Edward Renehan

Amazing grace! ,2011-01-13 for SATB and organ or orchestra Featured in My Song in the Night (2009), *Amazing grace!* is a majestic arrangement of the well-known melody. Beginning with male voices in unison, Wilberg gradually introduces more vocal parts, building ultimately to a grand climax in eight parts. A subtle Scottish influence is evident through the use of drones and a Scotch snap motif in the organ. Orchestral material is available on hire/rental.

Excerpt: *Amazing Grace* is a Christian hymn with words written by the English poet and clergyman John Newton (1725-1807), published in 1779. Containing a message that forgiveness and redemption are possible regardless of sins committed and that the soul can be delivered from despair through the mercy of God, *Amazing Grace* is one of the most recognizable songs in the English-speaking world. Newton wrote the words from personal experience. He grew up without any particular religious conviction, but his life's path was formed by a variety of twists and coincidences that were often put into motion by his recalcitrant insubordination. He was pressed into the Royal Navy, and after leaving the service became involved in the Atlantic slave trade. In 1748, a violent storm battered his vessel so severely that he called out to God for mercy, a moment that marked his spiritual conversion. However, he...

Indiana High School Basketball's 20 Most Dominant Players Dave Krider, 2007-04 The single common attribute shared among the legends of Indiana high school basketball is dominance. From Fuzzy Vandivier winning three titles in a row, to Glenn Robinson's Gary Roosevelt Panthers winning the 1991 state title in a dream match against Alan Henderson's Indianapolis Brebeuf, these superstars exhibited total dominance when it mattered most. Indiana High School Basketball's 20 Most Dominant Players relives the passionate memories, thrilling victories, and the sheer dominance of these Hoosier hardcourt idols. With these twenty players combining to win 14 coveted Mr. Basketball awards and 28 state championships, Hall of Fame sportswriter Dave Krider truly profiles the best of the best.

Splinters Leslie Jamison, 2024-02-20 From the New York Times bestselling author of *The Recovering* and *The Empathy Exams* comes “a blazing, unputdownable memoir” (Mary Karr, author of *Lit*), the “piercing, intimate” story (TIME Magazine) of rebuilding a life after the end of a marriage—an exploration of motherhood, art, and new love. Leslie Jamison has become one of our most beloved contemporary voices, a scribe of the real, the true, the complex. She has been compared to Joan Didion and Susan Sontag, acclaimed for her powerful thinking, deep feeling, and electric prose. But while Jamison has never shied away from challenging material—scouring her own psyche and digging into our most unanswerable questions across four books—*Splinters* enters a new realm. In her first memoir, Jamison turns her unrivaled powers of perception on some of the most intimate relationships of her life: her consuming love for her young daughter, a ruptured marriage once swollen with hope, and the shaping legacy of her own parents' complicated bond. In examining what it means for a woman to be many things at once—a mother, an artist, a teacher, a lover—Jamison places the magical and the mundane side by side in surprising ways. The result is a work of nonfiction like no other, an almost impossibly deep reckoning with the muchness of

life and art, and a book that grieves the departure of one love even as it celebrates the arrival of another. How do we move forward into joy when we are haunted by loss? How do we claim hope alongside the harm we've caused? A memoir for which the very term tour de force seems to have been coined, *Splinters* plumbs these and other pressing questions with writing that is revelatory to the last page, full of linguistic daring and emotional acuity. Jamison, a master of nonfiction, evinces once again her ability to "stitch together the intellectual and the emotional with the finesse of a crackerjack surgeon" (NPR).

When Demons Float Susan Thistlethwaite, 2019-09-27 Kristin Ginelli, Chicago-cop-turned-religion-professor, is horrified when her new Muslim faculty colleague is targeted with a hate crime by self-styled white supremacists. She investigates, wading into the disgusting waters of white supremacist hate online. She is stunned to learn how young people and adults are being tempted into hate and violence on the Internet. As she teaches her religion classes, she comes to realize this is what philosophers and theologians have meant by the demonic. In this kind of extremism, hate rises to the surface and it is hard to keep it down. When a student is killed, and Kristin is threatened, she has to cut through the university's stalling and what looks increasingly like corruption in the Chicago police and Immigration and Customs Enforcement (ICE) to find the killers and try to stem the tide of hate.

Melding the Pieces Henrietta Glaus, 2020-05-26 From growing up in a home without indoor plumbing or electricity, running barefoot on the farm, to traveling and bicycling throughout the world, Henri Glaus has experienced a life filled with joy, sorrow, high adventure, and the pleasure of accomplishments large and small. Expressed honestly with an element of humility, she recounts her story up to the cusp of her nonagenarian years. Understanding that life is a series of abstruse valleys and radiant peaks, Henri has embraced all the vicissitudes that a long life brings. Throughout everything, she has had the undying support of an extended family so large that, as her sister said, a bramble bush rather than a family tree would be required to record it. Throughout her life Henri was blessed with role models, beginning with her parents, her brother, and

later four husbandsone, a professor, encouraged and supported her in attaining a Ph.D. This set Henri on a path that provided undreamed of opportunities in her chosen field of education. There is an adage that states a life well-lived is a life worth living. This is the story of that barefoot girl's journeythe life of Henri Glaus.

Backbone Karen Duffy, 2017-11-07 An inspirational, powerful, and funny manual for coping and living with devastating pain. For two decades, Karen Duffy —New York Times bestselling author, former MTV VJ, Revlon model, and actress— has managed to live an enriching life despite living in a state of constant pain. Duffy has sarcoidosis, a disorder that causes the growth of inflammatory cells on different organs of the body. In her case, her sarcoidosis is located in her brain, causing her unimaginable pain. In this powerful, inspirational, funny, and important manual for surviving pain, Duffy draws on her experience as a patient advocate, certified recreational therapist, and hospital chaplain to illuminate gratifying methods people can use to cope with chronic pain and reinforces the sentiment that circumstances determine our lives, but we shape our lives by what we make of circumstances (Sir John Wheeler Bennet). More than one-third of the US population—nearly 113 million Americans—is currently living with chronic pain, while another 133 million Americans live with some form of chronic illness. Half of the US population lives with the challenges of these invisible illnesses where their symptoms are not always obvious to the casual observer. Addressing a country ravaged by both chronic pain and opioid addiction, *Backbone* offers a salve of self-sufficiency, spunk, and perseverance. With a light tone, deft wordplay, and interactive gems such as the Bill Murray Pain Scale, Mastectomy Paper Dolls, and a crown to wear just for getting out of bed, Duffy's serious—and seriously funny—book is for the massive population living with chronic pain who are eager to be understood and helped, and sends the message that despite the pain, there is a way to a good life.

Songs I Love to Sing Edith L. Blumhofer, 2023-08-01 Learn the surprising history shared by some of today's most popular hymns. How did "How Great Thou Art," an obscure Swedish hymn, get covered by Elvis? How did "Just as I Am" save Johnny Cash? How did dc Talk sanctify '90s pop rock? In short: the Billy Graham crusades. Music animated these evangelistic extravaganzas, all of it carefully orchestrated by the "chord of three": celebrated preacher Billy Graham, Gospel Music Hall of Fame baritone George Beverly Shea, and choral conductor and emcee Clifford Barrows. And the crusades went on to change the larger face of American music, influencing iconic popular artists in the second half of the twentieth century. The crusade songbook also took root in churches, its use spreading beyond evangelical soil into mainline Protestant and Catholic congregations. In *Songs I Love to Sing*, Edith L. Blumhofer narrates the "biographies" of some of the most beloved songs in

modern hymnody with verve and affection. Move beyond mere nostalgia. Discover the fascinating stories behind the soundtrack of American Christianity.

RAF Wings over Florida Will Largent, 2020-08-01 From 1941 through 1945, British cadets in the Royal Air Force trained in the United States through the Lend-Lease Act, President Roosevelt's ingenious plan to help beleaguered Great Britain while maintaining the semblance of neutrality. This book tells the saga of two Florida training fields during this turbulent time. In their own words, British pilots tell of their Florida experiences. Many of them still in their late teens, away from home for the first time, pale and thin from years of rationing, these young men encountered immense challenges and overwhelming generosity during their training in Florida. Now retired, these former pilots still smell the scent of orange blossoms when they glance through the log books they kept while flying their Stearmans and Harvards over Florida citrus groves. They fondly remember the times when they buzzed over the homes of their Florida "families" to let them know to expect them for Sunday dinner. More than fifty years later, their stories still resonate with universal emotions: fear of failure, love of country, camaraderie, romantic love, and the pain of tragic deaths. Their stories also remind the American reader of a unique time in our history, when, poised on the brink of war, the United States reached out to help a country in distress.

Sermons on the First Readings: Cycle B Mary S. Lautensleger, Schuyler Rhodes, Ron Lavin, Stan Purdum, 2005 The Old Testament details the epic faith story of ancient people who, just like us today, seek God's answers to complex problems. Yet because pastors sometimes overlook this rich source of preaching texts, many people in the pews are not fully aware of the Hebrew Scriptures and their profound lessons for modern living. In this inspiring collection of spiritually enlightening messages based on the First Readings from Cycle B of the Revised Common Lectionary, four master preachers insightfully demonstrate the continuing relevance of passages from the Old Testament and the book of Acts. Building on stories in which God moves ordinary people to extraordinary heights, these sermons powerfully proclaim timeless themes of justice and

righteousness while reminding us that God's grace is the model for the Christian community's core values of self-giving love and forgiveness. Each thought-provoking message is filled with compelling stories and illustrations from everyday life, and challenges readers to love and serve the Lord, trusting in divine providence even in the midst of a world that sometimes seems cruel and senseless. This essential resource is useful for: - Fresh homiletical approaches to the lectionary texts - Preaching illustrations - Understanding scripture passages - Bible study and discussion groups - Personal devotions and inspirational reading

This gripping and often heartbreaking tour of the "Murder Capital of America" often seems lit by those same fires.
