**Pained Screams from Camps** Aisling Reid,Valentina Surace,2024-06-17 Detention camps exceed the juridical concept of punishment and crime. This book comprises two parts: 1. a collected volume that discusses camps not as something of the past, but as a paradigmatic political space in which ordinary law is completely suspended, and 2. an Italian-English parallel text of the war diary of an Italian prisoner during his confinement at the Stalag X-B internment camp near Sandbostel from 1943-1945. 1. The Human Condition of Exception: Collected Essays Edited by Aisling Reid and Valentina Surace Written in Italian and English, the essays collected in this volume explore the issue of camps and suffering from various perspectives, including philosophical inquiry, literary analysis, historical description and legal assessment. As Agamben suggests, the camp embodies the state of exception. A dehumanising camp life will therefore emerge every time such a structure is created. What happens in camps exceeds the juridical concept of punishment, as well as that of crime. Prisoners are faced with a 'useless' pain (Levinas) as it is not the expiation of a fault. Prisoners attempt to describe their extreme suffering through their diaries. Their experience, however, cannot be entirely communicated. Even their screams, which express humanity at the extreme limit of its un-power, are silenced. Given the recent popularity of right-wing politics, as well as the centenary of Mussolini's march on Rome, such research is more urgent than ever. The book will appeal to readers with an interest in philosophy as well as Irish history scholars studying internment during Partition and The Troubles in Northern Ireland. 2. Aldo Quarisa's Diary: An Italian-English Edition Edited by Aisling Reid and Valentina Surace. Transcribed and with a preface by Galileo Sartor. Translation of the diary by Aisling Reid (Italian-English). In 1943, Aldo Quarisa worked at a military school

in Florence, where he taught literature. In October of that year, one month after Italy had surrendered to the Allied forces, the Italians declared war on the Germans. In Florence, the German occupiers responded quickly, by arresting and deporting people with military connections to numerous concentration camps in Austria. Quite suddenly, Aldo was detained and deported through a network of camps, including Benjaminovo and the Stalag X-B internment camp, near the German village of Sandbostel. For two years, he found himself imprisoned alongside other Italians, including the celebrated journalist Giovannino Guareschi, who secretly kept a diary that was later published as his *Diario Clandestino 1943-1945* in 1946. Much like Guareschi, Aldo also kept a diary and excerpts are published here in both Italian and English for the first time. The diary describes in unprecedented detail the monotony of camp life, the cruelty of the guards and the prisoners' struggle to survive. The text is an important document that preserves the memory and voices of all those who suffered during the war and will inevitably be of interest to readers with an interest in World War II.

**The Right to be Oneself** Guido Alpa, 2024-06-13 What does the right to be oneself entail? And how is it manifest in our understanding of the law? The leading commentator on this subject explores these questions, taking an ambitious and multifaceted approach. To answer them, he draws on private law, jurisprudence, constitutional law, as well as history, art and literature. This treatise, translated from the Italian original and expanded to give a more international perspective, is the seminal work on the development of identity-protection through law.

*Vivere la Speranza* Pierpaolo Barnieri, 2014-08-04 I motivi che danno vita alla Speranza e le forme in cui questa si esprime sono i più vari, ma tutti hanno come prerequisito la volontà inenarrabile di dare senso alla propria esistenza, al proprio soffrire e morire. Per chi è stata importante la mia esistenza? Perché sono nato, vissuto, ho sofferto ed infine sono morto? Le risposte sono i compiti esistenziali di ognuno. [...] È chiaro che per riconquistare le condizioni per vivere la Speranza, dovremo applicare una terapia d'urto, come si fa per le gravi malattie: la restaurazione della persona umana, un'educazione del cuore, per dare un senso al nostro soffrire e al nostro esistere.

**Fuck Neoliberalism** Simon Springer, 2021-02-02 In a long history of ruination and destruction, neoliberalism is the most recent and virulent form of capitalism. This book is a call to action against the most persistent and pestilent disease of our time. Translated into over twenty different languages, the book offers a call to action that transcends local contexts and speaks to the violent global conditions of our neoliberal age. *Fuck Neoliberalism: Translating Resistance* is a worldwide middle finger to the all-encompassing ideology of our era. The original essay sparked controversy in the academy when it was first released and has since spread around the world as enthusiastic rebels translated it into their own languages. This book brings those translations together, accompanied by short essays from each translator explaining why they translated the text and describing struggles against neoliberalism in their regions. With translations into languages from across the globe, including Mandarin, German, Indonesian, Spanish, Hindi, Italian, Korean, and many more, this book highlights the

international nature of resistance to the totalitarian ideology of neoliberalism. Featuring a cover produced by renowned artist Ed Repka (a.k.a. the King of Thrash Metal Art), this internationalized, heavy-metal rant against the all-powerful ideology highlights a chink in its armor. When people across the world find a way to communicate a shared message and stand together, resistance can be both beautiful and inspiring.

**Mafia Violence** Monica Massari, Vittorio Martone, 2018-11-08 Using in-depth field research and analysis of case studies, *Mafia Violence: Political, Symbolic, and Economic Forms of Violence in Camorra Clans* focuses attention on the phenomenon of violence performed by Italian organised crime groups, devoting specific attention to the Camorra, which has been responsible since the mid-1980s for almost half of all mafia homicides documented in Italy. The Camorra has acquired increased visibility at an international level due to its intense use of violence and high level of dangerousness, but until now, the study of the different forms of violence implemented by mafias has not received systematic attention at the scientific level. Hence, this book fills this gap by providing a both theoretical and empirical contribution toward the analysis of one of the most unknown – although highly visible and dangerous – dimension of mafias' action. This collection of work by distinguished scholars provides a unique overview of the multifaceted characteristics of violence currently performed by mafia groups in Italy by focusing on specific actors – i.e., Camorra clans – but also other traditional mafia organisations such as Cosa Nostra and 'Ndrangheta; specific contexts – i.e., different territories and different markets, both legal and illegal; and specific practices and performances. Part I takes a diachronic and comparative perspective to provide an overview of mafias' violence during the past 30 years, focusing on the three most prominent criminal organisations active in Italy: Camorra, Cosa Nostra, and 'Ndrangheta. Based on the outcomes of a major project carried out by a research group at the University of Naples Federico II from 2015 to 2017, Part II looks at the use of violence by Camorra clans, incorporating information from case studies, judicial files, law enforcement investigations, wiretappings, interviews with privileged observers, firsthand empirical data, and historical documents and social sciences literature. Using a multi-disciplinary approach drawing from criminology, sociology, history, anthropology, economics, political science, and geography, this book is essential reading for international researchers and practitioners interested in piecing together the full picture of modern organised crime.

**Religious Narratives in Italian Literature after the Second Vatican Council** Jenny Ponzio, 2019-03-18 This book presents a semiotic study of the re-elaboration of Christian narratives and values in a corpus of Italian novels published after the Second Vatican Council (1960s). It tackles the complex set of ideas expressed by Italian writers about the biblical

narration of human origins and traditional religious language and ritual, the perceived clash between the immanent and transcendent nature and role of the Church, and the problematic notion of sanctity emerging from contemporary narrative.

**Devianze e violenze. Valutazione e trattamenti della psicopatia e dell'antisocialità** Edoardo Giusti, Elide Bianchi, 2010 Crudeltà, sadismo e tortura nascono da estrema apatia morale e rispondono al bisogno di esercitare un potere arbitrario assoluto, attraverso comportamenti di sopraffazione, intolleranza, annientamento dell'altro. Il moderno Lucifero non è per forza di cose una persona emarginata socialmente, ma una persona gravemente disturbata, che esprime la sua patologia nella coppia o nella famiglia, nelle relazioni sessuali, nella religione, nell'adolescenza, ecc. È possibile una forma di terapia? Quanto conta l'educazione al sentimento, per combattere il Male?

Scomunica ai mafiosi? Vincenzo Bertolone, 2018-11-12 T00:00:00+01:00 Prefazione di Francesco P. Casavola. Postfazione di Marcello Gallo «Quando le violenze (delle mafie) divennero omicidi e stragi [...] ci si avvide che l'identità criminale [...] usurpava volto e funzioni di una contro società [...]; il contrasto condotto fino all'omicidio, come nel caso del parroco don Pino Puglisi, rivelava un giudizio antagonistico contro la fede cristiana» (dalla prefazione). L'Autore che è anche postulatore della causa di canonizzazione di don Puglisi, connette diverse discipline (diritto civile, penale e canonico, teologia sistematica, morale), con l'invito a leggere la Chiesa come popolo peregrinante, che vive nel mondo per annunciare il Vangelo e lottare contro il *mysterium iniquitatis*. Inoltre, ricostruisce l'inconciliabilità tra mafia e Vangelo, soffermandosi sulla scomunica e sul suo significato pedagogico e medicinale. Le strategie sociali e pastorali di contrasto alla zizzania mafiosa vanno radicate nel martirio di Puglisi e nelle parole di papa Francesco: «Coloro che nella loro vita seguono questa strada di male, come sono i mafiosi, non sono in comunione con Dio: sono scomunicati!».

The European Left and the Jewish Question, 1848-1992 Alessandra Tarquini, 2021-07-02 This book examines how left-wing political and cultural movements in Western Europe have considered Jews in the last two hundred years. The chapters seek to answer the following question: has there been a specific way in which the Left has considered Jewish minorities? The subject has taken various shapes in the different geographical contexts, influenced by national specificities. In tandem, this volume demonstrates the extent to which left-wing movements share common trends drawn from a collective repertoire of representations and meanings. Highlighting the different aspects of the subject matter, the chapters in this book are divided in three parts, each dedicated to a major theme: the contribution of the theorists of Socialism to the Jewish Question; Antisemitism and its representations in left-wing culture; and the perception of the Arab-Israeli conflict. Taken together, these three themes allow for a multidisciplinary analysis of the relationship between the Left and Jews from the second half of the nineteenth century to recent times.

*L'obsoleto* Paolo Perticari,2025-01-13T00:00:00+01:00 Obsoleto, superato, fuori moda... sono lo spauracchio del mondo culturale, come la nera signora lo è delle nostra tranquillità quotidiana. Divenire obsoleti significa scontare fino in fondo la vanità del tempo che stiamo vivendo. Significa che ci possono dimenticare senza nessuna fatica, confonderci tranquillamente con lo sfondo delle abitudini e delle piccole o grandi ossessioni che occupano la nostra vita. Ma la posizione obsoleta ha un segreto che è difficile da rivelare e ancor più da incarnare: è la prospettiva migliore dalla quale osservare le macerie della storia, la brutalità dei poteri, la vacuità dei consumi, le sconcezze delle ideologie, l'agonia dei mala tempora. Da questa posizione, il tempo si guarda a rovescio, è "contratto", come diceva san Paolo; non mira alle infinite sorti e progressive, ma contempla a muso duro le macerie della storia, come l'Angelus novus di Benjamin. Incarnare questa posizione è il mestiere dei martiri. Non dei sapienti, non dei potenti: dei martiri. Come don Milani. In questa prospettiva si pone l'esigenza di reinventare il medium della cittadinanza e il senso del credere alla luce dell'estenuazione della coscienza e del deperimento della vita dello spirito introdotto nella società globale dalla forte trasformazione mediatica delle tele-tecno-scienze.
