The Dark Journey Hoa Minh Truong, Minh Hoa Truong, 2010 Two days after Saigon fell to the communists, Hoa Minh Truong walked along the path leading to the Tan Xuyen village council. He had been there many times during his army service but this time he was filled with fear. The extra-tight security included a young Viet Cong trooper who clutched a Russian-made AK-47 automatic rifle in his small hands. The gun was just one of many multi-death tools supplied in the name of revolution by the major communist powers to Vietnam's communists. The trooper could not have been more than fifteen years old. In the yard next to the building Hoa noticed a huge heap of uniforms, helmets, boots, belts and ammunition. All of these items had been dumped there when the South Vietnam government surrendered and ordered its forces to disarm. Hoa was on the losing side of the war for reasons that, to him, remained unclear and unacceptable. Now, he and many thousands of others were being forced into so-called re-education camps. Held there without trial, these prisoners faced terrible conditions and cruel punishments. Many did not survive, but Hoa did. In this remarkable book, he offers his story to the world. Author Hoa Minh Truong is a well-published author of fiction, non-fiction and poetry in the Vietnamese language. He now lives in Perth, Australia with his wife and daughter.

The Bloody Experience's Hell Reeducation Camp Quang Hong Mac (Raphael M.V. Mac), 2020-06-27 Time was meaningless. Death was waiting. Anything touching ground zero that showed the barbarous revenge of the Vietcong ended in a dried bloodbath for whoever served South Vietnam's government. This all happened after North Vietnam's last invasion succeeded on April 30, 1975. Humanity absented itself into the hell of a prison that was called re-education. Vietcong killed the soldiers and public servants of South Vietnam using the cruel methods of the Khmer Rouge in Cambodia. Prisoners were executed, tortured, lacked food, endured illness without medicine, and were subjected to forced labor, which created spiritual intimidation. The Vietcong killed about 165,000 among 800,000 prisoners, while the leftists in society concealed the human rights violations of the Vietcong. Author Quang Hong Mac survived, escaping by boat after spending more than five years in a Vietcong re-education camp. He resettled in the U.S. and continues to fight for democracy. Sharing his untold

stories with U.S. public officials and another former Vietcong prisoner, this book was written to debunk paranoid socialists in democratic countries. The author believes his book can inform the Western World the truth about communism and socialism.

Detention Camps in Asia, 2022-05-20 Why have Asian states – colonial and independent – imprisoned people on a massive scale in detention camps? How have detainees experienced the long months and years of captivity? And what does the creation of camps and the segregation of people in them mean for society as a whole? This ambitious book surveys the systems of detention camps set up in Asia from the beginning of the 20th century in The Philippines, Indonesia, Japan, Malaya, Myanmar (Burma), Vietnam, Timor, Korea and China.

Prisoner of the Word Hữu Tri Lê, 2001 Le Hu'u Tri chronicles the experiences he had during the years he spent in a Vietnamese reeducation camp.

In Camps Jana K. Lipman, 2020-06-02 Robert Ferrell Book Prize Honorable Mention 2021, Society for Historians of American Foreign Relations Book Award for Outstanding Achievement in History Honorable Mention 2022, Association for Asian American Studies After the US war in Vietnam, close to 800,000 Vietnamese left the country by boat, survived, and sought refuge throughout Southeast Asia and the Pacific. This is the story of what happened in the camps. *In Camps* raises key questions that remain all too relevant today: Who is a refugee? Who determines this status? And how does it change over time? From Guam to Malaysia and the Philippines to Hong Kong, *In Camps* is the first major work on Vietnamese refugee policy to pay close attention to host territories and to explore Vietnamese activism in the camps and the diaspora. This book explains how Vietnamese were transformed from de facto refugees to individual asylum seekers to repatriates. Ambitiously covering people on the ground—local governments, teachers, and corrections officers—as well as powerful players such as the UN High Commissioner for Refugees and the US government, Jana Lipman shows that the local politics of first asylum sites often drove international refugee policy. Unsettling most accounts of Southeast Asian migration to the US, *In Camps* instead emphasizes the contingencies inherent in refugee policy and experiences.

South Vietnamese Soldiers Nathalie Huynh Chau Nguyen, 2016-03-21 Published on the 40th anniversary of the end of the war in Vietnam, this book brings to life the experiences and memories of South Vietnamese soldiers—the forgotten combatants of this controversial conflict. South Vietnam lost more than a quarter of a million soldiers in the Vietnam War, yet the histories of these men—and women—are largely absent from the vast historiography of the conflict. By focusing on oral histories related by 40 veterans from the former Republic of Vietnam Armed Forces, this book breaks new ground, shedding light on an essentially unexplored aspect of the war and giving voice to those who have been voiceless. The experiences of these former soldiers are examined through detailed firsthand accounts that feature two generations and all branches of the

service, including the Women's Armed Forces Corps. Readers will gain insight into the soldiers' early lives, their military service, combat experiences, and friendships forged in wartime. They will also see how life became worse for most in the aftermath of the war as they experienced internment in communist prison camps, discrimination against their families on political grounds, and the dangers inherent in escaping Vietnam, whether by sea or land. Finally, readers will learn how veterans who saw no choice but to leave their homeland succeeded in rebuilding their lives in new countries and cultures.

American-Vietnamese Relations in the Wake of War Cécile Menétrey-Monchau,2017-02-10 When the Vietnam War ended with the North Vietnamese capture of Saigon on April 30, 1975--27 months after a cease-fire had been signed in Paris--the differences between the United States and Vietnam were far from being resolved. Mutual bitterness regarding the war

remained. Newly unified Vietnam wanted normalization of relations and the subsequent economic reconstruction aid promised in the Paris Peace Accords. Understandably wary of such diplomatic relations, the United States requested information regarding soldiers listed as missing in action and assistance with the repatriation of military remains. A series of misconceptions and misunderstandings as well as changes from a regional to a global U.S. foreign policy left both countries bereft of an easy solution. This book describes the negotiations during the late Ford and early Carter administrations (1975-1979) and discusses the repercussions the diplomatic stalemate had on the domestic and international politics of the United States and Vietnam, emphasizing the conflicting priorities and political goals of both countries, at home and abroad. This previously neglected period in United States-Vietnam relations deals with issues such as Hanoi's constant exultation over the victory, American denial of responsibility, the division between the presidents' public declarations and congressional policies, and both sides' use of the MIA issue. Based primarily on recently declassified documents and former U.S. official Douglas Pike's uncensored collection, the work also makes use of media press sources from America, Vietnam, Britain, France and China. Interviews with Vietnamese immigrants and former U.S. politicians provide insight unavailable in written histories. Appendices contain the February 1973 correspondence between President Nixon and the Prime Minister of the Democratic Republic of Vietnam, six diplomatic notes from 1976, and a January 30, 1979, letter from President Carter to Chinese Vice Premier Deng Xiaoping.

The ARVN and the Fight for South Vietnam Nghia M. Vo, 2021-09-08 With the withdrawal of French forces from South Vietnam in 1955, the U.S. took an ever-widening role in defending the country against invasion by North Vietnam. By 1965, the U.S. had Americanized the war, relegating the Army of the Republic of Vietnam (ARVN) to a supporting role. While the U.S. won many tactical victories, it had difficulty controlling the territory it fought for. As the war grew increasingly unpopular with the American public, the North Vietnamese launched two large-scale invasions in 1968 and 1972--both tactical defeats but strategic victories for the North that precipitated the U.S. policy of Vietnamization, the drawdown of American forces that left the ARVN to fight alone. This book examines the maturation of the ARVN, and the major battles it fought from 1963 to its demise in 1975. Despite its flaws, the ARVN was a well-organized and disciplined force with an independent spirit and contributed enormously to the war effort. Had the U.S. Vietnamized the war earlier, it might have been won in 1967-1968.

The Encyclopedia of the Vietnam War Bloomsbury Publishing, 2011-05-20 Now in its second edition, this comprehensive study of the Vietnam War sheds more light on the longest and one of the most controversial conflicts in U.S. history. The Vietnam War lasted more than a decade, was the longest war in U.S. history, and cost the lives of nearly 60,000 American soldiers, as well as millions of Vietnamese—many of whom were uninvolved civilians. The lessons learned from this tragic conflict continue to have great relevance in today's world. Now in its second edition, *The Encyclopedia of the Vietnam War: A Political, Social, and Military History* adds an entire additional volume of entries to the already exhaustive first edition, making it the most comprehensive reference available about one of the most controversial events in U.S. history. Written to provide multidimensional perspectives into the conflict, it covers not only the American experience in Vietnam, but also the entire scope of Vietnamese history, including the French experience and the Indochina War, as well as the origins of the conflict, how the United States became involved, and the extensive aftermath of this prolonged war. It also provides the most complete and accurate order of battle ever published, based upon data compiled from Vietnamese sources. This latest release delivers even more of what readers have come to expect from the editorship of Spencer C. Tucker and the military history experts at ABC-CLIO.
