Camp So-and-So Mary McCoy, 2017-03-01 The letters went out in mid-February. Each letter invited its recipient to spend a week at Camp So-and-So, a lakeside retreat for girls nestled high in the Starveling Mountains. Each letter came with a glossy brochure with photographs of young women climbing rocks, performing Shakespearean theatre under the stars, and spiking volleyballs. Each letter was signed in ink by the famed and reclusive businessman and philanthropist, Inge F. Yancey IV. By the end of the month, twenty-five applications had been completed, signed, and mailed to a post office box in an obscure Appalachian town. Had any of these girls tried to follow the directions in the brochure and visit the camp for themselves on that day in February, they would have discovered that there was no such town and no such mountain and that no one within a fifty-mile radius had ever heard of Camp So-and-So. The DNA of this singular book winds strands of M. C. Escher, Joss Whedon, and Heathers—Mary McCoy has created something wonderful, wild, and weird. Don't miss it.—Martha Brockenbrough, author of The Game of Love and Death

The Griffith Project, Volume 1 Paolo Cherchi Usai, 2019-07-25 No other silent film director has been so extensively studied as D. W. Griffith. However, only a small group of his more than 500 films has been the subject of a systematic analysis and the vast majority of his other works still awaits proper examination. For the first time in film studies, the complete creative output of Griffith - from 'Professional Jealousy' (1907) to 'The Struggle' (1931) - will be explored in this multi-volume collection of contributions from an international team of leading scholars in the field.

Jason Stone (Book 1) the Powers That Be Daniel E Ouellette, 2012-02-02 When Jason Stone first looked in the safe deposit box, he had no idea what the three items meant. He had no idea why he was chosen, and he had no idea what was in store for him next. He couldn't rely on his parents, they've been dead for over five years. Would his foster parents be there

for him, or would he be on his own again? His boring life as a freshman in high school was about to change. The question he had was would it be for the better or for the worse? Once his summer was over he would know who stood with him and who stood against him. Being fifteen is hard enough, throw in uncertainty, insecurity, and confusion and there is no telling who is going to come out the winner.

Suspense Peter Vorderer,Hans Jurgen Wulff,Mike Friedrichsen,2013-12-16 This volume begins with the general assumption that suspense is a major criterion for both an audience's selection and evaluation of entertaining media offerings. This assumption is supported not only by the popularity of suspenseful narratives, but also by the reasons users give for their actual choice of media contents. Despite this, there is no satisfying theory to describe and explain what suspense actually is, how exactly it is caused by films or books, and what kind of effect it has on audiences. This book's main objective is to provide that theory by bringing together scholars from different disciplines who are working on the issue. The editors' goal is to reflect the state of the art as much as it is to highlight and encourage further developments in this area. There are two ways of approaching the problem of describing and explaining suspense: an analysis of suspenseful texts or the reception process. Researchers who follow the more text-oriented approach identify the uncertainty of the narrative outcome, the threat or danger for the protagonist, the play with time delay, or other factors as important and necessary for the production of suspense. The more reception-oriented scholar focuses on the cognitive activities of audiences, readers' expectations, the

curiosity of onlookers, their emotions, and their relationships with the protagonists. A correspondence between the two seems to be quite difficult, though necessary to determine. Both perspectives are important in order to describe and explain suspense. Thus, the editors utilize the thesis that suspense is an activity of the audience (reader, onlooker, etc.) that is related to specific features and characteristics of the text (books, films, etc.). Their question is: What kind of relation? The answer comes from finding out how, why, and which elements of the text cause effects that are experienced as suspense. Scholars from semiotics, literary criticism, cultural studies, and film theory assess the problem from a text-oriented point of view, dealing primarily with the how and which. Other scholars present the psychological perspective by focusing on the cognitive and emotional processes that underlie viewers' experience of suspense; that is, the reception theory tries to answer the question of why suspenseful texts may be experienced as they are.

Great North American Stage Directors Volume 1 Cheryl Black,2024-01-25 This volume assesses the contributions of David Belasco, Arthur Hopkins, and Margaret Webster, whose careers shaped the artistic and specialist identity of the Broadway director. Their work spans almost a century and captures the rapidly changing social and cultural landscape of 20th-century America. While their aesthetic styles differed greatly, they were united in their mastery of theatre craft and their impact on theatrical collaboration. The essays in this volume explore how these directors established and exploited Broadway as the epicentre of theatre in the United States, blended the role of producer and director, and managed the tensions between commercial success and artistic ambition. The Great North American Stage Directors series provides an authoritative account of the art of directing in North America by examining the work of twenty-four major practitioners from the late 19th century to the present. Each of the eight volumes examines three directors and offers an overview of their practices, theoretical ideas, and contributions to modern theatre. The studies chart the life and work of each director, placing his or her achievement in the context of other important theatre practitioners and broader social history. Written by a team of leading experts, the series presents the genealogy of directing in North America while simultaneously chronicling crucial trends and championing contemporary interpretation.

Degrees of Freedom William D. Green, 2015-05-01 The true story, and the black citizens, behind the evolution of racial equality in Minnesota He had just given a rousing speech to a packed assembly in St. Paul, but Frederick Douglass, confidant to the Great Emancipator and conscience of the Republican Party, was denied a hotel room because he was black. This was Minnesota in 1873, four years after the state had approved black suffrage—a state where “freedom” meant being unshackled from slavery but not social restrictions, where “equality” meant access to the ballot but not to a restaurant downtown. Spanning the half-century after the Civil War, Degrees of Freedom draws a rare picture of black experience in a northern state and of the nature of black discontent and action within a predominantly white, ostensibly progressive society. William D. Green reveals little-known historical characters among the black men and women who moved to Minnesota following the Fifteenth Amendment; worked as farmhands and laborers; built communities (such as Pig’s Eye Landing, later renamed St. Paul), businesses, and a newspaper (the Western Appeal); and embodied the slow but inexorable advancement of race relations in the state over time. Within this absorbing, often surprising, narrative we meet “ordinary” citizens, like former

slave and early settler Jim Thompson and black barbers catering to a white clientele, but also personages of national stature, such as Frederick Douglass, Booker T. Washington, and W. E. B. Du Bois, all of whom championed civil rights in Minnesota. And we see how, in a state where racial prejudice and oppression wore a liberal mask, black settlers and entrepreneurs, politicians, and activists maneuvered within a restricted political arena to bring about real and lasting change.
