Enslavement Orlando Patterson, 2024-11-05 Slavery is one of humanity's most ancient and persistent inequities. It predates the rise of civilization, played a key role in the growth of Western and Islamic cultures and was an integral part of the emergence and global spread of capitalism. Given its historical significance, it is not surprising that the problem of slavery is still passionately debated today and that modern-day trafficking and forced servitude remain key issues of public concern. In *Enslavement: Past and Present*, historical sociologist Orlando Patterson casts a wide net to examine the social, political, and economic complexities of slavery across different eras and societies. Patterson examines slavery at several levels of abstraction, from micro-level relations of domination to the macro-structures of entire societies. Building on the 'bundle of rights' perspective, he reevaluates the definition of slavery, exposing its variegated fabric of iniquities across tribal and advanced pre-modern societies as well as our modern globalized age. Patterson also examines the critical role of women in the history of slavery, the significance of manumission in the formation of Christian doctrine, and the devastating toll of genocide and undaunted revolt of slaves in Jamaican slave society. Concluding with an investigation of contemporary slavery and other forms of servitude, this book urges readers to reckon with the brutal legacies of the past and its alarming modern-day persistence. *Enslavement: Past and Present* deepens our understanding of the broad spectrum of evil and human bondage throughout history, an understanding that is essential for contemporary struggles to build a more inclusive society for all.

The SAGE Handbook of Human Trafficking and Modern Day Slavery Jennifer Bryson Clark, Sasha Poucki, 2018-12-10 Millions of people around the world are forced to work without pay and under threat of violence. These individuals can be found working in brothels, factories, mines, farm fields, restaurants, construction sites and private homes: many have been tricked by human traffickers and lured by false promises of good jobs or education, some are forced to work at gunpoint, while others are trapped by phony debts from unscrupulous moneylenders. *The SAGE Handbook of Human Trafficking and Modern-Day Slavery* provides a comprehensive, interdisciplinary and global look at the diverse issues surrounding human trafficking and slavery in the post-1945 environment. Covering everything from history, literature and politics to economics, international law and geography, this Handbook is essential reading for academics and researchers, as well as for policy-makers and non-governmental organisations

Breaking the Dead Silence Christina Horvath, Richard S. White, 2024-06-21 An Open Access edition will be available on publication. The murder of George Floyd in 2020, the renewed international take up of the cry Black Lives Matter and the subsequent toppling of a statue commemorating slave-merchant-turned-philanthropist Edward Colston in Bristol provoked urgent questions on memorialisation, white privilege, social justice and repair. Debates on how legacies of colonialism and empire in Britain should be addressed spilled out of the scholarly world into the public discourse. In the immediate wake of the statue toppling this book offers a unique, distinctive and timely contribution to those debates: a series of voices and experiences are offered as critical commentaries and accounts of recent interventions on an official heritage narrative. It sets out to break the 'dead silence', by bringing together diverse perspectives from academics, artists, activists, heritage professionals and tourist guides. The book offers fresh insights, referencing work attending to the impacts and legacies of colonisation primarily in Bath and Bristol, augmented with comparative contributions from Lancaster and Mexico offering significant and pertinent resonances. A range of strategies are explored towards enabling silenced voices to be heard and engage in conversations about how the past is represented, including Co-Creation, new agonistic museum practices, innovative creative and somatic approaches.

Slavery and Islam Jonathan A.C. Brown, 2020-03-05 What happens when authorities you venerate condone something you know is wrong? Every major religion and philosophy once condoned or approved of slavery, but in modern times nothing is seen as more evil. Americans confront this crisis of authority when they erect statues of Founding Fathers who slept with their slaves. And Muslims faced it when ISIS revived sex slavery, justifying it with verses from the Quran and the practice of Muhammad. Exploring the moral and ultimately theological problem of slavery, Jonathan A.C. Brown traces how the Christian, Jewish and Islamic traditions have tried to reconcile modern moral certainties with the infallibility of God's message. He lays out how Islam viewed slavery in theory, and the reality of how it was practiced across Islamic civilization. Finally, Brown carefully examines arguments put forward by Muslims for the abolition of slavery.

The Historical Roots of Human Trafficking Makini Chisolm-Straker, Katherine Chon, 2021-05-22 A public health approach to human trafficking requires a nuanced understanding of its root causes. This textbook applies a historical lens to human trafficking from expert resources for the multidisciplinary public health learner and worker. Slaves and Slave Agency in the Ottoman Empire Stephan Conermann, Gül Şen, 2020-05-11 *Slaves and Slave Agency in the Ottoman Empire* offers a new contribution to slavery studies relating to the Ottoman Empire. Given the fact that the classical binary of 'slavery' and 'freedom' derives from the transatlantic experience, this volume presents an alternative approach by examining the strong asymmetric relationships of dependency documented in the Ottoman Empire. A closer look at the Ottoman social order discloses manifold and ambiguous conditions involving enslavement practices, rather than a

single universal pattern. The authors examine various forms of enslavement and dependency with a particular focus on agency, i. e. the room for maneuver, which the enslaved could secure for themselves, or else the available options for action in situations of extreme individual or group dependencies.

The Ethics of Tainted Legacies Karen V. Guth, 2022-07-28 What do we do when a beloved comedian known as 'America's Dad' is convicted of sexual assault? Or when we discover that the man who wrote 'all men are created equal' also enslaved hundreds of people? Or when priests are exposed as pedophiles? From the popular to the political to the profound, each day brings new revelations that respected people, traditions, and institutions are not what we thought they were. Despite the shock that these disclosures produce, this state of affairs is anything but new. Facing the concrete task of living well when our best moral resources are not only contaminated but also potentially corrupting is an enduring feature of human experience. In this book, Karen V. Guth identifies 'tainted legacies' as a pressing contemporary moral problem and ethical challenge. Constructing a typology of responses to compromised thinkers, traditions, and institutions, she demonstrates the relevance of age-old debates in Christian theology for those who confront legacies tarnished by the traumas of slavery, racism, and sexual violence.

Affect, Narratives and Politics of Southeast Asian Migration Carlos M. Piocos III, 2021-02-25 This book explores the politics of gendered labor migration in Southeast Asia through the stories and perspectives of Indonesian and Filipina women presented in films, fiction, and performance to show how the emotionality of these texts contribute to the emergence and vitality of women's social movements in Southeast Asia. By placing literary and filmic narratives of Filipina and Indonesian domestic workers in Hong Kong and Singapore within existing conversations concerning migration policies, the book offers an innovative approach towards examining contemporary issues of Asian migration. Furthermore, through rich ethnographic accounts, the book unpacks themes of belonging and displacement, shame and desire, victimhood and resistance, sacrifice, and grief to show that the stories of Filipina and Indonesian migrant women don't just depict their everyday lives and practices but also reveal how they mediate and make sense of the fraught politics of gendered labor diaspora and globalization. Contributing to the affective turn of feminist and transnational scholarship, the book draws insight from the importance and centrality of affect, emotions, and feelings in shaping discourses on women's subjectivity, labor, and mobility. In addition, the book demonstrates the issues of vulnerability and agency inherent in debates on social exclusion, human rights, development, and nation-building in Southeast Asia. Offering an innovative and multidisciplinary approach to analyses of Asian migration, this book will be of interest to academics in the fields of Asian Studies, literary and cultural studies, film studies, gender and women's studies, and migration studies.

Escape from Slavery Francis Bok, Edward Tivnan, 2007-04-01 In this groundbreaking modern slave narrative, Francis Bok shares his remarkable story with grace, honesty, and a wisdom gained from surviving ten years in captivity. May, 1986:

Selling his mother's eggs and peanuts near his village in southern Sudan, seven year old Francis Bok's life was shattered when Arab raiders on horseback, armed with rifles and long knives, burst into the quiet marketplace, murdering men and women and gathering the young children into a group. Strapped to horses and donkeys, Francis and others were taken north, into lives of slavery under wealthy Muslim farmers. For ten years, Francis lived alone in a shed near the goats and cattle that were his responsibility. Fed with scraps from the table, slowly learning bits of an unfamiliar language and religion, the boy had almost no human contact other than his captor's family. After two failed attempts to escape-each bringing severe beatings and death threats-Francis finally escaped at age seventeen, a dramatic breakaway on foot that was his final chance. Yet his slavery did not end there, for even as he made his way toward the capital city of Khartoum, others sought to deprive him of his freedom. Determined to avoid that fate and discover what had happened to his family on that terrible day in 1986, the teenager persevered through prison and refugee camps for three more years, winning the attention of United Nations officials and being granted passage to America. Now a student and an anti-slavery activist, Francis Bok has made it his life mission to combat world slavery. His is the first voice to speak for an estimated twenty seven million people held against their will in nearly every nation, including our own. *Escape from Slavery* is at once a riveting adventure, a story of desperation and triumph, and a window revealing a world that few have survived to tell.

The Family System of the Paramaribo Creoles Willem F.L. Buschkens,2014-10-22 1.1. General In this book the family life of the lower-class Creole population of 1 Paramaribo will be discussed. This group, which will henceforward be referred to as the lower-class Creoles, possesses a West Indian family system, implying that the latter display all the main characteristics of the Caribbean Afro-American family. The Creoles constitute a numerically important ethnic segment of the society of Surinam. This society is composed of different ethnic groups, comprising, besides a handful of Amerindians, an immigrant population including people from many different parts of the world. It is made up of Creoles, Indians (or Hindustanis, as they are called in Surinam), Indonesians (Javanese), Chinese, Europeans, Lebanese and Bush Negroes, the latter of whom still live predominantly in tribes. The Creoles are the descendants of those Negro slaves brought to Surinam from Africa who did not escape from bondage by running away from the plantations into the Bush, as their brothers the Bush Negroes did. The circumstances under which the bulk of the slaves lived were appalling. Nor were they - or are they still in p at present - much better for their descendants the lower-class Creoles.

Empireworld Sathnam Sanghera,2024-05-07 Bestselling author and journalist Sathnam Sanghera explores the global legacy of the British Empire, and the ways it continues to influence economics, politics, and culture around the world. 2.6 billion people are inhabitants of former British colonies. The empire's influence upon the quarter of the planet it occupied, and its gravitational influence upon the world outside it, has been profound: from the spread of Christianity by missionaries to the shaping international law. Even today, 1 in 3 people drive on the left hand side of the road, an artifact of the British

empire. Yet Britain's idea of its imperial history and the world's experience of it are two very different things. Following in the footsteps of his bestselling book *Empireland: How Imperialism Has Shaped Modern Britain*, Empireworld explores the ways in which British Empire has come to shape the modern world Sanghera visits Barbados, where he uncovers how Caribbean nations are still struggling to emerge from the disadvantages sown by transatlantic slavery. He examines how large charities--like Save the Children and the World Bank--still see the world through the imperial eyes of their colonial founders, and how the political instability of nations, such as Nigeria, for instance, can be traced back to tensions seeded in their colonial foundations. And from the British Empire's role in the transportation of 12.5 million Africans during the Atlantic slave trade, to the 35 million Indians who died due to famine caused by British policy, the British Empire, as Sanghera reveals, was responsible for some of the largest demographic changes in human history. Economic, legal and political systems across the world continue to function along the lines originally drawn by the British Empire, and cultural, sexual, psychological, linguistic, demographic, and educational norms originally established by imperial Britons continue to shape our lives. British Empire may have peaked a century ago, and it may have been mostly dismantled by 1997, but in this major new work, Sathnam Sanghera ultimately shows how the largest empire in world history still exerts influence over planet Earth in all sorts of silent and unsilent ways.

Narrative of James Williams, an American Slave Hank Trent, 2013-11-05 The American Anti-Slavery Society originally published *Narrative of James Williams, an American Slave* in 1838 to much fanfare, describing it as a rare slave autobiography. Soon thereafter, however, southerners challenged the authenticity of the work and the society retracted it.

Abolitionists at the time were unable to defend the book; and, until now, historians could not verify Williams's identity or find the Alabama slave owners he named in the book. As a result, most scholars characterized the author as a fraud, perhaps never even a slave, or at least not under the circumstances described in the book. In this annotated edition of *Narrative of James Williams, an American Slave*, Hank Trent provides newly discovered biographical information about the true author of the book -- an African American man enslaved in Alabama and Virginia. Trent identifies Williams's owners in those states as well as in Maryland and Louisiana. He explains how Williams escaped from slavery and then altered his life story to throw investigators off his track. Through meticulous and extensive research, Trent also reveals unknown details of James Williams's real life, drawing upon runaway ads, court cases, census records, and estate inventories never before linked to him or to the narrative. In the end, Trent proves that the author of the book was truly an enslaved man, albeit one who wrote a romanticized, fictionalized story based on his real life, which proved even more complex and remarkable than the story he told.

Master Slave Husband Wife Ilyon Woo, 2024-01-16 Presents the remarkable true story of Ellen and William Craft, who escaped slavery through daring, determination, and disguise, with Ellen passing as a wealthy, disabled white man and William posing as his slave.

Let My People Go Cal Bombay, 2011-04-13 In the war-ravaged African nation of Sudan, slavery is a way of life. Islamic fundamentalists in the north capture women and children-many of them Christian-in the south and sell them to other northern Muslim as servants and concubines. There they live on table scraps and are forced to convert to Islam. Their stories are devastating, yet their capacity for hope is an inspiration to the world. *Let My People Go* is the gripping, heartrending, sometimes infuriating first person account of a 1997 mission to return Sudanese slaves to their southern homeland, buy them, and set them free in the name of the Lord. It is a story you will never forget.
