Minority Languages, National Languages, and Official Language Policies Gillian Lane-Mercier, Denise Merkle, Jane Koustas, 2018-12-30 In a context where linguistic and cultural diversity is characterized by ever-increasing complexity, adopting official multilingual policies to correct a country's ethno-linguistic, socio-economic, and symbolic imbalances presents many obstacles, but the greatest challenge is implementing them effectively. To what degree and in what ways have official multilingualism and multiculturalism policies actually succeeded in attaining their goals? Questioning and challenging foundational concepts, *Minority Languages, National Languages, and Official Language Policies* highlights the extent to which governments and international bodies are unable to manage complex linguistic and cultural diversity on an effective and sustained basis. This volume examines the principles, theory, intentions, and outcomes of official policies of multilingualism at the city, regional, and national levels through a series of international case studies. The eleven chapters – most focusing on lesser-known geopolitical contexts and languages – bring to the fore the many paradoxes that underlie the concept of diversity, lived experiences of and attitudes toward linguistic and cultural diversity, and the official multilingual policies designed to legally enhance, protect, or constrain otherness. An authoritative source of new and updated information, offering fresh interpretations and analyses of evolving sociolinguistic and political phenomena in today's global world, *Minority Languages, National Languages, and Official Language Policies* demonstrates how language policies often fail to deal appropriately or adequately with the issues they are designed to solve.

Language and National Identity in Africa Andrew Simpson, 2008-02-07 This book focuses on language, culture, and identity in nineteen countries in Africa. Leading specialists, mainly from Africa, describe national linguistic and political histories, assess the status of majority and minority languages, and consider the role of language in ethnic conflict.

Four Decades in the Study of Nigerian Languages and Linguistics Ndimele, Ozo-mekuri, 2019-03-31 This volume is produced in commemoration of the official retirement of Professor Kay Williamson from the Department of Linguistics and Communication Studies, University of Port Harcourt, Nigeria. The contributing essayists cover five main generations of Nigerian linguists. The collection is divided into six sections: Language, history and Society; Applied Linguistics and Orthography Design; Gender and Communication Studies; Stylistics and Literature; Pragmatics, Discourse Analysis and Translation; and Formal Linguistics. Some of the contributors include: Ayo Bamgbose, Okon Essie, Ben Elugbe, P.A.

Nwachukwu, E.N. Emenanjo, P. Anagbogu, Chinyere Ohiri-Aniche, O.M. Ndimele, O.G. Harry, Levi Igwe, C.U. Omego, O. Ojukwu, A.U. Weje, O.N. Anyanwu and A. Idafuro.

An Introduction to Language and Linguistics Ralph Fasold, Jeffrey Connor-Linton, 2006-03-09 This accessible textbook offers balanced and uniformly excellent coverage of modern linguistics.

Multilingualism, Minority Languages, and Language Policy in Nigeria E. Nolu Emenanjo, 1990

Nigerian Cultural History and Challenges of Postcolonial Development Aderemi Suleiman Ajala, Samuel Oluwale Ogundele, 2023-04-05 An inspiring editorial analysis and interpretation of aspects of Nigerian history, culture, and politics, from mankind's archaeological past to ethnographic present, this book contextualises cultural history as instrument of sustainable development in postcolonial Nigeria. Nigeria's rich cultural history defines its physical environment, cultural diversities, early industrial technology and even its various challenges of development. Yet, little is achieved in engaging cultural history as cultural experience for the country's development. The gains of cultural history as a mirror of the past and inspiration for development is ignored. This difficulty in harnessing the potential for development in Nigeria found in the country's cultural history leaves us vulnerable to repeating past mistakes. The book is accessible, and aimed at giving the readers a unique and expansive understanding of history, cultural knowledge, and their applications in Nigerian postcolonial development agendas. This makes the book essential for scholars of anthropology, archaeology, history, linguistics, sociology, political science, and geography, as well as policy makers.

A Roadmap for Understanding African Politics Victor Oguejiofor Okafor, 2013-09-13 This book examines the impact of post-colonial leadership on political integration in Nigeria, offering an in-depth understanding of the historical and contemporary forces that shape Nigeria's national politics as well as African politics generally. Okafor discusses how Nigeria's pre-colonial and colonial political histories along with contemporary external forces like neo-colonialism, as well as internal social, economic and political structures and developments, have affected emerging post-independence politics in the country. The study climaxes with an Africa-centered theory of political and integrative leadership and then uses it as a prism for analyzing six Nigerian post-independence political leaderships, encompassing Nigeria's First and Second Republics, along with their military interregna. The concluding chapter includes a discussion of the implications of the study for leadership and political integration in Africa in general.

In the Linguistic Paradise Ozo-mekuri Ndimele, 2019-02-19 In the Linguistic Paradise is the second volume in the Nigerian Linguists Festschrift Series. The motivating force behind the establishment of the Festschrift Series is to honour outstanding scholars who have excelled in the study of languages and linguistics in Nigeria. This volume is dedicated to Professor E. Nolu Emenanjo, a celebrated linguist and a pioneer professor of Igbo Linguistics. The book is organised in five sections, as follows: Language, History and Society; Literature, Stylistics and Pragmatics; Applied Linguistics; Formal

Linguistics; and Tributes. There are 15 papers in the first section the majority address the perennial problem of language choice in Nigeria. Section two contains 10 papers focusing on literature, stylistics and pragmatics. Section three contains 17 papers a sizeable number of which focus on language teaching and learning, two are on lexicography, while others are on language engineering. Section three contains 16 papers focusing on the core areas of linguistics. In section four a biographical profile of Professor E. Nolue Emenanjo and list of publications is presented, while Nwadike examines the contributions of Emenanjo in Igbo Studies.

Language Planning and Policy in Africa Richard B. Baldauf, Robert B. Kaplan, 2007-01-01 A longer-range purpose is to collect comparable information on as many polities as possible in order to facilitate the development of a richer theory to guide language policy and planning in other polities that undertake the development of a national policy on languages. This volume is part of an areal series which is committed to providing descriptions of language planning and policy in countries around the world.--BOOK JACKET.

Multilingualism Efurosibina E. Adegbija, 2004 Adegbija puts a national and international, searchlight on the Nigerian socio-linguistic, scenario through a description and analysis of the, language landscape in its various, ramifications. He provides a readily accessible stimulating and fairly comprehensive description, of the language situation, including the functions, of languages, language choice, language attitudes the plight and destiny of minority languages and, the planning, management and engineering of, multilingualism in the Nigerian context.

Current Trends in Nigerian Pidgin English Akinmade T. Akande, Oladipo Salami, 2021-10-25 This book focuses on the structure and sociolinguistics of Nigerian Pidgin English. Its major aim is to serve as a compendium which touches different major aspects of NPE as it has been observed that earlier works in this area have focused only on one aspect or the other. It will offer a broad survey of the form and functions of Nigerian Pidgin (NP) in different domains. The book promises to investigate the use of NP in such domains as popular culture, advertisement, social media and online discussion fora. One major strong point of this volume is the fact that it will direct attention to different fertile areas of NP by focusing, inter alia, on its social functions, its morphology and syntax, its regional varieties, its (possible) use as a viable medium of instruction in school, the changing attitudes of people towards its use, the place of NP in relation to language planning and policy in Nigeria as well as sociolinguistic variation within NP. The book will make a significant contribution to the existing literature on NP as, unlike earlier studies in this area, it will explore the grammatical, sociolinguistic and perceptual aspects of the language. By bringing together the expertise of renowned Nigerian and international scholars who have conducted research in this area, the volume will be an essential resource for researchers, graduate and undergraduate students interested not only in Nigerian Pidgin but also on contact linguistics.

Handbook of Research on Examining Cultural Policies Through Digital Communication Önay Dogan, Betül, Gül Ünlü,

Derya,2018-11-09 Culture is one of the most important elements for explaining individuals' behaviors within the social structure. It meets the various social needs of members of a society by directing how individuals must react to various events and how to act in specific circumstances. A planned and systematic process is required for disseminating this cultural accumulation as a policy, which is produced collectively by all members within their everyday life practices. The Handbook of Research on Examining Cultural Policies Through Digital Communication provides emerging research on this aspect of cultural policy, which is formed within the framework of this systematic process in a strategic manner and can be defined as various activities of the state intended for art, human sciences, and cultural inheritance. Creating such cultural policies involves the establishment of measures and organizations required for the development of each individual, providing economic and social facilities, all of which are actions intended for directing society. Featuring coverage on a broad range of topics such as long-distance education, digital citizenship, and public diplomacy, this book is ideally designed for academicians, researchers, advanced-level students, sociologists, international and national organizations, and government officials.

National Consciousness for Nigeria Nigerian Association of General Studies. Conference,1987

Nigerian Languages, Literatures, Culture and Reforms Ozo-mekuri Ndimele,2016-04-30 The papers in this volume were selected from the Silver Jubilee edition of the Annual Conference of the Linguistic Association of Nigerian (LAN) which was held at the Nigerian Educational Research and Development Council (NERDC), Abuja, Nigeria. The Silver Jubilee edition is dedicated to the father of Nigerian Linguistics, Professor Emeritus Ayo Bamgbose. Professor Emeritus Bamgbose was the first indigenous Professor of Linguistics in Nigeria, and the first black African to teach linguistics in any known university south of the Sahara. He was there from the very beginning, and together with co-operation of people such as the late Professor Kay Williamson, he nurtured Nigerian linguistics. He is not just a foremost Nigerian linguist, but also a most famous, respected, celebrated, distinguished, and cherished African linguist of all times. To be candid, Nigerian linguistics is synonymous with Professor Emeritus Bamgbose. In 58 well-written chapters by experts in their fields, the book covers aspects of Nigerian languages, linguistics, literatures and culture. The papers have not been categorized into sections; rather they flow, hence there is some overlapping in the arrangement. The book is an essential resource for all who are interested to learn about current trends in the study of languages, linguistics and related subject-matters in Nigeria.

Convergence: English and Nigerian Languages Ndimele, Ozo-mekuri,2016-02-22 The present volume, which is the 5th in the Nigerian Linguists Festschrift Series, is devoted to Professor Munzali A. Jibril, a celebrated icon in university administration, and an erudite Professor of English Linguistics. The title of this special edition was specifically chosen to crown Professor Jibril's academic prowess in both English and indigenous Nigerian languages, and to mark and laud his official departure from active university lectureship. 72 assessed papers are included from the many submitted. Papers cover

the main theme of the volume, i.e. the interaction between English and indigenous Nigerian languages, and there are a number of papers on other secular areas of linguistics such as: language and history, language planning and policy, language documentation, language engineering, lexicography, translation, gender studies, language acquisition, language teaching and learning, pragmatics, discourse and conversational analysis, and literature in English and African languages. There is also a rich section devoted to the major 'traditional' fields of linguistics - phonology, morphology, syntax and semantics.

Marketing in Developing Economies Justus M. Munyoki, Joseph Odhiambo Owino, Dr. Victor M. Ndambuki, The book focuses on marketing practices in the developing countries with a special focus on Africa. The Book is divided into 15 chapters covering various aspects of the marketing. The authors have as much as possible used local (African) examples. Each chapter has at least two cases, one at the beginning and another towards the end, with one or a few questions to assist the reader reflect on the case. The authors have tried to use very practical cases that make it quite easy for the reader to understand and follow. Academicians will find this book very useful especially in tackle marketing issues within the African Context. Practitioners will equally find it very useful as it offers very practical suggestions on how to solve marketing problems especially in the developing countries

Language, National Unity & the Democratization Process Kayode Omole, Appolonia Uzoaku Okwudishu, Ismail Junaidu, 1996

Languages of the World Asya Pereltsvaig, 2012-02-09 What do all human languages have in common and in what ways are they different? How can language be used to trace different peoples and their past? Are certain languages similar because of common descent or language contact? Assuming no prior knowledge of linguistics, this textbook introduces readers to the rich diversity of human languages, familiarizing students with the variety and typology of languages around the world. Linguistic terms and concepts are explained, in the text and in the glossary, and illustrated with simple, accessible examples. Eighteen language maps and numerous language family charts enable students to place a language geographically or genealogically. A supporting website includes additional language maps and sound recordings that can be used to illustrate the peculiarities of the sound systems of various languages. 'Test yourself' questions throughout the book make it easier for students to analyze data from unfamiliar languages.

The Palgrave Handbook of Language Policies in Africa Esther Mukewa Lisanza, Leonard Muaka, 2024-07-08 This handbook explores language policies and their impacts in Africa, examining the different language policies in each country from pre-colonial to post-colonial times. Most African countries are multilingual, apart from a handful which are said to be quasi-monolingual. The authors in this handbook investigate language policy in education, media, legal courts, government documents and other public domains, and show how these policies shape learning and delivery of services to the citizens. The volume also pays special attention to the roles assigned to minority languages in Africa, most of which are endangered. The

contributions also investigate how these language policies are influenced by the history of colonialism and language attitudes emanating from colonial rule. This handbook will be of interest to a diverse audience of readers, including those interested in African languages, language planning and policy, and African history and education.

Language Pedagogy and Language Use in Africa Lioba Moshi, 2009-10-23 The study of African language pedagogy and use in the Diaspora was initiated in the 1960s as African countries attained independence from colonial powers. In the continent, the enthusiasm for the use of indigenous languages and scholarship has remained relatively moderate as scholars are conflicted in their loyalty to imperial languages. The attitude towards the use of African languages by African leaders has also hampered scholars' efforts to create and sustain the needed visibility for African languages around the world. Needless to say, the study of African languages is not only critical to the study of language theories but also important in changing Africa's overwhelming reliance on European languages to communicate with each other. The reliance has not only affected the politics of the continent but also its economic wellbeing. An analysis of the enormous developmental challenges facing the African continent will reveal that many of the economic, social, political and cultural challenges have major language components. It can actually be said that the challenges of development in Africa are either outright language challenges or are language- based. More significantly, at the social level in many parts of the continent, African languages are now perceived as inadequate means of communication. *Language Pedagogy and Language Use in Africa* discusses the importance of teaching and using of African languages in the African continent and beyond and provides illustrations of both their direct and indirect use as a result of historical and contemporary contacts, language planning policies and pedagogical concerns. The book contributes to the on-going discussion on the pedagogy, promotion, and use of African languages both on the continent and in the Diaspora.
