Dragon Ball Culture Volume 2 Derek Padula, 2015-01-14 Son Goku's adventure begins! Join me in *Dragon Ball Culture Volume 2*, as we travel along with Goku on his epic journey for greater strength. With each step that Goku takes, you'll discover more of the hidden spirituality and symbolism in *Dragon Ball* that makes the series so successful. You'll see how author Akira Toriyama synthesizes Chinese culture, Western technology, and Buddhist-Daoist philosophy to create a series that speaks to your humanity. Not because of the action or the humor, but because it reminds you of what it means to be alive. Along the way you'll learn of Goku's ancient origin. You'll hear how the legend of a wild monkey-man begins in India, evolves across 2,000 years of Chinese and Japanese history, and leads to the Goku you know and love. I'll walk you through the journey from the first page to the last. And by the time we're done, you will be an expert on *Dragon Ball*'s culture. Gender in Chinese Music Rachel A. Dragon Ball Culture Volume 5 Derek Padula, 2016-01-05 Son Goku battles the demon king! In Dragon Ball Culture Volume 5 we'll reunite with Goku and his friends as they compete in the 22nd Tenkaichi Budokai. Then we'll join them as they fight in a life or death battle against the Demon King Pikkoro! Akira Toriyama starts us off by introducing three new characters into the story. These are Tenshinhan, Chaozu, and their evil master, Tsuru-sennin. This book reveals each of their cultural backgrounds. That's right, if you've ever said to yourself, "Why does Tenshinhan have a third eye?" and, "What the heck is Chaozu?!" then this is the book you've been waiting for. Toriyama then takes the Dragon Ball story to new depths by adding demons and gods into the mix. He increases the intensity of the series and makes it so Goku has no choice but to train harder in order to enact his revenge. And the way Goku does it is straight out of secret Daoist meditation practices of ancient China. Inside these pages you'll discover the true origin of the demon king, find out how Goku learns to sense the energy of his opponents, and understand the full power of the world famous senzu. This book contains hundreds of new revelations about your favorite characters and their adventures through the Dragon World. Volume 5 explores Chapters 113 to 161. It's time to face your demons!

Reading Japan Cool John E. Ingulsrud, Kate Allen, 2010-02-03 Japanese animation, video games, and manga have attracted fans around the world. The characters, the stories, and the sensibilities that come out of these cultural products are together called Japan Cool. This is not a sudden fad, but is rooted in manga-Japanese comics—which since the mid-1940s have developed in an exponential way. In spite of a gradual decline in readership, manga still commands over a third of the publishing output. The volume of manga works that is being produced and has been through history is enormous. There are manga publications that attract readers of all ages and genders. The diversity in content attracts readers well into adulthood. Surveys on reading practices have found that almost all Japanese people read manga or have done so at some point in their lives. The skills of reading manga are learned by readers themselves, but learned in the context of other readers and in tandem with school learning. Manga reading practices are sustained by the practices of other readers, and manga content therefore serves as a topic of conversation for both families and friends. Moreover, manga is one of the largest sources of content for media production in film, television, and video games. Manga literacy, the practices of the readers, the diversity of titles, and the sheer number of works provide the basis for the movement recognized as Japan Cool. Reading Japan Cool is directed at an audience of students of Japanese studies, discourse analysts, educators, parents, and manga readers.

Remediating Sound Holly Rogers,Joana Freitas,João Francisco Porfírio,2023-09-07 Remediating Sound studies the phenomena of remixing, mashup and recomposition: forms of reuse and sampling that have come to characterise much of YouTube's audiovisual content. Through collaborative composition, collage and cover songs to reaction videos and political activism , users from diverse backgrounds have embraced the democratised space of YouTube to open up new and innovative forms of sonic creativity and push the boundaries of audiovisual possibilities. Observing the reciprocal flow of influence that runs between various online platforms, 12 chapters position YouTube as a central hub for the exploration of digital sound, music and the moving image. With special focus on aspects of networked creativity that remain overlooked in contemporary scholarship, including library music, memetic media, artificial intelligence, the sonic arts and music fandom, this volume offers interdisciplinary insight into contemporary audiovisual culture.

Light Goddess Cloris Athena,2022-06-27 A magic world in the Flower Goddess Fairyland. Snow and ice, flower sea and the pixie forest. Path of art and magic, the wonderland and the great journey..... On the border of the Dark Land and the Light World, there is a great war burning grandly. A handsome boy in silver armor, with a long spear in hands, he was fighting hundreds of the dark knights. On the far side of the battlefield, the Moon Goddess Diana is fighting hundreds of ice dragons and fire dragons. The mighty forces of light are fighting fiercely against the mighty forces of darkness. Millions of evil demons and enormous dragons, against millions of the brave knights and great fairies..... In the brilliant nebula sea, there is a huge Souls Tree blooming gorgeously in the Flower Goddess Fairyland, on this holy Souls Tree, every bud of soul will split in two light pixies and fly to different worlds, fall in different bodies, then growing and shining. They always have the same beginning, but eventually get in the different paths..... Long long time ago, in the Phoenix Nebula, there was a blue white star bursting into pure gorgeous light, “Even if let me live in the brilliant Mermaid Sea all my life, and eat thousands of the dazzling moon jellyfishes every day until choke me to death, I still must be a great musician of the whole fairy world! And in the world of countless evil demons, fire dragons and ice griffins, I will fight them bravely with the Lyre of Apollo, the Sword of Athena, and the Spear of the Valkyries!” Once Ori lived in a tragic world of ice dragons and fire dragons, he wanted to be a great musician when he was very little, but he was tortured by his fire demon father and ice griffin mother in the Dark Sunflower Sea Pixies Castle. At six years old, he got in the Diana College of the Moon Goddess Magic, but always bullied by his iceberg demon wolf classmates and evil siren teachers. When he nearly died in the flying snow pixies, he was just saved by the Light Goddess Florithena, she taking the child’s hand, then flying to a new gorgeous world of shining pixies, beautiful peris and flower fairies. Forget everything you ever knew, just don’t be surprised at everything you will see, everything of everything.....
