

The Gift Company Amsterdam

Elena Raviola, Peter Zackariasson

The Gift Shop Charlotte Armstrong, 2012-02-21 This conspiracy thriller from an Edgar Award-winning author is “jet-paced, revved up for action before the first page is flipped over” (The Pittsburgh Press). Bernie staggers off the airplane from Honolulu, a lei around his neck and blood seeping from the wound in his chest. He stumbles to the terminal gift shop, and demands the cashier point him to a payphone. As his life seeps away, Bernie calls Harry Fairchild, his old fraternity brother. Dying or not, he has a job to do. Harry is a playboy, the scion of an oil-rich family known throughout California. Bernie was in Honolulu working for Harry’s father, and he has a message to give the old man before he expires. Baffled, Harry races to the airport, arriving just as Bernie is being taken to the hospital, where he dies on the operating table. Somehow Harry’s father is mixed up in the murder, and Harry is going to find out how, even if it means risking a knife to his own gut.

Arts and Business Elena Raviola, Peter Zackariasson, 2016-10-04 Arts and Business aims at bringing arts and business scholars together in a dialogue about a number of key topics that today form different understandings in the two disciplines. Arts and business are, many times, positioned as opposites. Where one is providing symbolic and aesthetic immersion, the other is creating goods for a market and markets for a good. They often deal and struggle with the same issues, framing it differently and finding different solutions. This book has the potential of offering both critical theoretical and empirical understanding of these subjects and guiding further exploration and research into this field. Although this dichotomy has a well-documented existence, it is reconstructed through the writing-out of business in art and vice versa. This edited volume distinguishes itself from other writings aimed at closing the gap between art and business, as it does not have a firm standpoint in one of these fields, but treating them as symmetrical and equal. The belief that by giving art and business an equal weight, the editors also create the opportunity to communicate to a wider audience and construct a path forward for art and business to coexist.

Early Modern Women in the Low Countries Susan Broomhall,Jennifer Spinks,2016-05-13 Combining historical, historiographical, museological, and touristic analysis, this study investigates how late medieval and early modern women of the Low Countries expressed themselves through texts, art, architecture and material objects, how they were represented by contemporaries, and how they have been interpreted in modern academic and popular contexts. Broomhall and Spinks analyse late medieval and early modern women's opportunities to narrate their experiences and ideas, as well as the processes that have shaped their representation in the heritage and cultural tourism of the Netherlands and Belgium today. The authors study female-authored objects such as familial and political letters, dolls' houses, account books; visual sources, funeral monuments, and buildings commissioned by female patrons; and further artworks as well as heritage sites, streetscapes, souvenirs and clothing with gendered historical resonances. Employing an innovative range of materials from

written sources to artworks, material objects, heritage sites and urban precincts, the authors argue that interpretations of late medieval and early modern women's experiences by historians and art scholars interact with presentations by cultural and heritage tourism providers in significant ways that deserve closer interrogation by feminist researchers.

Searching for the Holy Grail Brian Walters,2004-09 In the seventeenth and eighteenth centuries, young English elites often spent years traveling around Europe to broaden their horizons in an experience known as the Grand Tour. In his book *Searching for the Holy Grail*, Brian Walters combines romance, humor, history, philosophy, and a sharp eye for the subtleties of culture to take the reader on a breathtaking modern-day Grand Tour of Western Europe. Join the author and his colorful compatriots as they gaze into the mouth of infamous Mt. Vesuvius, search for the Loch Ness Monster, explore lovely Vienna in a horse-drawn carriage, and dodge the jagged cliffs of Capri on the way to the Blue Grotto. Enjoy the trip as they drink sangria and party until dawn in Barcelona, wreck scooters in Nice, brave storms in the Adriatic Sea, drink liter beers in Munich, and narrowly survive the taxis in Rome. From the sun-drenched beaches of Greece to the windy highlands of Scotland, Brian Walters takes the reader on a spellbinding journey.

The Company and the Shogun Adam Clulow,2014-01-14 The Dutch East India Company was a unique, hybrid organization acting as both company and state, aggressively intervening in Asian political matters in which it had no place. This study focuses on the company's clashes with Tokugawa Japan in the seventeenth century, particularly in the areas of diplomacy, sovereignty, and violence. In each encounter, the Dutch were forced to abandon claims to sovereign powers and refashion themselves—from subjects of a fictive king to loyal vassals of the shogun, from aggressive pirates to meek merchants, and from insistent defenders of colonial rule to legal subjects of the Tokugawa state. The first book to treat the Dutch East India Company as more than a commercial enterprise, this text offers unprecedented perspective on one of the most important, long-lasting unions between an Asian state and a European overseas enterprise and the surprisingly limited influence of Europeans operating in early-modern Asia.

The Gift of Black Folk W. E. B. Du Bois,2023-11-11 In *The Gift of Black Folk*, W. E. B. Du Bois explores the profound contributions of African Americans to American culture and society. Written with eloquence and fervor, the work is both an insightful critique of racial injustices and a celebration of the resilience, creativity, and spiritual wealth of Black communities.

Du Bois's literary style weaves together historical analysis, sociological insight, and rich narrative, thereby contextualizing the African American experience within the larger tapestry of American history. The book eloquently advocates for the recognition of Black people not merely as victims of oppression, but as integral architects of the nation's identity and progress. W. E. B. Du Bois, a prominent sociologist, historian, and civil rights activist, was instrumental in articulating the struggle for racial equality in 20th century America. His scholarly pursuits and personal experiences of racial discrimination deeply influenced him to write this work, aiming to reshape societal perceptions of Black contributions and to promote racial pride. Having co-founded the NAACP, Du Bois was a tireless advocate for the intellectual and cultural empowerment of African Americans. Readers interested in understanding the historical and cultural dimensions of race relations in the United States will find *The Gift of Black Folk* to be an invaluable resource. Du Bois's masterful prose resonates with urgency and compassion, making his insights not only relevant for contemporary discourse but essential for anyone seeking to appreciate the rich heritage and ongoing legacy of Black Americans.
