The Psychology of Fear in Organizations Sheila Keegan, 2015-02-03 In the context of global economic recession, fear has become institutionalized in many organizations, both in the private and public sectors. Board directors are under pressure from shareholders, senior executives are attempting to maintain sales in a nervous market and many people are concerned about job security and maintaining their living standards. The Psychology of Fear in Organizations shows how fear manifests itself in large organizations, how it impacts on the workforce and how by reducing our willingness to take risks and to innovate, it can inhibit economic growth and innovation, at both an individual and corporate level. The Gifts of Imperfection by Brene Brown | A 30-minute Summary Instaread Summaries, 2014-10-02 PLEASE NOTE: This is a summary of the book and NOT the original book. *The Gifts of Imperfection* by Brene Brown | A 30-minute Summary Inside this Instaread Summary: • Overview of the entire book • Introduction to the important people in the book • Summary and analysis of all the chapters in the book • Key Takeaways of the book • A Reader's Perspective Preview of this summary: Chapter 1 It is necessary to practice courage, compassion, and connection on a daily basis in order to develop worthiness. It is a mistake to try and win someone over, because it means trading in the sense of self in search of approval from another. By doing this, people stop believing in their own worth. The first step toward living wholeheartedly is for people to have the courage to reach out to others and to share their own stories of shame. When in need of compassion, people should reach out to the right person, someone who supports them whether they are feeling strong or whether they are struggling. When people are willing to reveal that they are imperfect and real, their relationships are strengthened. They make a connection. This is why courage, compassion, and connection are the gifts of imperfection. Courage is displayed when people are willing to speak honestly and openly about who they are, what they are feeling, and their experiences both good and bad. Courage is about being vulnerable. It takes courage for someone to ask for what he or she needs and to risk disappointment. When one person has courage, it can create a ripple effect, making others around that person a little braver. Compassion is a relationship between two equals. It occurs when people recognize they share humanity with others. The heart of compassion is acceptance by people of themselves and of others. In order for compassion to occur, people need to

set boundaries and hold others accountable for their behavior. The key to compassion is being able to separate people from their behaviors. It is necessary to address what people do, not who they are. Connection exists as the energy between people who feel they have been seen, heard, and valued without judgment. People feel strengthened by this relationship and need connection to do well emotionally, physically, spiritually, and intellectually. Connections happen when people both give and receive with an open heart. Chapter 2 Love and belonging are necessary in people's lives. In order for people to experience love and belonging, they must believe they are worthy. People who accept themselves for who they are and who stop worrying about what others think are worthy of love and belonging. At the heart of wholeheartedness is that people have to believe they are worthy now, as they are, not if or when they become or do something in the future....

Over the River and through the Fire Sherry Lewton, 2022-09-29 Heartache and brokenness are universal. When our lives are thrown into the fire, it will either make us or break us. In her memoir, author Sherry Lewton recounts events from her past that ignited her own fires, throwing her life into a blaze of secrecy, shame, despair, and devastation. Throughout those tumultuous years of painful experiences, roadblocks springing up to hinder recovery are labeled and defined. Of all the roadblocks, she acknowledges that it was her own self that was often the greatest obstacle preventing recovery. But Sherry unashamedly proclaims how choosing to focus on God alone as the only answer, and the only one who could heal her broken heart, led her to find her way to the path that could lead her out of the fire and into triumphant living. With no desire for platitudes, pat answers, or shaming techniques to infiltrate her message, she seeks to tenderly offer hope to her readers through an unwavering and passionate desire to inspire those who find themselves engulfed in fiery trials to let go of selfish motives and desires. In doing so, roadblocks that hinder recovery are removed, and we can then gain freedom to reach out our hearts and hands to a broken and hurting world. No other way will satisfy.

In her timely and thought-provoking book, Cindy gives a unique macro perspective of what she calls “the hidden forces behind your money,” which are the unseen political and economic forces that may influence your investment decisions. Redefining Financial Literacy can help you • Understand the complex macro forces that you cannot control, yet could determine your financial future, • Take actionable steps to regain command of your retirement strategy, • Build a retirement with potential durable income strategies, lesser volatility, and risk-adjusted returns. Redefining Financial Literacy and Cindy’s innovative REALM model can open your eyes to investment possibilities while helping you regain confidence in the American dream. Wandering the Wilderness Ray R. Friesen, 2020-03-16 Wandering the Wilderness is a guidebook for individuals who are unsure of their path or are questioning the trails they were taught in the past. Author Ray Friesen is a former pastor and at the same time a life long “believing skeptic.” He’s an advocate for “abundant living” and the guideposts that mark it, as outlined by “Wholehearted Living” researcher Dr. Brené Brown (The Gifts of Imperfection). This informs Friesen’s thoughtful submission for a renewed approach to finding meaning in a life informed by the Bible in a time when the relevance of those

Ancient Writings is often thrown into question. In *Wandering the Wilderness*, Friesen has us stop, listen, and learn at thirteen “trail posts” along life’s pilgrimage. In addition to Brown, he draws on the Ancient Writings (Bible) with the help of scholars like Walter Brueggemann, Eugene Peterson, and Peter Enns. All of this is shaped in the context of his personal life experiences, including his journey with cancer and chemotherapy. The result is a book for all who are looking for a path in their own wilderness. He invites the reader to understand that developing a Christian faith and spirituality can help re energize a life at times burdened with difficulty or plagued with aimlessness, even, maybe especially, in this post-modern age. Here is a thoughtful, informed guide for wanderers weary from the journey and skeptics wondering where or if faith still matters. Whether you read it alone or with fellow wanderers and/or skeptics wishing to believe, *Wandering the Wilderness* has the potential to transform your wandering.

The Way of Hope Melissa Fisher, 2017-07-04 Most churches today struggle to answer the same-sex relationship debate that is quickly transforming our culture, our kids, and our churches. As a result, Christians struggle to demonstrate love and grace to those with same-sex attraction. That means that more and more people who are looking for truth and a place where they belong are deciding that the church is either indifferent to their struggle or outright hostile to people like them. There's a better way--the way of hope. With deep understanding born from her own painful experiences, Melissa Fisher shows that somewhere between the extremes of condemning and condoning is compassion. In this book, she aims to equip the church to make a positive difference in the lives of those hurting from relational or sexual brokenness. Perfect for pastors, parents, siblings, and friends of the ten million people in America who identify as LGBTQ, who long to love them well.
