

Judy Chicago Red Flag

Alexandra Kokoli, Deborah Cherry

The Curse Janice Delaney, Mary Jane Lupton, Emily Toth, 1988 In its hard headed, richly documented concreteness, it is worth a thousand polemics. -- New York Times, from a review of the first edition The Curse deserves a place in every women's studies library collection. -- Sharon Golub, editor of *Lifting the curse of Menstruation* A stimulating and useful book, both for the scholarly and the general reader. -- Paula A. Treichler, co-author of *A Feminist Dictionary*

The Explicit Body in Performance Rebecca Schneider, 2013-06-17 An in-depth and accessible study of the controversial and often shocking issues which surround the use of the female body in performance art.

The Flowering: The Autobiography of Judy Chicago Judy Chicago, 2021-07-20 In this provocative and resonant autobiography, world-renowned artist and feminist icon Judy Chicago reflects on her extraordinary life and career. Judy Chicago is America's most dynamic living artist. Her works comprise a dizzying array of media from performance and installation to the glittering table laid for thirty-nine iconic women in *The Dinner Party* (now permanently housed at the Brooklyn Museum), the groundbreaking *Birth Project*, and the meticulously researched *Holocaust Project*. She designed the monumental installation for Dior's 2020 Paris couture show and, in 2019, established the Judy Chicago Portal, which will help to accomplish her lifelong goal of overcoming the erasure that has eclipsed the achievements of so many women. *The Flowering* is her vivid and revealing autobiography, fully illustrated with photographs of her work, as well as never-before-published personal images and a foreword by Gloria Steinem. Chicago has revised and updated her earlier, classic works with previously untold stories, fresh insights, and an extensive afterword covering the last twenty years. This powerful narrative weaves together the stories behind some of Chicago's most significant artworks and her journey as a woman artist with the chronicles of her personal relationships and her understanding, from decades of experience and extensive research, of how misogyny, racism, and other prejudices intersect to erase the legacies of artists who are not white and male while dismissing the suffering of millions of creatures who share the planet. With the first career retrospective of her work forthcoming at the de Young Museum in 2021, Chicago reinforces her message of resilience for a new generation of artists and activists. *The Flowering* is an essential read for anyone interested in making change.

Becoming Judy Chicago Gail Levin, 2018-10-16 Born to Jewish radical parents in Chicago in 1939, Judy Cohen grew up to be Judy Chicago—one of the most daring and controversial artists of her generation. Her works, once disparaged and

misunderstood by the critics, have become icons of the feminist movement, earning her a place among the most influential artists of her time. In *Becoming Judy Chicago*, Gail Levin gives us a biography of uncommon intimacy and depth, revealing the artist as a person and a woman of extraordinary energy and purpose. Drawing upon Chicago's personal letters and diaries, her published and unpublished writings, and more than 250 interviews with her friends, family, admirers, and critics, Levin presents a richly detailed and moving chronicle of the artist's unique journey from obscurity to fame, including the story of how she found her audience outside of the art establishment. Chicago revolutionized the way we view art made by and for women and fundamentally changed our understanding of women's contributions to art and to society. Influential and bold, *The Dinner Party* has become a cultural monument. *Becoming Judy Chicago* tells the story of a great artist, a leader of the women's movement, a tireless crusader for equal rights, and a complicated, vital woman who dared to express her own sexuality in her art and demand recognition from a male-dominated culture.

New Blood Chris Bobel, 2010 Chris Bobel is a careful ethnographer, respectful of research participants, and while she clearly takes a stand on menstrual activism, she handily defends her proposition that feminism is 'finding its balance between reliving its past and creating its future.' Bobel's work, which includes incisive analysis of how third-wave, activists incorporate and update tactics and strategies of the second wave, will be a welcome addition to the scholarship of feminism. Elizabeth Kissling, author of *Capitalizing on the Curse: The Business of Menstruation* --

Artists and Their Autobiographies from Today to the Renaissance and Back Charles Reeve, 2022-11-25 Reading life writing that runs from Tracey Emin, Faith Ringgold and Judy Chicago to Marie Bashkirtseff, Benvenuto Cellini and beyond, *Artists and Their Autobiographies from Today to the Renaissance and Back* investigates the intriguing doubled truths of artists' autobiographies: truth in life and truth in art; authorial truth/s and the truth of their art as they saw it. However, this book focuses specifically on the truth of sincerity, which here—following classic discussions by Reindert Dhondt, Philippe Lejeune and Lionel Trilling—appears as a truth to self that floats free from facts to link avowal and feeling. From there, this volume merges autobiography studies with a history of ideas approach to art to trace sincerity's constancy and variability across times and cultures. Through this pre-disciplinary dialogue, this book shows that recent and historical artists' autobiographies differ in how, not if, they intertwine sincerity in life and art. Along the way, this volume leverages the foregrounding of sincerity caused by this doubling to explore such key issues of autobiography studies as autobiography's relation to fiction, serial autobiography, as-told-to narrative and what happens when liars claim to tell all.

Art and Obscenity Kerstin Mey, 2006-11-22 Explicit material is more widely available in the internet age than ever before, yet the concept of 'obscenity' remains as difficult to pin down as it is to approach without bias: notions of what is 'obscene' shift with societies' shifting mores, and our responses to explicit or disturbing material can be highly subjective. In this intelligent and sensitive book, Kerstin Mey grapples with the work of twentieth-century artists practising at the edges of

acceptability, from Hans Bellmer through to Nobuyoshi Araki, from Robert Mapplethorpe to Annie Sprinkle, and from Hermann Nitsch to Paul McCarthy. Mey refuses sweeping statements and 'knee-jerk' responses, arguing with dexterity that some works, regardless of their 'high art' context, remain deeply problematic, whilst others are both groundbreaking and liberating.

Entering the Picture Jill Fields, 2012-02-27 In 1970, Judy Chicago and fifteen students founded the groundbreaking Feminist Art Program (FAP) at Fresno State. Drawing upon the consciousness-raising techniques of the women's liberation movement, they created shocking new art forms depicting female experiences. Collaborative work and performance art – including the famous Cunt Cheerleaders – were program hallmarks. Moving to Los Angeles, the FAP produced the first major feminist art installation, *Womanhouse* (1972). Augmented by thirty-seven illustrations and color plates, this interdisciplinary collection of essays by artists and scholars, many of whom were eye witnesses to landmark events, relates how feminists produced vibrant bodies of art in Fresno and other locales where similar collaborations flourished. Articles on topics such as African American artists in New York and Los Angeles, San Francisco's Las Mujeres Muralistas and Asian American Women Artists Association, and exhibitions in Taiwan and Italy showcase the artistic trajectories that destabilized traditional theories and practices and reshaped the art world. An engaging editor's introduction explains how feminist art emerged within the powerful women's movement that transformed America. *Entering the Picture* is an exciting collection about the provocative contributions of feminists to American art.

Gendered Tal Dekel, 2014-08-11 Feminist art and theoretical aspects of feminism are linked via a unique and reciprocal bond whose influence extends far beyond their own bounds into the social, cultural, political and economic realms, as well as into the personal lives of women and men alike. This linkage was forged in different places around the world in the 1960s and 1970s. It was especially influential in the United States, during a decade which witnessed the emergence and growth of the Women's Liberation, Civil Rights, LGBT, and hippie movements and the protest against the Vietnam War. In response to these events, large numbers of women artists joined the ranks of contemporary political-feminist activists, their art directly reflecting the concerns of feminist theory and practice. This volume adopts an interdisciplinary approach through which it compares American feminist art and artists with their European counterparts. In order to elucidate the geographical divide, this book takes as a test case the work of Mary Kelly who, while born in the USA, produced much of her work while living in Britain and under the influence of European thought. Challenging traditional disciplinary boundaries, it moves beyond an art-history survey to discuss the artistic field in relation to feminist theory and politics, revealing the continuing relevance of both areas for the contemporary reader. While concentrating upon the second wave of feminism in Europe and the USA, it also addresses aspects of the third wave and the current state of the feminist movement, particularly in respect to the Israeli art scene.

Nevertheless, They Persisted Jo Reger, 2018-11-02 2017 opened with a new presidency in the United States sparking women's marches across the globe. One thing was clear: feminism and feminist causes are not dead or in decline in the United States. Needed then are studies that capture the complexity of U.S. feminism. *Nevertheless, They Persisted* is an edited collection composed of empirical studies of the U.S. women's movement, pushing the feminist dialogue beyond literary analysis and personal reflection by using sociological and historical data. This new collection features discussions of digital and social media, gender identity, the reinvigorated anti-rape climate, while focusing on issues of diversity, inclusion, and unacknowledged privilege in the movement.

Contemporary Transnational Feminist Visual Activism and Gender-Based Violence Basia Sliwinska, 2025-09-30 This book illuminates arts activist interventions that raise consciousness and advocacy for women's right to a life free from violence. In a context where Gender-Based Violence (GBV) has continued to intensify across the globe, the international range of essays focus on violations of bodily integrity and autonomy, reproductive, domestic and sexual violence, femicide and feminicide. Comparing and interrogating arts activist strategies and visual methods, the book also explores tactics employed by arts activists attentive to effects and lived experiences of GBV, and imagining potential solutions founded in feminist thinking to change behaviours and raise awareness generating systemic change. The case studies of feminist transnational contemporary arts activism include examples from Austria, Brazil, Canada, Ghana, Guatemala, Hong Kong, Mexico and the United States. Arts engaged with include textile work, crafts-making, performance art, clay work, protest art, and documentary art, indicating the breadth and richness of the work of feminist political artists. At a time when, according to the UN Women's estimates, almost one in three women have been subjected to violence, it is critical to understand how feminist politics catalyses social, cultural and political changes. This book will be of interest to scholars working in art history, women's studies, gender studies, and visual culture.

Subversive Strategies in Contemporary Chinese Art Mary Wiseman, Liu Yuedi, 2011-03-21 What is art and what is its role in a China that is changing at a dizzying speed? These questions lie at the heart of Chinese contemporary art. *Subversive Strategies* paves the way for the rebirth of a Chinese aesthetics adequate to the art whose sheer energy and imaginative power is subverting the ideas through which western and Chinese critics think about art. The first collection of essays by American and Chinese philosophers and art historians, *Subversive Strategies* begins by showing how the art reflects current crises and is working them out through bodies gendered and political. The essays raise the question of Chinese identity in a global world and note a blurring of the boundary between art and everyday life.

Comics, Activism, Feminisms Anna Nordenstam, Kristy Beers Fägersten, Margareta Wallin Wictorin, 2024-09-30

Comics, Activism, Feminisms explores from both historical and contemporary perspectives how comic art, activism, and feminisms are intertwined, and how comic art itself can be a form of activism. Feminist comic art emerged with the second-wave feminist movements. Today, there are comics connected to social activist movements working for change in a variety of areas. Comics artists often respond quickly to political events, making comics on topical issues that take a critical or satirical stance and highlighting the need for change. Comic art can point to problems, present alternatives, and give hope. Comics artists from all parts of the world engage issues pertaining to feminisms and LGBTQIA+ issues, war and political conflict, climate crisis, the global migrant and refugee situation, and other societal problems. The chapters of this anthology illuminate the aesthetic and thematic aspects of comics, activism, and feminisms globally. Particular attention is given to the work of comics collectives, where Do-it-Ourselves is a strategy among activism-oriented artists, which use a great variety of media, such as fanzines, albums, webcomics, and exhibitions to communicate and disseminate activist comic art. Comics, Activism, Feminisms is an essential anthology for scholars and students of comics studies, literary studies, art history, media studies, and gender studies.

Routledge Handbook of Health and Media Lester D. Friedman, Therese Jones, 2022-08-30 The Routledge Handbook of Health and Media provides an extensive review and exploration of the myriad ways that health and media function as a symbiotic partnership that profoundly influences contemporary societies. A unique and significant volume in an expanding pedagogical field, this diverse collection of international, original, and interdisciplinary essays goes beyond issues of representation to engage in scholarly conversations about the web of networks that inextricably bind media and health to each other. Divided into sections on film, television, animation, photography, comics, advertising, social media, and print journalism, each chapter begins with a concrete text or texts, using it to raise more general and more theoretical issues about the medium in question. As such, this Handbook defines, expands, and illuminates the role that the humanities and arts play in the education and practice of healthcare professionals and in our understanding of health, illness, and disability. The Routledge Handbook of Health and Media is an invaluable reference for academics, students and health professionals engaged with cultural issues in media and medicine, popular representations of disease and disability, and the patient/professional health care encounter.

Chelsea Matinee - Memoirs of an Easy Woman B.K. Smith, 2014-07-03 For our first special date, I chose a dress that would be special. The texture was crisp but not solid as taffeta or poplin; it was capable of floating. It was fine cotton; unusual for an evening dress, but the color was graphite, with a slight flair, like lakes in soft pencil on cartridge paper. The top was fitted to my narrow frame, not too low, but with unfussy chemise shoulders. The waist was slightly dropped so that my long torso was straight like a pencil—from there, the skirt, cut on a bias, flowed and floated over stiff netting. On the

shoulder I had pinned my mother's gold brooch, a rose. On one of its petals shone a diamond dewdrop. It was seven o'clock. Then eight o'clock. Then nine. I waited. I hardly knew him and already he was late; probably already bored with me—they all get bored eventually. I knew why. It was vanity. I didn't feel attractive or alluring or desired. I quickly dismissed any notion of giving him a piece of my mind. I pulled up my skirt and undid my garters and carefully rolled down my sheer black silk stockings. I folded the stockings up together and put them on the table next to a vase of gladioli. After that, I painted my toenails Polynesian Pink to match my fingernails. I wiggled my toes while I waited for my toenails to dry, and then I unfolded the stockings and rolled them back up my legs. When I had done up my garters I put on my shoes—all done—and I waited some more. I was just another woman at his disposal, which made me disposable. The fact that I aspired to be a great painter meant nothing to him. What happens when you fall in love with a man with no conscience? When you have been seduced and abandoned and left for dead? How do you reconcile your life, your truth, your fiction, and your memories? You spend the better part of your life trying to forget, and then you remember it one last time. You write the story from a safe distance of more than thirty years. You write it from memory where the true essence of the affair resides, and you release it into the cosmos finally, forever... May he rest in pieces.

An Intimate Distance Rosemary Betterton, 2013-10-18 An Intimate Distance considers a wide range of visual images of women in the context of current debates which centre around the body, including reproductive science, questions of ageing and death and the concept of 'body horror' in relation to food, consumption and sex. A feminist reclamation of these images suggests how the permeable boundaries between the female body and technology, nature and culture are being crossed in the work of women artists.

The Giallo Canvas Alexandra Heller-Nicholas, 2021-01-22 Beloved among cult horror devotees for its signature excesses of sex and violence, Italian giallo cinema is marked by switchblades, mysterious killers, whisky bottles and poetically overinflated titles. A growing field of English-language giallo studies has focused on aspects of production, distribution and reception. This volume explores an overlooked yet prevalent element in some of the best known gialli—an obsession with art and artists in creative production, with a particular focus on painting. The author explores the appearance and significance of art objects across the masterworks of such filmmakers as Dario Argento, Lucio Fulci, Sergio Martino, Umberto Lenzi, Michele Soavi, Mario Bava and his son Lamberto.

Art into Life Alexandra Kokoli, Deborah Cherry, 2020-05-14 Tracey Emin has undergone an extraordinary metamorphosis from a young, unknown artist into the 'bad girl' of the Young British Art (yBA) movement, challenging the complacency of the art establishment in both her work and her life. Today she is arguably the doyenne of the British art scene and attracts more acclaim than controversy. Her work is known by a wide audience, yet rarely receives the critical attention it deserves. In *Art Into Life: Essays on Tracey Emin* writers from a range of art historical, artistic and curatorial perspectives examine how

Emin's art, life and celebrity status have become inextricably intertwined. This innovative collection explores Emin's intersectional identity, including her Turkish-Cypriot heritage, ageing and sexuality, reflects on her early years as an artist, and debates issues of autobiography, self-presentation and performativity alongside the multi-media exchanges of her work and the tensions between art and craft. With its discussions of the central themes of Emin's art, attention to key works such as *My Bed*, and accessible theorization of her creative practice, *Art into Life* will interest a broad readership.
