Rethinking Culture and Creativity in the Digital Transformation Luciana Lazzaretti,Stefania Oliva,Niccolò Innocenti,Francesco Capone,2023-03-31 This book discusses the role of digital technologies in the growth and development of cultural organizations and the creative sector. It includes contributions by authoritative scholars who address this topic through different perspectives, methodologies and approaches. The first part of the volume focusses on theoretical contributions that identify the main transformations caused by the digital revolution, the use of data, outlining new possible analytic frameworks and future lines of research. The second part of the volume presents empirical contributions applied to different fields in the study of the cultural and creative sectors. These range from analyses of traditional cultural organizations such as museums, the evolution of trajectories in the fashion industry, techno-creative communities, digital services for tourism, to cultural and creative industries and wealth and creative work. This edited volume will be of great value to scholars in the fields of Economics and Management including Economic Geography and Economic Development. Students and researchers interested in learning more about new technologies and their impact on cultural and creative sectors will also benefit from this book. This book was originally published as a special issue of European Planning Studies.

Archeomusei. Musei archeologici in Italia. 2001-2011. Atti del Convegno (Adria, Museo Archeologico Nazionale, 21-22 giugno 2012) Vincenzo Tiné,Loretta Zega,2014-01-23 La museologia archeologica italiana, grazie anche all'opera pionieristica di Franco Minissi e alla radicata sinergia tra architetti e archeologi, ha vissuto nella seconda metà del '900 una stagione di straordinario sviluppo, testimoniata da alcuni dei più importanti musei archeologici europei. Con il nuovo millennio questa fase sperimentale si è tradotta in un'ampia azione di rinnovamento del panorama museale archeologico italiano. Alcuni esempi, che rappresentano l'attuale stato dell'arte, sono stati selezionati per il Convegno di Adria del 2012 tra le proposte di tutte le soprintendenze archeologiche italiane. Questi casi-studio sono illustrati secondo un rigoroso schema analitico e correddati da sintetiche schede descrittive.

Cibo, vita e cultura nelle collezioni del Museo archeologico nazionale di Mantova Elena Maria Menotti,Museo

Magna Graecia Michael J. Bennett, Aaron J. Paul, Mario Iozzo, Bruce White, Cleveland Museum of Art, 2002 This magnificent book presents 82 masterpieces of Greek vase painting and sculpture in terracotta, stone, and bronze from the eight great museum collections of the South of Italy and Sicily. 170 colour illustrations

Immagini divine. Devozioni e divinità nella vita quotidiana dei Romani, testimonianze archeologiche dall'Emilia Romagna Jacopo Ortalli, Diana Neri, 2007-11-01 Quando, nel 268 a.C., i coloni romani si affacciarono nella Valle Padana per fondare Ariminum, si trovarono di fronte ad un territorio con una popolazione molto composita, formata da diverse tribù galliche sopra un substrato umbro-etrusco, con tradizioni, e quindi con credenze religiose, molto varie. La tradizione religiosa romana portata dai colonizzatori univa, quindi, una religione pubblica, codificata per quanto riguardava i riti, ed una religiosità privata, collegata alle tradizioni popolari e familiari, molto più variata e difficile da precisare, anche per la quasi assoluta mancanza di fonti relative. La mostra di Castelfranco Emilia presenta quindi un panorama estremamente variato, anche discontinuo, su manifestazioni ed aspetti diversi di religiosità familiare, privata, popolare e popolare. Questo nuovo Quaderno della Soprintendenza per i Beni Archeologici dell'Emilia-Romagna, pur nella sua scientificità, si presenta quindi diverso, portatore di conoscenza e di aspetti inusuali della vita dei romani, più vicini e più vitali rispetto a quanto tradizionalmente presentato.

On Site Diagnostics for Architectural Conservation and Restoration Alessia Bianco, 2017-06-13 The topic of on site diagnostics for historical, monumental and vernacular architecture is characterized by a twofold difficulty, partially due to a sort of hiatus between scientific community and professional system. In fact, on one side universities and research centres produce advanced technologies, methodologies and procedures, but not always adequately disseminated among professionals and sometimes inconsistent with some relevant criteria, such as feasibility and cost-effectiveness. On the other side, professionals, in the field of on site diagnostics for historical architectures, are holder of a heritage, made of experiences and practice, which often is not enough shared and sometimes is contrasting with the limited possibility to evaluate and verify the professional training and certification system, which seems too heterogeneous, if compared to other high scientific and technical professions, as is the case, for example, of medicine or engineering. In this book the diagnostic experiences are described, though, for logistical reasons, often briefly, following a systematic methodological approach, according to three of the main steps for the knowledge of historical buildings: anamnesis, diagnosis and prognosis, obviously with particular attention to the specifically diagnostic issues (diagnosis), but framed in the preliminary diagnostic plan and interpreted in the light of the performance, prefigured in the preliminary stages and connected to the visual inspection. That is why this book regards not only some experimental, unconventional and innovative diagnostic surveys and diagnostic experiences, carried out on particularly valuable monumental buildings under the historical-architectural point of view, but also ordinary and

simple experiences in the field of professional diagnostic practice, where, however, it was possible to apply the methodology and the know-how, acquired and systematized in the performance of the experimental diagnostic surveys, often included in wider scientific research projects. This book is not exclusively addressing the scientific and academic community, but it also pursues the aim of disseminating in the professional system a heritage of rather varied experimental researches and practical experiences, but methodologically oriented toward a culture, which considers the design of diagnostic plans as a regulation criterion for quality control of professionals.

Per una metodologia della valorizzazione dei beni archeologici: analisi e prospettive in Calabria Stefania Mancuso,2004

New Metropolitan Perspectives Francesco Calabrò,Lucia Della Spina,María José Piñeira Mantíñán,2022-08-24 The book aims to face the challenge of post-COVID-19 dynamics toward green and digital transition, between metropolitan and return to villages' perspectives. It presents a multi-disciplinary scientific debate on the new frontiers of strategic and spatial planning, economic programs and decision support tools, within the urban-rural areas networks and the metropolitan cities. The book focuses on six topics: inner and marginalized areas local development to re-balance territorial inequalities; knowledge and innovation ecosystem for urban regeneration and resilience; metropolitan cities and territorial dynamics; rules, governance, economy, society; green buildings, post-carbon city and ecosystem services; infrastructures and spatial information systems; cultural heritage: conservation, enhancement and management. In addition, the book hosts a Special Section: Rhegion United Nations 2020-2030. The book will benefit all researchers, practitioners and policymakers interested in the issues applied to metropolitan cities and marginal areas.

[Il libro bianco dei musei statali italiani](#) Laura Di Pietro,Flaminia Musella,2025-08-25 Il Libro Bianco dei Musei Statali Italiani è il risultato di un progetto congiunto tra MondoMostre e il Dipartimento di Economia Aziendale dell'Università degli Studi Roma Tre, e presenta la prima analisi sistematica dei dati pubblici sugli istituti culturali statali italiani dal 1996 al 2023. Attraverso un dataset unico costruito da MondoMostre a partire dalle fonti ufficiali del Ministero della Cultura e arricchito con ulteriori informazioni, il volume esplora l'evoluzione dei visitatori, dei ricavi da biglietteria e dei servizi aggiuntivi, mettendo in luce le trasformazioni normative, economiche e sociali che hanno interessato il settore in quasi tre decenni. Dalla riforma Franceschini alla pandemia di Covid-19, dalle performance degli istituti con autonomia speciale al ruolo dei flussi turistici, l'analisi si sviluppa su più livelli di lettura e dettaglio, fornendo strumenti utili per la gestione e la valorizzazione del patrimonio culturale statale. Un contributo rigoroso e innovativo che, con una visione di lungo periodo, si rivolge a studiosi, professionisti del settore, policy maker e appassionati, offrendo una panoramica unica sul passato, il presente e le sfide future dei musei italiani.

Capolavori dell'archeologia AA. VV.,2015-10-29T00:00:00+01:00 Catalogo della mostra a Roma, Museo Nazionale di

Castel Sant'Angelo dal 21 Maggio al 5 Novembre 2013 In occasione della trentaduesima edizione della Mostra Europea del Turismo e delle Tradizioni Culturali e dei vent'anni di assidua collaborazione con l'Arma dei Carabinieri, la Guardia di Finanza e la Polizia di Stato, il Centro Europeo per il Turismo presenta la mostra: "Capolavori dell'Archeologia: recuperi, ritrovamenti, confronti". La mostra è organizzata in sinergia con la Soprintendenza Speciale per il Patrimonio Storico Artistico ed Etnoantropologico e per il Polo Museale della città di Roma, diretta da Daniela Porro, e con l'ausilio di un Comitato Promotore presieduto da Roberto Cecchi, già Sottosegretario di Stato del MiBAC. Curata da Maria Grazia Bernardini e da Mario Lolli Ghetti, e con la prestigiosa collaborazione di Eugenio La Rocca, Presidente del Comitato Scientifico, l'esposizione vuole presentare al pubblico la fondamentale azione svolta dalle Forze dell'Ordine per la protezione e la difesa dei beni artistici e archeologici dell'Italia. La prestigiosa sede che la ospita, la professionalità dei funzionari delle diverse Soprintendenze, la competenza e la passione profuse dalle Forze dell'Ordine nell'adempimento del loro dovere a tutela del nostro patrimonio, tutto questo contribuisce a far sì che con il passare degli anni questa mostra continui ad essere uno degli appuntamenti più importanti ed attesi dal pubblico che visita il Museo Nazionale di Castel Sant'Angelo. La mostra offre una grande occasione per conoscere ed apprezzare lo straordinario patrimonio archeologico proveniente da tutta Italia ed avere sempre più consapevolezza dell'importanza di salvaguardarlo. I visitatori, seguendo un articolato percorso espositivo potranno ben apprezzare il grande lavoro scientifico e di ricerca che sta dietro il ritrovamento di materiale archeologico e così comprenderne il continuo pericolo di saccheggio e dispersione cui è sottoposto. Il percorso tende anche a mettere in luce l'intensa cooperazione che esiste tra le Forze dell'Ordine e le Soprintendenze italiane, di cui questa mostra ne è la fruttuosa dimostrazione. Per onorare degnamente questa proficua collaborazione, la mostra di capolavori archeologici, che si apre quest'anno, è la prima di due eventi espositivi, il secondo dei quali sarà dedicato all'esposizione di opere recuperate nel settore dei beni storico-artistici in programma a Castel Sant'Angelo nella primavera del 2015. Proprio l'educazione al rispetto e all'amore per il nostro Patrimonio è l'obiettivo prefissato nell'annuale appuntamento con le opere recuperate dalle Forze dell'Ordine - Arma dei Carabinieri, Guardia di Finanza e Polizia di Stato - che ringrazio sentitamente per il sempre maggior entusiasmo ed impegno che anno dopo anno è profuso per l'organizzazione di questo evento. Un mio vivo ringraziamento è rivolto al Soprintendente, a tutto il personale ai vari livelli della Soprintendenza Speciale per il Patrimonio Storico Artistico ed Etnoantropologico e per il Polo Museale della città di Roma e del Museo Nazionale di Castel Sant'Angelo.

EBOOK: Prego! An Invitation to Italian Graziana Lazzarino, 2011-05-16 *Prego!* is easy to use! For this exciting new edition, we listened to our many adopters and made significant revisions to adapt *Prego!* to the changing needs of your students. Every aspect of this program is based on the strong foundation of vocabulary and grammar presentations unique to *Prego* along with communicative activities and expanded cultural material to help students develop language proficiency. As

a result, the program is even stronger, offering a truly integrated approach to presenting culture that inspires students to develop their communication skills. All print and media supplements for the program are completely integrated in CENTRO, our comprehensive digital platform that brings together all the online and media resources of the Prego! program. These include the Quia online versions of the workbook and laboratory manual, the video program, the music playlist, and new interactive games. Instructors will also find an easy-to-use grade book, an instructor dashboard, and a class roster system that facilitates course management and helps reduce administrative workload.

The World of the Western Greeks Kathryn Lomas,2025-07-18 This volume presents studies by international experts on aspects of the society, economy, religion, culture, and history of the Greek settlements of the ancient western Mediterranean, one of the most innovative areas of the ancient Greek world. Across 43 chapters, this book synthesizes material evidence, integrates this with ancient sources, and introduces key methodological debates on the nature and study of Greek settlement in the west. It provides an overview of the history of the region, from earliest contact with the Greek world to the Roman period, and examines the relationships between Greek and non-Greek populations of the western Mediterranean and how they shaped each other's histories and cultures. The volume also explores aspects of the economy, society and culture of the region, illustrating the contribution of the western Greeks to shaping wider Greek culture and identity. By adopting a wide-ranging approach, integrating material evidence and ancient sources, it illuminates the diversity and innovative nature of the western Greek world from its earliest development to the aftermath of the Roman conquest. The World of the Western Greeks is an essential reference work for students and scholars of the Greek western Mediterranean and its history, culture, and society.

Calabria: The Other Italy Karen Haid,2015-01-07 Once the hub of the Mediterranean, Calabria now dangles, largely ignored, at the bottom of the Italian boot, struggling for survival, acceptance and a place in modern Italy and the world. Little-known even to Italians outside the nefarious activities of its 'Ndrangheta mafia organization, Calabria allures with its simplicity and rewards with an underlying complexity, as in savoring an artisanal cheese, appreciating an ancient Greek masterwork or interpreting a particularly expressive phrase in the local dialect. Calabria: The Other Italy paints a compelling picture of contemporary Calabria and Southern Italy, weaving observation, personal anecdote, salient historical information and social commentary into a nonfiction narrative that combines travelogue with an exploration of everyday life and culture. At times humorous, at others poignant, this engaging work portrays the joys and challenges of the other Italy.

Art of the Hellenistic Kingdoms Seán Hemingway,Kiki Karoglou,Dorothy H. Abramitis,Sophie Descamps-Lequime,Ariel Herrmann,Marsha Hill,Christine Kondoleon,Christopher S. Lightfoot,Carmelo Malacrino,Joan R. Mertens,Olga Palagia,Dominique Robcis,Susan I. Rotroff,Andreas Scholl,Agnes Schwarzmaier,R. R. R. Smith,Jeffrey Spier,Karen Stamm,Lillian Bartlett Stoner,Alessandro Viscogliosi,Ute Wartenberg,Mark Wypyski,Paul Zanker,2019-04-29 This handsome newly designed addition to The Metropolitan Museum of Art's symposia series furthers the study of one of the most influential but less known periods of Greek art and culture. It is based on papers given at a two-day scholarly symposium held in conjunction with the award-winning exhibition "Pergamon and the Hellenistic Kingdoms of the Ancient World," on view at the Metropolitan in 2016. The twenty diverse essays exemplify the international scope of the Hellenistic arts, which cover the three centuries between the death of Alexander the Great in 323 B.C. and the suicide of Cleopatra in 30 B.C. Subjects range from twenty-first century approaches to museum displays of archaeological material to the circulation of artists and works of art throughout the Mediterranean and the influence of Hellenistic art and its legacy in the ancient Roman world. Among the topics discussed are aspects of royal self-presentation and important elements of iconography and style in coins, gems, mosaics, sculpture, vessels, and wall paintings, in mediums including bronze, faience, glass, marble, silver, and terracotta. Authored by a number of internationally renowned scholars, the essays in this volume highlight the holdings of the Metropolitan and markedly demonstrate the artistic innovations and technical mastery of Hellenistic artists, offering new insights into the vitality and complexity of Hellenistic art. p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 14.0px Verdana}

L'Italia prima di Roma Paolo Giulierini,2023-09-05 Il nostro Paese ci appare il più delle volte come l'erede per eccellenza della civiltà romana. Non c'è nulla di più vero, ma se ci mettessimo in viaggio percorrendo l'Italia da nord a sud scopriremmo che prima ancora che Italiani siamo stati Italici: in ogni regione la toponomastica, i monumenti, i reperti archeologici, le tradizioni etnografiche, persino le abitudini alimentari e culinarie raccontano la storia di popoli antichi che a partire dall'Età del ferro si sono frequentati, confrontati, scontrati. Celti, Veneti, Liguri, Etruschi, Sardi, Latini, Sanniti, Lucani, Piceni, Campani, Punici, Enotri, Siculi e molti altri hanno lasciato ovunque nella penisola tracce profonde, preziose per capire com'era l'Italia prima dell'avvento di Roma. Con la competenza dell'esperto e il passo avvincente del divulgatore, Paolo Giulierini ci accompagna in un viaggio affascinante, ci presenta gli Italici che siamo stati, ne approfondisce il rapporto con il territorio, le modalità insediative, la religione, la lingua e la scrittura, senza tralasciare il fondamentale incontro con i Romani e quello che ne è seguito. Corredato da splendide immagini, questo libro è al tempo stesso un saggio sulla meravigliosa complessità della storia del nostro Paese e una guida per innamorarsi, oltre che di tutte le sue bellezze, anche

delle genti che lo hanno abitato in tempi remoti, e che ancora oggi ci parlano: non solo di loro ma anche di noi, da sempre popolo in cammino che a ogni tappa aggiunge un viandante alla carovana.

Sul buono e sul cattivo uso dei Bronzi di Riace Salvatore Settis, Maurizio Paoletti, 2016-01-25T00:00:00+01:00 I Bronzi scoperti nel 1972 al largo delle coste della Calabria rappresentano un esempio nobile e sublime di quel «saccheggio del passato» che si svolge sotto i nostri occhi e di cui siamo non solo spettatori, ma sempre più spesso anche attori e inconsapevoli protagonisti. Dopo i fumetti, le pubblicità e gli spot turistici, il successo mediatico dei Bronzi richiede di essere guardato da una nuova prospettiva. I saggi raccolti in questo volume mescolano l'ironia e le amare riflessioni su un caso di studio esemplare, proponendo qualche suggerimento sulla strada da seguire per valorizzare le due celebri statue, rarissimi originali greci in bronzo del V secolo a.C., vanto del Museo archeologico nazionale di Reggio Calabria. Il primo cattivo uso dei Bronzi di Riace è stato fatto dagli archeologi, che si sono mostrati riluttanti a dialogare con un pubblico desideroso di condividere le conoscenze che sono proprie degli specialisti della grande arte antica. Altrettanto grave appare poi il fallimento delle istituzioni nazionali e locali, che a lungo sono state incapaci di scelte coraggiose e si sono dimostrate invece pronte a sfruttare la «fama» dei Bronzi per scopi spesso discutibili. In questo volume, Maurizio Paoletti e Salvatore Settis affrontano, insieme ad autorevoli personalità delle istituzioni museali, del mondo della cultura, della storia dell'arte e dell'archeologia, la questione nei suoi aspetti più rilevanti: dall'identità vera o presunta dei Bronzi, alla gestione delicatissima delle statue nel Museo di Reggio, fino alla loro trasformazione in vere e proprie «icone pop». Dal libro riemerge con forza la fondamentale centralità delle istituzioni e la convinzione che il buono e cattivo uso dei Bronzi è, prima di tutto, una questione culturale.

Acts, Second Edition Gerald L. Stevens, 2019-08-05 This second edition of Stevens's presentation of Acts adds an extensive study of church traditions on Paul's death and burial. Uncovering of the sarcophagus in the Church of Saint Paul Outside the Walls yielded carbon 14 dated first- or second-century bones. In his characteristically creative way, Stevens offers an insightful proposal on why church traditions on Paul post Acts are so ambiguous and probably always will be, even with this new find. Stevens's close study of the Acts narrative analyzes Luke's post-ascension story of Jesus and challenges orthodoxies in the interpretation of Acts and Paul. Luke was the first to envision the future of the Jesus story in the Hellenist movement as this movement realizes the promise of Pentecost in Israel, preeminently epitomized in the mission of Paul, who is Luke's premier example of the God active, God resisted theme of the speech of Stephen that drives the plot of Acts and illuminates exegesis of Paul's insistence on going to Jerusalem with its dramatic conclusion in the shipwreck of Paul. Luke ends Acts in Rome as intended—an impressive, compelling, and thoroughly fresh reading of Acts.
