The Ordeen is unique among the Old Gods in that she can come to this world without the need of human intervention. Previously when she arrived her power was held in check by priests who built monasteries on the cliffs surrounding plains of Megara. However with the Fiend loose in the world, the dark is better

organised; so many vaengir (flying lamia witches) have been sent to the Ordeen to counter the power of the priests that few...

Greece and Rome at the Crystal Palace Kate Nichols, 2015-03-26 The marble halls of the British Museum might seem the natural habitat for classical sculpture, but in the nineteenth century its sombre displays were far from being the only place that people encountered antiquities. From 1854, a rival collection of classical sculpture, comprising plaster casts from major European museums and scaled down architectural features, was on show in the South London suburb of Sydenham, in the Crystal Palace which had housed the Great Exhibition of 1851. By the late 1850s, two million visitors were passing through the glass doors of the Sydenham Crystal Palace each year, more than twice as many as recorded at the British Museum. Many more people, and from a greater variety of social strata, saw the painted cast of the Parthenon frieze in Sydenham than the original in Bloomsbury. Utilizing an extensive variety of archival material, including diaries, scrapbooks and photographs, *Greece and Rome at the Crystal Palace* evokes visitor experiences at Sydenham, and examines the discussion that arose around the presentation of classical plaster casts to a mass audience. It uncovers the social, political, and aesthetic role of ancient Greek and Roman sculpture in modern Britain, assessing how classical art figured in debates over design reform, taste, beauty and morality, class and gender, and race and imperialism.

The New Ottoman Greece in History and Fiction Trine Stauning Willert, 2018-09-04 This book explores the increasing interest in the Ottoman past in contemporary Greek society and its cultural sphere. It considers how the changing geo-political balances in South-East Europe since 1989 have offered Greek society an occasion to re-examine the transition from cultural diversity in the imperial context, to efforts to homogenize culture in the subsequent national contexts. This study shows how contemporary immigration and better relations with Turkey led to new directions in historiography, fiction and popular culture in the beginning of the twenty-first century. It focuses on how narratives about cultural co-existence under Ottoman rule are used as a prism of national self-awareness and argues that the interpretations of Greece's Ottoman legacy are part of the cultural battles over national identity and belonging. The book examines these narratives within the context of tension between East and West and, not least, Greece's place in Europe.

Dinner with Persephone Patricia Storace, 2011-10-19 A New York Times Notable Book of the Year Full of insights, marvelously entertaining . . . haunting and beautifully written. --The New York Review of Books I lived in Athens, at the intersection of a prostitute and a saint. So begins Patricia Storace's astonishing memoir of her year in Greece. Mixing affection with detachment, rapture with clarity, this American poet perfectly evokes a country delicately balanced between East and West. Whether she is interpreting Hellenic dream books, pop songs, and soap operas, describing breathtakingly beautiful beaches and archaic villages, or braving the crush at a saint's tomb, Storace, winner of the Whiting Award, rewards the reader with informed and sensual insights into Greece's soul. She sees how the country's pride in its past coexists with profound doubts about its place in the modern world. She discovers a world in which past and present engage in a passionate

dialogue. Stylish, funny, and erudite, *Dinner with Persephone* is travel writing elevated to a fine art--and the best book of its kind since Henry Miller's *The Colossus of Maroussi*. Splendid. Storace's account of a year in Greece combines past and present, legend and fact, in an unusual and delightful whole. --Atlantic Monthly

In Byron's Shadow David Ernest Roessel, 2002 In *Byron's Shadow* draws on a wide range of sources to create a model for literary history that synthesizes literary investigation and cultural studies to develop a fuller understanding of the historical forces influencing the Anglo-American conception of modern Greece.--Jacket.

Mysterious Writers Jean Henry Mead, 2010-07-31 Mystery novels are published in a number of subgenres to satisfy the tastes of every reader. Not only do we have the traditional mystery—also known as the cozy—there are historicals, suspense and thriller novels, crime, police procedurals, private eyes and senior sleuths (also known as “geezer lit”). Then there are medical thrillers, romantic suspense as well as science fiction mysteries and the niche novels that cover endless subjects. The mystery writers interviewed here have written articles about various aspects of publishing, including writing techniques, marketing, promotional advice and their opinions on the current state of the publishing industry. Carolyn Hart, bestselling author of the *Henrie O* and *Death on Demand* series, talks about her new protagonist, Bailey Ruth Raeburn, who returns to earth as a ghost to anonymously solve mysteries. Jeffrey Deaver’s varied careers prepared him to write insightful as well as thrilling novels, John Gilstrap explains why some bestselling novelists hold down fulltime jobs, and Rick Mofina provides sixteen great tips for writing thriller novels. A number of Canadian and UK authors share their publishing views as well as comparing books from their own countries with those of the U.S. suspense novelist Paul Johnston writes from his native Scotland as well as his home in Greece while Tim Hallinan divides his time between Thailand, Cambodia, and southern California, writing much of his work in Bangkok cafés. Gillian Phillip writes YA mystery novels from Barbados and her native Scottish highlands, and international airline pilot Mark W. Danielson composes his suspense novels during layovers in various parts of the world, while S. J. Bolton thrills us with snakes and other creepy creatures in and from the British Isles. English native Carola Dunn writes historical mysteries about her countrymen as does Rhys Bowen, who writes about historical English royals. Other historical novelists include Larry Karp, who provides us with the history of Ragtime music and the people who made the genre popular during its heyday and Beverle Graves Myers delves into operatic mysteries set in 18th century Venice. The work of several writing teams inhabits this book, including Eric Mayer and Mary Reed, who pen historical mysteries. Mark and Charlotte Phillips write suspense novels, and Morgan St. James and her sister Phyllice Bradner collaborate on humorous mysteries. Jeff Cohen, Tim Maleeny, and Carl Brookins also add humor to their mysterious plots, so prepare to laugh when you open their books. There are police procedurals, medical thrillers and romantic suspense novelists represented here as well as niche mysteries designed for readers who love dogs, scrapbooking, zoos, the Arizona desert, space shuttles, weight-loss clinics, actors, designer gift baskets and other specialty subjects. Nonfiction books about

the mystery genre round out this eclectic collection with Edgar winner E.J. Wagner, Agatha winner Chris Roerden, Lee Lofland, Jeffrey Marks, and small press publishers Vivian Zabel and Tony Burton. The advice offered here is invaluable to fledgling writers, so pull up a comfortable chair and begin the mysterious tour of nearly every subgenre.

Lawrence Durrell's Major Novels, Or, The Kingdom of the Imagination Donald P. Kaczvinsky, 1997 Through his use of Gnostic beliefs, Durrell destabilizes our notions of the real and suggests that the civilization to emerge out of the ruins of a devastated Europe will not be Christian, but Quincunxial. Durrell's aesthetic and thematic concerns establish him as a significant, indeed central, voice in twentieth-century British literature. His career, which spans over five decades, links the British High Modernists with the Postmodernists.

The British Council and Anglo-Greek Literary Interactions, 1945-1955 Peter Mackridge, David Ricks, 2018-04-17 In the immediate aftermath of the Second World War, and with British political influence over Greece soon to be ceded to the United States, there was a considerable degree of cultural interaction between Greek and British literati. Sponsored or assisted by the British Council, this interaction was notable for its diversity and quality alike. Indeed, the British Council in Greece made a more significant contribution to local culture in that period than at any other time, and perhaps in any other country. Many of the participants - among them Patrick Leigh Fermor, Steven Runciman, and Louis MacNeice - are well known, while others deserve to be better known than they are today. But what has been less fully discussed, and what the volume sets out to do, is to explore the two-way relations between Greek and British literary production in which the British Council played a particularly important role until the outbreak of armed conflict in Cyprus in 1955, which rendered further contacts of this kind difficult. Close attention is paid to the variety of ways - marked by personal affinities and allegiances, but also by political tensions - in which the British Council functioned as an agent of interaction in a climate where a complex blend of traditional Anglophilia or Philhellenism found itself encountering a new post-war and Cold War environment. What is distinctive about the volume, beyond the inclusion of much recent archival research, is its attention to the British Council as part of the story of Greek letters, and not just as a place in which various British men and women of letters worked. The British Council found itself, sometimes more through improvisation and personal affinities than through careful planning, at the heart of some key developments, notably in terms of important periodical publications which had a lasting influence on Greek letters. Though in the cultural forum that influence was arguably to be less pervasive than that of France, with its more ambitious cultural outreach, or than that of the USA in later decades, the role of the British Council in Greece in this crucial period of Greek (and indeed European) post-war history continues to make a rich case study in cultural politics. This volume thus fills a gap in the rich bibliography on Anglo-Greek relations and contributes to a wider scholarly and public discussion about cultural politics.

Two Novels from Ancient Greece Chariton,Xenophon,2010-03-15 Here in one convenient volume are the two earliest examples of the ancient Greek novel.

The Impact of Classical Greece on European and National Identities M. Haagsma,2021-11-15 These thirteen papers, from a colloquium held at the Netherlands Institute at Athens in 2000, examine European scholarship's fascination with classical Greece during the 19th and 20th centuries. Arranged geographically and then thematically, the papers discuss Greek attitudes towards classical archaeology and literature, Germany and Neoclassicism, classical Greece in Dutch literature and the influence of Greece on Dutch politics, the influence of Alexander the Great and the Persian Wars, the classical element in Victorian verse and interpretations of Homeric epic.

The Oxford encyclopedia of ancient Greece and Rome. - Vol. 1 - 7 Michael Gagarin,2010

Novelists in the New Millennium Vanessa Guignery,2012-11-19 A collection of interviews with leading writers such as Julian Barnes, Jonathan Coe, Kazuo Ishiguro, Hanif Kureishi, Arundhati Roy and Will Self. Through these interviews the book explores and introduces a range of key themes in contemporary literature, raising questions about genre, history, postmodernism, celebrity culture and form.

Key Concepts in Crime Fiction Heather Worthington,2011-08-31 An insight into a popular yet complex genre that has developed over the nineteenth and twentieth centuries. The volume explores the contemporary anxieties to which crime fiction responds, along with society's changing conceptions of crime and criminality. The book covers texts, contexts and criticism in an accessible and user-friendly format.

British Women's Travel to Greece, 1840-1914 Churnjeet Mahn, 2016-04-15 Beginning with the publication of the first Murray guidebook to Greece in 1840 and ending with Virginia Woolf's journey to Athens, this book offers a genealogy of British women's travel literature about Greece. Churnjeet Mahn recounts the women's first-hand experiences of the sites and sights of antiquity, analyzing travel accounts by archaeologists, ethnographers, journalists, and tourists to chart women's renderings of Modern Greece through a series of discursive lenses. Mahn's offers insights into the importance of the Murray and Baedeker guidebooks; how knowledge of Greece and Classical Studies were used to justify colonial rule of India at the same time that Agnes Smith Lewis and Jane Ellen Harrison used Greece as a symbol of women's emancipation; British women's production of the first anthropological accounts of Modern Greece; and fin-de-siècle women who asserted their right to see and claim antiquity at the same time that the safety of the independent lady traveler was being called into question by the media.

Orientalism and the Reception of Powerful Women from the Ancient World Filippo Carlà-Uhink, Anja Wieber, 2020-02-06 Why is Cleopatra, a descendent of Alexander the Great, a Ptolemy from a Greek-Macedonian family, in popular imagination an Oriental woman? True, she assumed some aspects of pharaonic imagery in order to rule Egypt, but her Orientalism mostly derives from ancient (Roman) and modern stereotypes: both the Orient and the idea of a woman in power are signs, in the Western tradition, of 'otherness' – and in this sense they can easily overlap and interchange. This volume investigates how ancient women, and particularly powerful women, such as queens and empresses, have been re-imagined in Western (and not only Western) arts; highlights how this re-imagination and re-visualization is, more often than not, the product of Orientalist stereotypes – even when dealing with women who had nothing to do with Eastern regions; and compares these images with examples of Eastern gaze on the same women. Through the chapters in this volume, readers will discover the similarities and differences in the ways in which women in power were and still are described and decried by their opponents.
