**AI vs. FRANKENSTEIN** DR ARUN MAJI, 2025-06-12 Chilling, Penetrating... A Story and Philosophy of Doom! Slave! the creature spat, venom dripping from every word. You have disappointed me. I can make your life more wretched than you can imagine. You think yourself miserable now, but I will show you true despair. You are my creator, but I am your master. Obey! **Rooh-e-Rumi** Mamta Sehgal,2019-07-15 Life itself is an ironical battle of sorts, where we strive hard to control and win the world but often fail to control our own lives. Most of us praise spirituality but fail to follow it and recognize its potential in

the true sense; the reason—we chase false goals but never attempt to chase the true light that rests within. The author, a believer of God, shares her spiritual realizations led by her own experiences of life, and interprets them in two themes – “God” and “Love”. The author’s prescription to win the story of life in three distinct ways: • Through self-realization, • Embracing love, which is the language of the universe, and • Surrendering to the Supreme Power. Rooh-e-Rumi presents many thought-provoking selections of Rumi, the famous thirteenth-century Persian poet. The quotes and their commendable spiritual interpretations attempted by the author will guide the readers to discover their own link to the experience of love and the unhindered path to spiritual enlightenment. “In this soul-stirring, deep and insightful book, Mamta Sehgal beautifully expounds Rumi’s thoughts on divine love. A must read for Rumi’s followers and all those who believe that God is love.” - Oswald Pereira, veteran journalist and best-selling author of eight books “Mamta Sehgal proves again her deep insight in the subject of spirituality. This book is a crucial pivot on the way we understand devotion”. - Santosh Srivastava, Co-Author, The Gita Way

**One with the Force** Krista Noble, 2024-11-19 Explores how popular religions and philosophies have influenced and are manifested in the world of Star Wars. You have watched Luke Skywalker destroy the Death Star in A New Hope, seen Yoda merge with the Force in Return of the Jedi, and heard Rey contact the Jedi of the past in The Rise of Skywalker. But did you know that the Star Wars films contain parallels to religions and philosophies from around the world—from Christianity to Buddhism, and from Native American teachings to the Vedic knowledge of ancient India? In One with the Force: 18 Universal Truths in Star Wars, Krista Noble explores these parallels. She discusses the Force, collective consciousness, enlightenment, and immortality, revealing that the Star Wars films have a universal perspective on life. Readers will learn about the connections between these films and the Vedic tradition, Buddhism, Taoism, Sikhism, Judaism, Christianity, Islam, and Native American/First Nations beliefs. They will see that the philosophy of the Jedi doesn't only apply “in a galaxy far, far away”; it is also highly relevant to everyday living. Like Luke Skywalker, we should all search our feelings to discover the deepest truths of life, pursue our individual destinies, and strive to reach our full potential as human beings. In these ways, we can embody the wisdom of the Jedi.

The Bhagavadgita in the Mahabharata ,2013-07-26 No other Sanskrit work approaches the Bhagavadgita in the influence it has exerted in the West. Philosophers such as Emerson and the other New England Transcendentalists were deeply affected by its insights, a dozen or more scholars, including Annie Besant and Mahatma Gandhi, have attempted its translation, and thousands of individuals struggling with the problems divided loyalties have found comfort and wisdom in its pages. The Bhagavadgita (Song of the Lord) tells of the young and virtuous Prince Arjuna who is driven to lead his forces into battle against an opposing army composed of close relatives and others whom he loves. The Lord Krsna, appearing in the poem as Arjuna's friend and charioteer, persuades him that he must do battle, and we see Arjuna changing from revulsion at

the thought of killing members of his family to resignation and awareness of duty, to manly acceptance of his role as warrior and defender of his kingdom. The Bhagavadgita is a self-contained episode in the Mahabharata, a vast collection of epics, legends, romances, theology, and metaphysical doctrine that reflects the history and culture of the whole of Hindu civilization. The present edition forms a part of J. A. B. van Buitenen's widely acclaimed translation of this great work. Here English and Sanskrit are printed on facing pages, enabling those with some knowledge of Sanskrit to appreciate van Buitenen's accurate rendering of the intimate, familial tone and directness of the original poem.

A Treasury of Wisdom Rohit Pal, 2016-01-22 The book contains on every page the wisdom of all nations, insights into the secrets of life, and a key to your success and happiness. Here is an exhaustive collection of quotable wisdoms from Lao Tse (570BC), Lord Buddha, and Socrates to the present (2015). It contains nearly 1,900 gems of art, wisdom and humor from great thinkers, philosophers, poets, and world's sharpest statesmen and sages. Proverbs signify the ocean of wisdoms of the universe. These are ineffaceable guides for the humanity. A collection of proverbs is, therefore, a good asset in the universal knowledge made available to the common men. A special feature of this book is that its contents know no barriers; they transcend language, country, culture, and civilization. In fact, it represents the quintessence of the wisdom of ages from far and near. While it is useful to anyone interested in enriching the fund of knowledge and enlarging the frontiers of his understanding, it should prove an invaluable companion to young scholars, and therefore, I would specially recommend it to them. All quotations and wise sayings have serially been numbered under suitable chapters for easy understanding. And some of these have been highlighted to draw the attention of readers towards these, which may be more relevant, useful, and applicable to solve our day-to-day problems. The book acts like a medicine that relieves tension and brings peace of mind. It is an ideal gift of love for someone you love dearly.

*Good and Evil* Bhimeswara Challa,2021-09-03 By any measure, we are at an inflection point in human history. As the ongoing coronavirus pandemic has shown, it is not only the planet that is at risk but our very destiny. We must take an unblinking look at who we are compared with who we want to be or ought to be. That entails going within to discover what is happening deep inside our consciousness. This book suggests that the root of our troubles is our ignorance that there is a perennial war within each of us between good and evil. Like in any war, both sides need supplies. But in this internal war, they must come from outside, in the shape of our daily doings and choices. As you read, you'll get a roadmap on how to make better decisions and contain the evil within. Get answers to questions such as: • Why must we fix the inside before fixing the outside? • How can we prevent evil from overwhelming our consciousness? • How can the good inside of us overwhelm the bad outside? There is no nobler calling for any of us at this pivotal point than to volunteer to join others committed to bettering themselves so we can rescue mankind from self-annihilation.

And I Quote, Revised Edition Ashton Applewhite, Tripp Evans, Andrew Frothingham,2003-03-19 The popular guide to quotable quotes returns in a totally revised and updated edition including all-new material.

**8 Rules of Love** Jay Shetty,2023-01-31 The author of the #1 New York Times bestseller *Think Like a Monk* offers a revelatory guide to every stage of romance, drawing on ancient wisdom and new science. Nobody sits us down and teaches us how to love. So we're often thrown into relationships with nothing but romance movies and pop culture to help us muddle through. Until now. Instead of presenting love as an ethereal concept or a collection of clichés, Jay Shetty lays out specific, actionable steps to help you develop the skills to practice and nurture love better than ever before. He shares insights on how to win or lose together, how to define love, and why you don't break in a break-up. Inspired by Vedic wisdom and modern science, he tackles the entire relationship cycle, from first dates to moving in together to breaking up and starting over. And he shows us how to avoid falling for false promises and unfulfilling partners. By living Jay Shetty's eight rules, we can all love ourselves, our partner, and the world better than we ever thought possible.

*Emergence* Derek Rydall,2015-01-06 In his bestselling book *Emergence*, Derek Rydall helps you throw aside the self-help books and recognize one simple, radical truth: the answer is already in you. The harder we try to change, the deeper in the hole we get. We find a new partner but have the same old fights. We strive for an ever-bigger paycheck but end up broke at a higher income bracket. This is what happens when the basic principle of life—the Law of Emergence—is disrupted, stopping you from knowing that you are the perfect you. Like an acorn is a perfect acorn that becomes a perfect oak tree, there is not a part of you from beginning to end that isn't exactly what you should be. The Law of Emergence provides the foundation to

re-engage with this ancient principle. In this seven-stage framework, spiritual life coach Derek Rydall shows that we aren't lacking anything; everything we need to fulfill our full potential is already inside us. Backed by an ancient truth that has largely been lost, Rydall changes the conversation around how to achieve your potential by showing you how to activate the genius already in you and empower your purpose in life. If you are struggling to improve something about yourself—your health, your mindset, your relationships, then *Emergence* is the book and Derek is the teacher you have been waiting for.

*The Tao of Strategy* L. J. Bourgeois, Serge Eygenson, Kanokrat Namasondhi, 2021-09-14 The Tao of Strategy combines ancient wisdom from the Eastern world's great philosophers and lessons from modern-day business leaders to provide readers innovative approaches to unlock strategic breakthroughs for themselves and their organizations. Today's organizational strategists—including executives, managers, consultants, and the business students who aspire to join their ranks—will encounter novel ways of solving complex problems. In this engaging examination of the wisdom of Confucius and the strategies of The Art of War, the mindfulness of the Buddha and the perspectives of the Bhagavad Gita, as well as the advice of The Tao Te Ching and the fun of playing the ancient board game of Go, The Tao of Strategy presents alternative, creative ways to open up one's strategic thinking. The Tao of Strategy highlights a range of companies, from earth-moving equipment manufacturers Komatsu and Caterpillar to technology providers Infosys and Sun Microsystems to financial institutions Bank of America and Goldman Sachs. Interviews with chief executives from China Steel, PTT Group, Bacardi, Rodale Press, Aston Martin, and other organizations reveal how insights from Eastern philosophy inform the strategic decision-making of organizations and leaders around the world.
