Behind the Times Mary Jean Corbett, 2020-11-15 Virginia Woolf, throughout her career as a novelist and critic, deliberately framed herself as a modern writer invested in literary tradition but not bound to its conventions; engaged with politics but not a propagandist; a woman of letters but not a lady novelist. As a result, Woolf ignored or disparaged most of the women writers of her parents' generation, leading feminist critics to position her primarily as a forward-thinking modernist who rejected a stultifying Victorian past. In *Behind the Times*, Mary Jean Corbett finds that Woolf did not dismiss this history as much as she boldly rewrote it. Exploring the connections between Woolf's immediate and extended family and the broader contexts of late-Victorian literary and political culture, Corbett emphasizes the ongoing significance of the previous generation's concerns and controversies to Woolf's considerable achievements. *Behind the Times* rereads and revises Woolf's creative works, politics, and criticism in relation to women writers including the New Woman novelist Sarah Grand, the novelist and playwright, Lucy Clifford; the novelist and anti-suffragist, Mary Augusta Ward. It explores Woolf's attitudes to late-Victorian women's philanthropy, the social purity movement, and women's suffrage. Closely tracking the ways in which Woolf both followed and departed from these predecessors, Corbett complicates Woolf's identity as a modernist, her navigation of the literary marketplace, her ambivalence about literary professionalism and the mixing of art and politics, and the emergence of feminism as a persistent concern of her work.

*Social Reading Cultures on BookTube, Bookstagram, and BookTok* Bronwyn Reddan, Leonie Rutherford, Amy Schoonens, Michael Dezuanni,2024-04-30 This book examines the reading cultures developed by communities of readers and

book lovers on BookTube, Bookstagram, and BookTok as an increasingly important influence on contemporary book and literary culture. It explores how the affordances of social media platforms invite readers to participate in social reading communities and engage in creative and curatorial practices that express their identity as readers and book lovers. The interdisciplinary team of authors argue that by creating new opportunities for readers to engage in social reading practices, bookish social media has elevated the agency and visibility of readers and book consumers within literary culture. It has also reshaped the cultural and economic dynamics of book recommendations by creating a space in which different actors are able to form an identity as mediators of reading culture. Concise and accessible, this introduction to an increasingly central set of literary practices is essential reading for students and scholars of literature, sociology, media, and cultural studies, as well as teachers and professionals in the book and library industries.

**Flourishing Love** Enrico Gnaulati, 2023-10-05 *Flourishing Love* is a secular defence of marriage and long-term intimate partnership. It rejects a moral-religious code to govern love lives and instead puts its faith in the human potential for couples to be benevolent, loyal, and forgiving to preserve and enhance their romantic union. Dr Gnaulati draws on a variety of sources to present the joint emotional upkeep necessary to make an intimate relationship not just satisfactory, but vital, and to illustrate what these lasting bonds look like. The latest science, anecdotes from his own 30-year marriage as well as from his psychotherapy practice, the musings of ancient and contemporary philosophers, and real-life interviews from partners in long-term happy marriages and intimate unions are all used to reveal the secrets to a successful romantic partnership. The result is a how-to of engaging in attentive and sensitive communication; employing a fairness habit of mind around household chores, childrearing responsibilities, and finances; optimally moving through and beyond conflict; keeping an erotic spark alive; and ethically handling urges to stray outside the couple. A must-read for all those who crave meaning, happiness, and fulfilment in life and need their romantic partnerships to help, not hinder, in this endeavour.
