelt's Life and Times Peter Appleseed, 2014-05-19 President Franklin Delano Roosevelt and Eleanor Roosevelt, niece of Theodore Roosevelt... this book is the first part of a trilogy, the part covering the early life, until 1921. The end of this part is at the turning point of the onset of partial paralysis. This was the most major life-changing event. This book is more about the culture and formation of his mind, it is personal, more so than political. World War I the great war is covered in this book.

Travel Scholarships Jules Verne, 2013-08-13 Nine students from London's Antillean School receive travel scholarships to visit their island homelands in the Caribbean. Accompanied by their eccentric Latin professor, they set sail on what they expect to be a thrilling educational voyage. Little do they realize that, prior to their arrival on board, their ship had been hijacked by escaped convicts who murdered its original captain and crew. This is the only novel by the legendary Jules Verne

that has never been available in English until now. Although ostensibly written for an adolescent audience, its suspense-filled plot, sophisticated narrative style, and critique of European colonialism make it an engrossing read for all ages.

Awake in the Labyrinth William Bishop, 2011-12 A trilogy consisting of 'Hero in the Labyrinth', 'Finding the Centre' and 'Seeing Through Different Eyes'. Like Dante who, in middle age wakes up to find himself in a dark wood and responds with The Divine Comedy, our Hero, in the seventh year of the seventh cycle of seven years in his life, wakes up to find himself in a labyrinth. His response is to spin an Ariadne thread of consciousness through time to orient himself within it and hopefully uncover the mystery of his (i)-dentity. Is this too a comedy? If so, do we laugh at or with our struggling hero?
