**Rolando Antonio Pérez Fernández**

HISTORIA DE LA MÚSICA NORTEÑA MEXICANA Luis Díaz-Santana Garza, 2016-09-12 El presente trabajo analiza el origen, evolución y difusión de la música del conjunto norteño, representante histórico de una identidad local, que se transforma en una identidad del noreste, para luego dar paso al norte de México, y más tarde ser asimilada nacional e internacionalmente. Esta visión de largo aliento en torno al conjunto y las formas musicales que emplea, como la polca, el corrido, la canción y el bolero, así como sus transformaciones y aportaciones a otras culturas sonoras, es analizado en términos de cómo puede articular significados, organizar nuestro sentido del tiempo y la memoria, y contribuir a la construcción social de las identidades individuales en la frontera. La música popular puede proporcionar un sistema para la presentación y la negociación pública de la identidad, así como para construir fuentes de poder y significado alternativas. A pesar de no haber sido impulsada directamente por ninguno de los dos estados-nación donde prolifera, la música regional de acordeón y bajo sexto es uno de los principales referentes de la identidad mexicana y chicana desde mediados del siglo XX, desplazando hoy incluso al mariachi, gracias a que los migrantes mexicanos reclamaban su música, mientras que al sur, el poder económico del noreste del país ha tratado de imponer una hegemonía cultural y económica por medio de los sonidos armónicos. Sin duda el trabajo de Luis Diaz Santana es de las contribuciones que la etnomusicología mexicana ha esperado por mucho tiempo y que tiene que ver con las músicas urbanas. El autor ofrece importantes avances en la investigación histórica sobre aspectos fundamentales como la identidad en un ámbito fronterizo, migración, cultura y cultura popular, música popular mexicana, industrias norteñas como factor de cambio sociocultural, los músicos y sus conjuntos como actores de la gestación de una nueva tradición". Dr. Arturo Chamorro Escalante, UDG. Bajo un enfoque multidisciplinario —que combina la nueva historia cultural, el análisis musicológico y los estudios de música popular, con aportes de la sociología y antropología— Luis Díaz Santana ofrece una perspectiva binacional de las condiciones históricas que generan el surgimiento de esta música y que, al menos en parte, ayudan a explicar el fenómeno de la norteñización cultural que vive actualmente el país. Es destacable el rigor en la selección de las fuentes: orales, impresas, grabadas, así como la claridad y solidez de los argumentos con que las discute para construir historia de las representaciones alrededor de estas culturas musicales. Dr. José Juan Olvera Gudiño, CIESAS Noreste.

**Between Norteño and Tejano Conjunto** Luis Díaz-Santana Garza,2021-06-11 Between Norteño and Tejano Conjunto analyzes the origin, evolution, and dissemination of the norteño and tejano conjunto. This group represents a marginalized local identity that was transformed primarily into an identity of the northeast. It then gave way to the whole of northern México and the American Southwest, and was later assimilated internationally as a mainstream genre. This book provides a long-term historic vision of conjunto and the various musical forms it uses, such as polka, corrido, or canción (song), and, more recently, bolero and cumbia, as well as its transformations and contributions to other musical cultures.

**Historia de México moderna y contemporánea** Alicia Izaguirre Castro,2024-10-08 En este libro se describe el trayecto de un pueblo a través de 30 siglos de historia. Nación que combina el linaje de los imperios milenarios de América prehispánica junto con el de visionarios conquistadores. Una tierra disputada por coronas europeas que logró reclamar su libertad, para declararse ante el mundo como un país soberano que hoy afina su joven democracia. Un pueblo en busca de su identidad en el caleidoscopio de razas y culturas; de manifiestos revolucionarios y tratados internacionales; de gobiernos hegemónicos y alternancias electorales. La historia de México es una historia de contrastes; una historia que se mira a sí misma en el tiempo, reflejando el inigualable carácter de su pueblo. Y en esa mirada este libro presenta un compendio de

textos elaborados por las mismas plumas que escribieron sus páginas más oscuras y más gloriosas, en un esfuerzo por revivir los momentos que nos definieron como sociedad al día de hoy.

**Historia de la música popular mexicana** Yolanda Moreno Rivas,1989 Este recorrido por la música popular mexicana trata de organizar un pasado inarticulado para ofrecer una visión coherente y continua en la que los distintos estilos y géneros se siguen unos a otros en el variado y, a veces, turbulento acontecer nacional. Traza la evolución de la música a través de los años, las influencias que ha sufrido y las que ha ejercido. Desfilan por este vasto panorama - que parte de la colonia y el nacimiento de los estilos nacionales - los jarabes, los valses y los corridos del siglo XIX y del periodo revolucionario hasta el florecimiento y auge de la música de los años veinte a los cincuenta: la trova yucateca, la canción romántica, el bolero, el danzón, el mambo, la canción ranchera, etc. Todos hacen su aparición en este libro que considera no sólo la música sino sus creadores, letristas e intérpretes, en su lugar, su tiempo y en los medios en que destacaron (teatro de revista, radio, cine, televisión). Cierra el panorama un esbozo de la música popular de las últimas décadas--Back cover.
