Antología de acordes para guitarra Francisco Di Emmanuel , Descripción PORQUE NO ES UN SIMPLE LIBRO DE ACORDES... Aplicamos toda la tecnología para que este libro de antología esté lleno de conocimiento y se te haga más fácil aprender de manera autónoma en menos de 30 días. Recuerda que la práctica hace al maestro y si en verdad quieres aprender a tocar en 30 días, debes de poner todo tu cariño y esfuerzo para lograr tus objetivos. Este libro viene en conjunto con El Libro "Cómo tocar en 30 días" Del Profe de Música Francisco Di Emmanuel, si no lo tienes te invitó a que lo adquieras por medio de la plataforma de Amazon o en librerías de prestigio. Juntos son el conjunto perfecto para que aprendas, muchísimo más eficientemente y más rápido. Sí ya tocas algo, este libro será tu biblioteca de consulta. Este libro dice que aprenderás a tocar en 30 días, pero en verdad te digo que desde el primer día conmigo, ya estarás tocando desde tu clase número #1. Todo depende el empeño que le pongas. Te platicué en alguno de mis libros que cuando yo empecé a tocar, me gustaba mucho y quería aprender lo más rápido que pudiera, así que practicaba mucho, pobre de mi mamá un día quiso aventar mi guitarra, pues todo el día me la pasaba practicando. Ahora no es cierto ese mito de que tienes que aprender música desde niño, que si ya eres un adulto ya no podrías aprender. La música es un extensión de tus sentimientos y me he dado cuenta que incluso hay adultos que aprenden mucho más rápido que otros niños. Y es que sucede que los niños tienen todo el tiempo del mundo para aprender, no tienen responsabilidades como trabajar, mantener una casa o cuidar un niño, pero con la tecnología de ahora se distraen mucho y es posible que si no les pones un horario en específico para practicar, no lo hagan. En cambio un adulto tiene poco tiempo para practicar y sus horas de práctica son más efectivas, porque tiene en mente sólo una cosa: aprender en el menor tiempo que se pueda. Pruebas de ello es que mis alumnos más pequeños son unos niños de 5 añitos y mi alumna más longeva es una linda señora de más de 65 años que viene a mi escuela con todo y muletas, pero con muchas ganas de aprender. Description BECAUSE IT IS NOT A SIMPLE BOOK OF CHORDS ... We apply all the technology so that this anthology book is full of knowledge and makes it easier for you to learn autonomously in less than 30 days. Remember that practice makes perfect and if you really want to learn to play in 30 days, you must put all your love and effort to achieve your goals. This book comes together with The Book How to play in 30 days By Profe de Música Francisco Di Emmanuel, if you don't have it, he invited you to buy it through the Amazon platform or in prestigious bookstores. Together they are the perfect set for you to learn, much more efficiently and faster. If you already play something, this book will be

your reference library. This book says that you will learn to play in 30 days, but in truth I tell you that from the first day with me, you will already be playing from your # 1 class. It all depends on the effort you put into it. I told you in one of my books that when I started playing, I liked it a lot and I wanted to learn as fast as I could, so I practiced a lot, poor my mom one day she wanted to throw my guitar, because I spent it practicing all day . Now that myth that you have to learn music as a child is not true, that if you are already an adult you could no longer learn. Music is an extension of your feelings and I have realized that there are even adults who learn much faster than other children. And it happens that children have all the time in the world to learn, they do not have responsibilities such as working, maintaining a house or taking care of a child, but with today's technology they are very distracted and it is possible that if you do not set a schedule for them. specific to practice, don't do it. On the other hand, an adult has little time to practice and his hours of practice are more effective, because he has only one thing in mind: learn in the shortest time possible. Proof of this is that my youngest students are 5-year-olds and my oldest student is a pretty lady over 65 who comes to my school with everything and crutches, but with a lot of desire to learn.
