

# 1920s California Bungalow Interior

## E. W. Stillwell & Co.

Old House Interiors, 1999-09 National architectural magazine now in its fifteenth year, covering period-inspired design 1700-1950. Commissioned photographs show real homes, inspired by the past but livable. Historical and interpretive rooms are included; new construction, additions, and new kitchens and baths take their place along with restoration work. A feature on furniture appears in every issue. Product coverage is extensive. Experts offer advice for homeowners and designers on finishing, decorating, and furnishing period homes of every era. A garden feature, essays, archival material, events and exhibitions, and book reviews round out the editorial. Many readers claim the beautiful advertising—all of it design-related, no “lifestyle” ads—is as important to them as the articles.

West Coast Bungalows of the 1920s E. W. Stillwell & Co., 2012-06-11 It is better to build a small house than to overburden the budget with debt for a larger one, advised the noted architectural firm of Stillwell & Company. In their guide to economical homes, the Los Angeles-based builders declared, A beautiful small house is just as expressive of character, aims, and aspirations as the large house. Mere size is a waste of money and human endeavor. A reaction to the excesses of the Victorian era, the modest bungalow provided a practical, affordable answer to the huge demands of California's housing market in the 1920s. This handsome reprint of a Stillwell & Company catalog is an ideal resource for 21st-century bungalow buyers and renovators as well as for builders seeking details of authentic materials and techniques. Its 50 examples of the classic California bungalow style include magnificently reproduced photographs, in addition to floor plans, estimated costs, and descriptions of exteriors and interiors.

**California Bungalows of the Twenties** Henry Lawrence Wilson, 1993-03-24 Reprint of rare catalog includes front or front-angled elevations, floor plans and interior sketches for dozens of authentic bungalow designs, many unique to the California landscape. Detailed descriptions point out special features and possibilities of each design, and include estimates of costs. 231 black-and-white illustrations.

**Old House Interiors**, 1996 National architectural magazine now in its fifteenth year, covering period-inspired design 1700-1950. Commissioned photographs show real homes, inspired by the past but livable. Historical and interpretive rooms are included; new construction, additions, and new kitchens and baths take their place along with restoration work. A feature on furniture appears in every issue. Product coverage is extensive. Experts offer advice for homeowners and designers on

finishing, decorating, and furnishing period homes of every era. A garden feature, essays, archival material, events and exhibitions, and book reviews round out the editorial. Many readers claim the beautiful advertising—all of it design-related, no “lifestyle” ads—is as important to them as the articles.

*American Bungalow Style* Robert Winter, 1996-05 In the tradition of The Wright Style, this lush volume captures the charm of that Arts and Crafts-era building type called the bungalow--and provides a wealth of ideas for restoring and decorating these historic American homes. 300+ full-color photos. 14 black & white photos. Line drawings.

Old-House Journal, 1993-03 Old-House Journal is the original magazine devoted to restoring and preserving old houses. For more than 35 years, our mission has been to help old-house owners repair, restore, update, and decorate buildings of every age and architectural style. Each issue explores hands-on restoration techniques, practical architectural guidelines, historical overviews, and homeowner stories--all in a trusted, authoritative voice.

**California Design, 1930-1965** Wendy Kaplan, 2011-09-16 The first comprehensive examination of California's mid-century modern design, generously illustrated. In 1951, designer Greta Magnusson Grossman observed that California design was “not a superimposed style, but an answer to present conditions.... It has developed out of our own preferences for living in a modern way.” California design influenced the material culture of the entire country, in everything from architecture to fashion. This generously illustrated book, which accompanies a major exhibition at the Los Angeles County Museum of Art, is the first comprehensive examination of California's mid-century modern design. It begins by tracing the origins of a distinctively California modernism in the 1930s by such European émigrés as Richard Neutra, Rudolph Schindler, and Kem Weber; it finds other specific design influences and innovations in solid-color commercial ceramics, inspirations from Mexico and Asia, new schools for design training, new concepts about leisure, and the conversion of wartime technologies to peacetime use (exemplified by Charles and Ray Eames's plywood and fiberglass furniture). The heart of California Design is the modern California home, famously characterized by open plans conducive to outdoor living. The layouts of modernist homes by Pierre Koenig, Craig Ellwood, and Raphael Soriano, for example, were intended to blur the distinction between indoors and out. Homes were furnished with products from Heath Ceramics, Van Keppel-Green, and Architectural Pottery as well as other, previously unheralded companies and designers. Many objects were designed to be multifunctional: pool and patio furniture that was equally suitable indoors, lighting that was both task and ambient, bookshelves that served as room dividers, and bathing suits that would turn into ensembles appropriate for indoor entertainment. California Design includes 350 images, most in color, of furniture, ceramics, metalwork, architecture, graphic and industrial design, film, textiles, and fashion, and ten incisive essays that trace the rise of the California design aesthetic.

**Old House Interiors**, 2008-01 National architectural magazine now in its fifteenth year, covering period-inspired design 1700-1950. Commissioned photographs show real homes, inspired by the past but livable. Historical and interpretive rooms

are included; new construction, additions, and new kitchens and baths take their place along with restoration work. A feature on furniture appears in every issue. Product coverage is extensive. Experts offer advice for homeowners and designers on finishing, decorating, and furnishing period homes of every era. A garden feature, essays, archival material, events and exhibitions, and book reviews round out the editorial. Many readers claim the beautiful advertising—all of it design-related, no “lifestyle” ads—is as important to them as the articles.

*Old-House Journal*, 2002-05 *Old-House Journal* is the original magazine devoted to restoring and preserving old houses. For more than 35 years, our mission has been to help old-house owners repair, restore, update, and decorate buildings of every age and architectural style. Each issue explores hands-on restoration techniques, practical architectural guidelines, historical overviews, and homeowner stories—all in a trusted, authoritative voice.

**Australian Houses of the '20s and '30s** Peter Cuffley, 1989

**The Mississippi Encyclopedia** Ted Ownby, Charles Reagan Wilson, Ann J. Abadie, Odie Lindsey, James G. Thomas Jr., 2017-05-25 Recipient of the 2018 Special Achievement Award from the Mississippi Institute of Arts and Letters and Recipient of a 2018 Heritage Award for Education from the Mississippi Heritage Trust The perfect book for every Mississippian who cares about the state, this is a mammoth collaboration in which thirty subject editors suggested topics, over seven hundred scholars wrote entries, and countless individuals made suggestions. The volume will appeal to anyone who wants to know more about Mississippi and the people who call it home. The book will be especially helpful to students, teachers, and scholars researching, writing about, or otherwise discovering the state, past and present. The volume contains entries on every county, every governor, and numerous musicians, writers, artists, and activists. Each entry provides an authoritative but accessible introduction to the topic discussed. The Mississippi Encyclopedia also features long essays on agriculture, archaeology, the civil rights movement, the Civil War, drama, education, the environment, ethnicity, fiction, folklife, foodways, geography, industry and industrial workers, law, medicine, music, myths and representations, Native Americans, nonfiction, poetry, politics and government, the press, religion, social and economic history, sports, and visual art. It includes solid, clear information in a single volume, offering with clarity and scholarship a breadth of topics unavailable anywhere else. This book also includes many surprises readers can only find by browsing.

*Bungalow Details* Jane Powell, 2006 In this follow-up to the popular *Bungalow Details: Exterior*, the authors go inside the bungalow to identify and explain the wonderful details that make a bungalow authentic, from wood floor to beamed ceiling.

*The Old-house Journal*, 2001

**Australian Houses of the Twenties & Thirties** Peter Cuffley, 1997-08 Reissue of a detailed study of domestic architecture in Australia during the 1920s and 1930s including plans, photographs and diagrams. Includes descriptions of international influences of the time, colours, soft-furnishings, furniture, household utensils, gardens and fences popular at

the time as well as a study of all aspects of Australian cultural history and domestic life. With bibliography and index. First published in 1989. The author was curator of history at Sovereign Hill in Ballarat, Victoria, and currently works as a consultant on period restoration and design. He is author of several other books including 'Cottage Gardens in Australia', 'Australian Houses of the Forties & Fifties', 'Chandeliers and Billy Tea' and 'Buggies and Horse-drawn Vehicles in Australia'.

**Daily Life in Jazz Age America** Steven L. Piott,2019-06-14 This volume reveals the everyday actions of individuals and their reflections on their lives during the 1920s. The Jazz Age was a tumultuous time for Americans as they attempted to come to terms with modernity. Daily Life in Jazz Age America tells the story of how all Americans—blacks and whites, women and men, workers, employers, consumers, and activists—contended with new cultural attitudes as well as persistent racial, ethnic, and class tensions. The book provides a broad examination of American society during the 1920s. Organized thematically, it covers rural and urban America; the changing nature of gender relationships; race relations; popular culture; the rise of mass spectator sports; and religion. Appropriate for general readers and students of history, Daily Life in Jazz Age America provides an informed and compelling narrative history and analysis of daily life within the context of broad historical change.

**The Bungalow** Paul Duchscherer,1995 In the very early years of the century America was putting down its roots and searching for its own identity in housing architecture. It wasn't until the bungalow style emerged unfettered by Greek, Gothic, or Italianate overtones that America finally had a domestic architectural style to call its own.

**Bungalow Kitchens** Jane Powell,2009-09 Filled with handsome photographs of retro-style kitchens, this is a what to book for those who want to learn how to restore or re-create a bungalow-era kitchen. It is filled with invaluable information describing what was in these kitchens, when it was available, and how it went together. You will be inspired to re-create the Bungalow aesthetic of old while enjoying contemporary conveniences.

**Vancouver Past: Essays in Social History** Robert A. J. McDonald,Jean Barman,1986-01-01 Focusing on Vancouver's social history, the essays written for this special edition of BC Studies treat hitherto neglected areas of the city's past and bring new insights into how its residents lived and worked. Receiving particular attention is the socio-economic and residential structure of Vancouver with one author arguing that the city's economy created an urban working class which was at once more complex and politically more conservative than that of the highly polarized communities on Vancouver Island and in the Interior.

**The Metropolitan Frontier** Carl Abbott,1993-11-01 When the American West represented the country's frontier, many of its cities may have seemed little more than trading centers to serve the outlying populace. Now the nation's most open and empty region is also its most heavily urbanized, with eighty percent of Westerners living in its metropolitan areas. The process of urbanization that had already transformed the United States from a rural to an urban society between 1815 and

1930 has continued most clearly and completely in the modern West, where growth since 1940—spurred by mobilization for World War II—has constituted a distinct era in which Western cities have become national and even international pacesetters. The Metropolitan Frontier places this last half-century of Western history in its urban context, making it the first comprehensive overview of urban growth in the region. Integrating the urban experience of all nineteen Western states, Carl Abbott ranges from evidence from Honolulu to Houston and from Fargo to Fairbanks to show how Western cities organize the region's vast spaces and connect them to the even larger sphere of the world economy. His survey moves from economic change to social and political response, examining the initial boom of the 1940s, the process of change in the following decades, and the ultimate impact of Western cities on their environments, on the Western regional character, and on national identity. Today, a steadily decreasing number of Western workers are engaged in rural industries, but Western cities continue to grow. As ecological and social crises begin to affect those cities, Abbott's study will prove required reading for historians, geographers, sociologists, urban planners, and all citizens concerned with America's future.

**Old-House Journal**, 1994-11 Old-House Journal is the original magazine devoted to restoring and preserving old houses. For more than 35 years, our mission has been to help old-house owners repair, restore, update, and decorate buildings of every age and architectural style. Each issue explores hands-on restoration techniques, practical architectural guidelines, historical overviews, and homeowner stories—all in a trusted, authoritative voice.

This Engaging Realm of Kindle Books: A Comprehensive Guide Unveiling the Pros of E-book Books: A Realm of Ease and Versatility Kindle books, with their inherent mobility and ease of access, have liberated readers from the limitations of hardcopy books. Done are the days of carrying cumbersome novels or meticulously searching for specific titles in bookstores.
