The Integrated Curriculum Anthony D. Fredericks,1998-09-15 Expanding literature beyond the covers of a single book into every facet of the curriculum, from reading/language arts to math, social studies, music, physical education, and science and health, this volume is truly a celebration of reading. Thirty-five high-quality books, selected on the basis of interest level and application to the needs of reluctant readers, are presented with critical thinking questions, activities, and a host of other energizing ideas for the reading program, from making wind socks and tree diaries to raising tadpoles and brine shrimp. Guidelines for motivating students and encouraging active participation introduce the concepts and methodology of this exciting approach. Demonstrating the power and beauty of literature, it stimulates the perception of reading not only as a requisite part of every course and every subject, but as a natural and normal part of every student's life. Grades 2-5.

Why the Sun and the Moon Live in the Sky Elphinstone Dayrell,1990-04-01 An African folktale tells how the sun and water once lived on earth as friends, but because the sun failed to build his house large enough, he and his wife, the moon, were driven into the sky when the water came to visit them.

Connecting Cultures Rebecca L. Thomas, 1996-01-30 A comprehensive guide to multicultural literature for children, this valuable resource features more than 1,600 titles—including fiction, folktales, poetry, and song books—that focus on diverse cultural groups. The selected titles, published between the 1970s and 1990s are suitable for use with preschoolers through sixth graders and are likely to be found on the shelves of school and public libraries. Topics are timely, with an emphasis on books that reflect the needs and interests of today's children. Each detailed entry includes bibliographic information. Use level is also included, as are cultural designation, subjects, and a summary. The invaluable Subject Access section incorporates use level culture information.

A to Zoo Rebecca L. Thomas, 2018-06-21 Whether used for thematic story times, program and curriculum planning, readers' advisory, or collection development, this updated edition of the well-known companion makes finding the right picture books for your library a breeze. Generations of savvy librarians and educators have relied on this detailed subject guide to children's picture books for all aspects of children's services, and this new edition does not disappoint. Covering more than 18,000 books published through 2017, it empowers users to identify current and classic titles on topics ranging from apples to zebras. Organized simply, with a subject guide that categorizes subjects by theme and topic and subject headings arranged alphabetically, this reference applies more than 1,200 intuitive (as opposed to formal catalog) subject

terms to children's picture books, making it both a comprehensive and user-friendly resource that is accessible to parents and teachers as well as librarians. It can be used to identify titles to fill in gaps in library collections, to find books on particular topics for young readers, to help teachers locate titles to support lessons, or to design thematic programs and story times. Title and illustrator indexes, in addition to a bibliographic guide arranged alphabetically by author name, further extend access to titles.
