

La Versione Del Filologo

Simon Gaunt

L'arte del filologo Pasquale Stoppelli, 2024-09-03T09:38:00+02:00 Il piacere di un testo è percepito nella sua pienezza solo cogliendo i fili che lo legano ad altri testi, alla cultura della sua epoca, alla tradizione da cui deriva: in sostanza, se lo si legge con disposizione filologica, cioè storica, non impressionistica. I saggi raccolti nel volume si confrontano con questi temi, riferiti a vari aspetti del lavoro filologico: le differenze fra tradizioni manoscritte e tradizioni a stampa, i problemi teorici e pratici dell'edizione, il rapporto della letteratura con le tecnologie informatiche, l'importanza di una didattica filologica della letteratura. Gli autori di riferimento sono Dante, Machiavelli, Montaigne, Leopardi, Montale e altri. Chiude il volume un pentadecologo che riassume le caratteristiche essenziali dell'arte del filologo, un vademecum per studenti e giovani studiosi che approcciano il lavoro filologico.

Bilychnis, 1924

Prester John: The Legend and its Sources Keagan Brewer, 2019-08-08 The legend of Prester John has received much scholarly attention over the last hundred years, but never before have the sources been collected and coherently presented to readers. This book now brings together a fully-representative set of texts setting out the many and various sources from which we get our knowledge of the legend. These texts, spanning a time period from the Crusades to the Enlightenment, are presented in their original languages and in English translation (for many it is the first time they have been available in English). The story of the mysterious oriental leader Prester John, ruler of a land teeming with marvels who may come to the aid of Christians in the Levant, held an intense grip on the medieval mind from the first references in twelfth-century Crusader literature and into the early-modern period. But Prester John was a man of shifting identity, being at different times and for different reasons associated with Chingis Khan and the Mongols, with the Christian kingdom of Ethiopia, with China, Tibet, South Africa and West Africa. In order to orient the reader, each of these iterations is explained in the comprehensive introduction, and in the introductions to texts and sections. The introduction also raises a thorny question not often considered: whether or not medieval audiences believed in the reality of Prester John and the Prester John Letter. The book is completed with three valuable appendices: a list of all known references to Prester John in medieval and early modern sources, a thorough description of the manuscript traditions of the all-important Prester John Letter, and a brief description of Prester John in the history of cartography.

Dance, Human Rights, and Social Justice Naomi M. Jackson,Toni Samantha Phim,2008 *Dance, Human Rights, and Social Justice: Dignity in Motion* presents a wide-ranging compilation of essays, spanning more than 15 countries. Organized in four parts, the articles examine the regulation and exploitation of dancers and dance activity by government and authoritative groups, including abusive treatment of dancers within the dance profession; choreography involving human rights as a central theme; the engagement of dance as a means of healing victims of human rights abuses; and national and local social/political movements in which dance plays a powerful role in helping people fight oppression. These groundbreaking papers--both detailed scholarship and riveting personal accounts--encompass a broad spectrum of issues, from slavery and the Holocaust to the Bosnian and Rwandan genocides to the Israeli-Palestinian conflict; from First Amendment cases and the AIDS epidemic to discrimination resulting from age, gender, race, and disability. A range of academics, choreographers, dancers, and dance/movement therapists draw connections between refugee camp, courtroom, theater, rehearsal studio, and university classroom.
