The Hunter of the Dark Illustrated Howard Phillips Lovecraft, 2021-02-10 The story takes place in Providence, Rhode Island and revolves around the Church of Starry Wisdom. The cult uses an ancient artifact known as the Shining Trapezohedron to summon a terrible being from the depths of time and space. The Shining Trapezohedron was discovered in Egyptian ruins, in a box of alien construction, by Professor Enoch Bowen before he returned to Providence, Rhode Island in 1844. Members of the Church of Starry Wisdom in Providence would awaken the Hunter of the Dark, an avatar of Nyarlathotep, by gazing into the glowing crystal. Summoned from the black gulfs of chaos, this being could show other worlds, other galaxies, and the secrets of arcane and paradoxical knowledge; but he demanded monstrous sacrifices, hinted at by disfigured skeletons that were later found in the church. The Hunter of the Dark was banished by light and could not cross a lighted area.

Lovecraft, written between 5-9 November 1935 and published in the December 1936 edition of *Weird Tales* (Vol. 28, No. 5, p. 538-53). It was the last-written of the author's known works, and is part of the Cthulhu Mythos. The epigraph to the story is the second stanza of Lovecraft's 1917 poem *Nemesis*. The story is a sequel to *The Shambler from the Stars*, by Robert Bloch. Bloch wrote a third story in the sequence, *The Shadow from the Steeple*, in 1950. In Providence, Rhode Island, Robert Blake, a young writer with an interest in the occult, becomes fascinated by a large disused church on Federal Hill which he can see from his lodgings on the city's Upper East side. His researches reveal that the church has a sinister history involving a cult called the Church of Starry Wisdom and is dreaded by the local migrant inhabitants as being haunted by a primeval evil. Blake enters the church and ascends the tower, where he discovers the skeleton of Edwin M. Lillibridge, a reporter who disappeared in 1893. Blake also discovers an ancient stone artifact known as the Shining Trapezohedron which has the property of being able to summon a terrible being from the depths of time and space. The trapezohedron rests in a metal box with a hinged lid; the box is incised with designs representing living but distinctly alien creatures. The whole sits atop a column which is also incised with alien designs or characters. Blake's interference inadvertently summons the malign being of the title, and he leaves the church aware that he has caused some mischief.

The Hunter of the Dark H. P. Lovecraft, 2014-12-13 *The Hunter of the Dark* is a story fragment by American horror fiction writer H. P. Lovecraft. Howard Phillips Lovecraft (August 20, 1890 - March 15, 1937) - known as H.P. Lovecraft - was an American author who achieved posthumous fame through his influential works of horror fiction. Virtually unknown and only published in pulp magazines before he died in poverty, he is now regarded as one of the most significant 20th-century authors in his genre. Lovecraft was born in Providence, Rhode Island, where he spent most of his life. His father was confined to a mental institution when Lovecraft was three years old. His grandfather, a wealthy businessman, enjoyed storytelling and was an early influence. Intellectually precocious but sensitive, Lovecraft began composing rudimentary horror tales by the age of eight, but suffered from overwhelming feelings of anxiety. He encountered problems with classmates in school, and was kept at home by his highly strung and overbearing mother for illnesses that may have been psychosomatic. In high school, Lovecraft was able to better connect with his peers and form friendships. He also involved neighborhood children in elaborate make-believe projects, only regretfully ceasing the activity at seventeen years old. Despite leaving school in 1908 without graduating - he found mathematics particularly difficult - Lovecraft had developed a formidable knowledge of his favored subjects, such as history, linguistics, chemistry, and astronomy. Although he seems to have had some social life, attending meetings of a club for local young men, Lovecraft, in early adulthood, was established in a reclusive 'nightbird' lifestyle without occupation or pursuit of romantic adventures. In 1913 his conduct of a long running controversy in the letters page of a story magazine led to his being invited to participate in an amateur journalism association. Encouraged, he started circulating his stories; he was 31 at the time of his first publication in a professional magazine. Lovecraft contracted a marriage to an older woman he had met at an association conference. By age 34, he was a regular contributor to newly founded *Weird Tales* magazine; he turned down an offer of the editorship. Lovecraft returned to Providence from New York in 1926, and over the next nine months he produced some of his most celebrated tales including *The Call of Cthulhu*, canonical to the Cthulhu Mythos. Never able to support himself from earnings as author and editor, Lovecraft saw commercial success increasingly elude him in this latter period, partly because he lacked the confidence and drive to promote himself. He subsisted in progressively straitened circumstances in his last years; an inheritance was completely spent by the time he died at the age of 46.

However, when the city's electrical power is weakened during a thunderstorm, the local people are terrified by the sounds coming from the church and call on their Catholic priests to lead prayers against the demon. Blake, aware of what he has let loose, is also terrified and prays for the power to remain on. However, a power outage occurs and the being flies towards Blake's quarters. He is subsequently found dead, staring out of his window at the church with a look of horror on his face.
