The Faerie's Guide to Green Magick from the Garden Jamie Wood, 2012-12-18 Green magick, or stewardship of the earth, begins right in our own backyards. When we cultivate an herb garden—even if it's just a few potted plants on a sunny windowsill—we are tending living, sentient beings who respond to our intention, our energy, and our tender loving care. The “fae” (faerie) essence residing at the heart of each nurtured plant manifests in its foliage, flowers, fragrance, and flavor, and its unique healing, nourishing, and restorative properties. In *The Faeries' Guide to Green Magick from the Garden* author and free-fae-spirit Jamie Wood offers fresh, faerie-centric profiles of thirty-three familiar medicinal and culinary herbs accompanied by recipes for natural healing remedies, earth-friendly beauty products, and tasty treats. Fantasy artist Lisa Steinke pairs each herb with a vibrant portrait of its personality—its unique faerie signature—in her lyrical poetry and luminous paintings. With blissful blessings, magickal meditations, and zesty spells sprinkled throughout, *The Faeries Guide to Green Magick from the Garden* will help you get in touch with your own fae spirit and explore the earthly—and earthy—delights of your own garden.

Some call these massive force fields of influence the Archetypes, whilst others call them Morphological Fields. Ancient cultures recognised them as their Gods & Goddesses. These force fields define the blueprints for the building blocks of matter as well as the actual mechanisms or technology which operate throughout the Cosmos. To understand these Fundamental force fields is to understand the Energy Blueprint from which the Cosmos is both structured & driven. Some call the sum of these Force fields ; the Mind of God. These fundamental energy fields are perhaps best understood, as the bits of Prime Creator (Great Spirit) & the parts of soul within humans, plants, animals, & the elements throughout creation. As you read Book 1 and Book 2 describing the Major Archetypes of Creation, you will gain a profound understanding of yourself & the force field which permeates the very Stuff of Creation. Running with the Fairies Dennis Gaffin, 2012-04-25 Running with the Fairies: Towards a Transpersonal Anthropology of Religion is a unique account of the living spirituality and mysticism of fairyfolk in Ireland. Fairyfolk are fairyminded people who have had direct experiences with the divine energy and appearance of fairies, and fairypeople, who additionally know that they have been reincarnated from the Fairy Realm. While fairies have been folklore, superstition, or fantasy for most

children and adults, now for the first time in a scholarly work, highly educated persons speak frankly about their religious/spiritual experiences, journeys, and transformations in connection with these angel-like spirit beings. Set in academic and popular historical perspectives, this first scholarly account of the Fairy Faith for over a hundred years, since believer Evans-Wentz's 1911 published doctoral dissertation *The Fairy-Faith in Celtic Countries*, integrates a participatory, "going native" anthropology with transpersonal psychology. Providing extensive verbatim interviews and discussions, this path-breaking work recognizes the reality of nature spirit beings in a Western context. Through intensive on-site fieldwork, the PhD cultural anthropologist author discovers, describes and interviews authentic mystics aligned with these intermediary deific beings. With an extensive introduction placing fairies in the context of the anthropology of religion, animism, mysticism, and consciousness, this daring ethnography considers notions of "belief", "perception", and spiritual "experience", and with intricate detail extends the focus of anthropological research on spirit beings which previously have been considered as locally real only in indigenous and Eastern cultures.

Loreland Bestiary Hope Christofferson, 2024-11-05 Turn your gaze toward the skies Where wyvern, lung, and phoenix fly. As mermaids swim through oceans blue Under Arctic ice, past coral hues. Accounts arise from here and there, Of manticores in hidden lairs, And faeries dance 'round mushroom caps As brownies steal your fabric scraps. But beware the moon and mind the howls For many hungry beasts doth prowl. My dearest trav'lers, enjoy these pages Filled with creatures throughout the ages That wander 'cross the lands of lore Where few have dared to venture forth.
