*What Hath God Wrought: The Transformation of America, 1815-1848* Daniel Walker Howe, 2007-10-29 The Oxford

History of the United States is by far the most respected multi-volume history of our nation. In this Pulitzer prize-winning, critically acclaimed addition to the series, historian Daniel Walker Howe illuminates the period from the battle of New Orleans to the end of the Mexican-American War, an era when the United States expanded to the Pacific and won control over the richest part of the North American continent. A panoramic narrative, *What Hath God Wrought* portrays revolutionary improvements in transportation and communications that accelerated the extension of the American empire. Railroads, canals, newspapers, and the telegraph dramatically lowered travel times and spurred the spread of information. These innovations prompted the emergence of mass political parties and stimulated America's economic development from an overwhelmingly rural country to a diversified economy in which commerce and industry took their place alongside agriculture. In his story, the author weaves together political and military events with social, economic, and cultural history. Howe examines the rise of Andrew Jackson and his Democratic party, but contends that John Quincy Adams and other Whigs--advocates of public education and economic integration, defenders of the rights of Indians, women, and African-Americans--were the true prophets of America's future. In addition, Howe reveals the power of religion to shape many aspects of American life during this period, including slavery and antislavery, women's rights and other reform movements, politics, education, and literature. Howe's story of American expansion culminates in the bitterly controversial but brilliantly executed war waged against Mexico to gain California and Texas for the United States. Winner of the New-York Historical Society

American History Book Prize Finalist, 2007 National Book Critics Circle Award for Nonfiction The Oxford History of the United States The Oxford History of the United States is the most respected multi-volume history of our nation. The series includes three Pulitzer Prize winners, a New York Times bestseller, and winners of the Bancroft and Parkman Prizes. The Atlantic Monthly has praised it as the most distinguished series in American historical scholarship, a series that synthesizes a generation's worth of historical inquiry and knowledge into one literally state-of-the-art book. Conceived under the general editorship of C. Vann Woodward and Richard Hofstadter, and now under the editorship of David M. Kennedy, this renowned series blends social, political, economic, cultural, diplomatic, and military history into coherent and vividly written narrative.

**Empire of Liberty: A History of the Early Republic, 1789-1815** Gordon S. Wood, 2009-10-28 The Oxford History of the United States is by far the most respected multi-volume history of our nation. The series includes three Pulitzer Prize winners, two New York Times bestsellers, and winners of the Bancroft and Parkman Prizes. Now, in the newest volume in the series, one of America's most esteemed historians, Gordon S. Wood, offers a brilliant account of the early American Republic, ranging from 1789 and the beginning of the national government to the end of the War of 1812. As Wood reveals, the period was marked by tumultuous change in all aspects of American life—in politics, society, economy, and culture. The men who founded the new government had high hopes for the future, but few of their hopes and dreams worked out quite as they expected. They hated political parties but parties nonetheless emerged. Some wanted the United States to become a great fiscal-military state like those of Britain and France; others wanted the country to remain a rural agricultural state very different from the European states. Instead, by 1815 the United States became something neither group anticipated. Many leaders expected American culture to flourish and surpass that of Europe; instead it became popularized and vulgarized. The leaders also hope to see the end of slavery; instead, despite the release of many slaves and the end of slavery in the North, slavery was stronger in 1815 than it had been in 1789. Many wanted to avoid entanglements with Europe, but instead the country became involved in Europe's wars and ended up waging another war with the former mother country. Still, with a new generation emerging by 1815, most Americans were confident and optimistic about the future of their country. Named a New York Times Notable Book, *Empire of Liberty* offers a marvelous account of this pivotal era when America took its first unsteady steps as a new and rapidly expanding nation.

**What Hath God Wrought** Daniel Walker Howe, 2007-10-29 A panoramic history of the United States ranges from the 1815 Battle of New Orleans to the end of the Mexican-American War, interweaving political and military events with social, economic, and cultural history.

The Republic for Which It Stands Richard White,2019-09 The Oxford History of the United States is the most respected multivolume history of the American nation. In the newest volume in the series, The Republic for Which It Stands, acclaimed historian Richard White offers a fresh and integrated interpretation of Reconstruction and the Gilded Age as the seedbed of modern America. At the end of the Civil War the leaders and citizens of the victorious North envisioned the country's future as a free-labor republic, with a homogenous citizenry, both black and white. The South and West were to be reconstructed in the image of the North. Thirty years later Americans occupied an unimagined world. The unity that the Civil War supposedly secured had proved ephemeral. The country was larger, richer, and more extensive, but also more diverse. Life spans were shorter, and physical well-being had diminished, due to disease and hazardous working conditions. Independent producers had become wage earners. The country was Catholic and Jewish as well as Protestant, and increasingly urban and industrial. The dangerous classes of the very rich and poor expanded, and deep differences -- ethnic, racial, religious, economic, and political -- divided society. The corruption that gave the Gilded Age its name was pervasive. These challenges also brought vigorous efforts to secure economic, moral, and cultural reforms. Real change -- technological, cultural, and political -- proliferated from below more than emerging from political leadership. Americans, mining their own traditions and borrowing ideas, produced creative possibilities for overcoming the crises that threatened their country. In a work as dramatic and colorful as the era it covers, White narrates the conflicts and paradoxes of these decades of disorienting change and mounting unrest, out of which emerged a modern nation whose characteristics resonate with the present day.

States full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of The Oxford History Of The United States eBooks, including some popular titles.

### **FAQs About The Oxford History Of The United States Books**

**What is a The Oxford History Of The United States PDF?** A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a The Oxford History Of The United States PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows

you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a The Oxford History Of The United States PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a The Oxford History Of The United States PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a The Oxford History Of The United States PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to

set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, I LovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal

depending on the circumstances and local laws.
