INSTINCTS A COLLECTION OF POEMS Dr. Rajesh Chauhan,2024-10-21 “Instincts: A Collection of Selective Poems”, covers gamut of human activities that affects mankind. The deterioration of climate in the ongoing climate change, if it continues as it has been in the past few decades, then the day is not too far when the nature turns the tables on the activities of man and unleash the forces cumulated within its garb with such vengeance in shortest time span affecting much wider areas, faster and quicker than the use of deadly weapons used by men possibly could; simply outsmart the man for his hegemonic tendencies to rule the world. The suddenness of events and the shock waves it could emit may give no time to anyone to run seeking cover for protection. This makes it important to make fine adjustments in our lifestyles; spiritual growth that could help survival of life, a need of the hour by retracing steps that has led to climate change, effectively preserving it. These poems may help grow intuitively to be self-righteous, self-preserving while preserving the nature. There is a subtle message and reminder to fellow beings in many of his poems.

2200 PROVERBS FOR EASY UNDERSTANDING SAAKE SRINIVASULU,2019-03-29 I was inspired by my friend’s advice to write this book. When I decided to write about proverbs, I drew them from a broad range of sources like The Bible, famous authors, great personalities around the world, advertisements, diaries, etc. Proverbs represent our ancient tradition and culture for better understanding. I am interpreting and explaining the existing proverbs, which are mostly advisory for maintaining morals of the younger generation and easily adoptable in day-to-day life. My experiences are depicted in them for better clarity. I tried to write in a language as easy as possible, which does not require any reference to a dictionary of any kind. They deserved to be quoted in public speeches to inculcate moral values. Particularly, attention has been paid to impress upon the reader for easy understanding in a given context.

Pandora's Poetry Keerti Gupta, 2019-10-04 Pandora was told that the box was dangerous, menacing, and evil. But here's what she wasn't told—it isn't the box that is dangerous; it's the idea of locking up its insides that is. Taboo and stigma have conquered the narrative of womanhood to such an extent that women often feel devoid of their own qualities. Pandora's Poetry is a collection of poems that aims to unleash the truths of womanhood in an unapologetically authentic manner. Embedded with Indian context, and constantly borrowing elements from other cultures, this collection of poetry explores menstruation, patriarchy, abuse, body image, toxic masculinity, and resilience with beacons of hope and unyielding power. Open the box and be amazed by the liberation you'll find sedentarily sleeping within its interiors.

Beauty around the World Erin Kenny, Elizabeth Gackstetter Nichols, 2017-06-22 Taking the concept of beauty seriously, this encyclopedia examines how humanity has sought and continues to seek what is beautiful in a variety of cultural contexts, giving readers an understanding of how to look at beauty both intellectually and critically. Is beauty ever more than skin deep? Arguably yes, considering that the concept of beauty—and the pursuit of it—has shaped cultures worldwide, across every time period, and has even served to change the course of history. Studying beauty practices yields insight into social status, wealth, political ideology, religious doctrine, and gender expectations, including gender nonconformity. A truly interdisciplinary text, *Beauty around the World: A Cultural Encyclopedia* presents an insightful perspective on beauty that draws from philosophy, literature, sociology, anthropology, psychology, and feminist studies, giving readers a unique view of world beauty practices. This volume offers information about beauty practices from the past to the present in alphabetical entries that address terms and topics such as beards, dreadlocks, Geisha, moko tattoos, and progressive muscularity. Readers will better comprehend how beauty shapes many social interactions in profound ways worldwide, and that the unspoken social agreements that shape ideals of attractiveness and desirability within any given culture can matter very much. The encyclopedia's entries challenge readers to consider the questions What is beauty? and Why does it matter? A comprehensive bibliography is a valuable resource for further research.

Love and its Types Ross Nazirullah, 2023-11-14 The Bible says that God is love and that humans crave love from the moment of existence. But the word love describes an emotion with vastly differing degrees of intensity. Originally love is forever- (1Corinthians 13:13). Four unique forms of love are found in the Scripture. They are communicated through four Greek words (Eros, Storge, Philia, and Agape). But in this book twelve types of love are discussed. Everyone gives and receives love differently, and some people are more capable of experiencing certain types of love than others. Which type of love you value most is ultimately up to you.

Thought Provoking Essays Ziauddin Ahmed, Tasneem Zia, 2006-10 Evolution of thought leads to progress, and a balanced evolution is necessary for a durable effect. Balanced evolution is brought about by incorporating experiences and time tested ideas of the past into the practice of the present. This may eventually bear fruit in the future. A new age perspective is needed for the examination of even the axioms of the past. There is no need to tamper with them as they are for all time; yet their dimensions can be grasped differently and they can be understood in the context of the present situation, giving a new perspective to the existing scenario and a new glow to the future. Readers looking for a different approach to Islam and religion in general will, perhaps, find the essays interesting and cajoling. As learning is a two way street it is hoped that an

interaction can be established between various groups of religious thoughts. Gone are the times when one could live in isolated compartments. Globalization has made it imperative to examine and understand others point of view in an atmosphere of accommodation and tolerance. Each one of us has to first see our own ideas in the present light, and then adjust them to match the change accompanying the inevitable evolution of the triad of the Mind, Body and Soul.
