**Toward a Feminist Ethics of Nonviolence** Adriana Cavarero, Judith Butler, Bonnie Honig, 2021-01-26 Toward a Feminist Ethics of Nonviolence brings together major feminist thinkers to debate Cavarero's call for a postural ethics of nonviolence and a sociality rooted in bodily interdependence. Toward a Feminist Ethics of Nonviolence brings together three major feminist thinkers—Adriana Cavarero, Judith Butler, and Bonnie Honig—to debate Cavarero's call for a postural ethics of nonviolence. The book consists of three longer essays by Cavarero, Butler, and Honig, followed by shorter responses by a range of scholars that widen the dialogue, drawing on post-Marxism, Italian feminism, queer theory, and lesbian and gay politics. Together, the authors contest the boundaries of their common project for a pluralistic, heterogeneous, but urgent feminist ethics of nonviolence.

Critical Poetics of Feminist Refusals Federica Bueti, 2022-12-07 Critical Poetics of Feminist Refusals renders a vivid portrait of the intergenerational and intersectional dialogue between influential feminist writers on how to say no to the conditions of oppression, exclusion, and exploitation imposed by patriarchal and systemically racist capitalist societies. The book provides today's readers and writers access to the powerful inventory of concepts and techniques that two generations of feminists have assembled for refusing domination and constituting fugitive forms of sociability and writing. Drawing on examples from feminist thinkers, Audre Lorde, Carla Lonzi, Hélène Cixous, Hortense Spillers, Alexis Pauline Gumbs, Anne Boyer and Simone White, the book focuses on how the power dynamics of recognition tie the uses of language to the material conditions of discrimination in everyday life.

**Dispositif** Greg Bird, Giovanbattista Tusa, 2023-12-05 A ground-breaking anthology that places dispositifs ("apparatuses") at the center of contemporary thought. Dispositif is one of the most prevalent yet elusive terms in contemporary thought. This comprehensive anthology brings together formative, seminal, and contemporary texts and visual applications to illuminate how central dispositifs are to contemporary theory. Greg Bird and Giovanbattista Tusa's selection and placement of critical texts invite readers to explore common themes and genealogies, different interpretations and readings, and their diverse deployments across multiple disciplines and genres by such figures as Karl Marx, Franz Kafka, Judith Butler, Martin Heidegger, Gilbert Simondon, Michel Foucault, Edward Said, Jasbir Puar, Donna Haraway, Giorgio Agamben, Jacques Derrida, Tiqqun, Claire Fontaine, and many others. Dispositif: A Cartography is a true toolbox for the development of

technological ecology thinking that accounts for situated knowledge. This collection provides coordinates for reorienting oneself in a permanently changing world, offering possible roadmaps for navigating these profoundly uncertain times. More than just a compilation of interventions on the dispositif, this volume acts as a guide for understanding the complex interaction between technology, philosophy, and the languages of the arts and media.

**The Owl's Flight** Stefania Achella,Francesca Iannelli,Gabriella Baptist,Serena Feloj,Fiorinda Li Vigni,Claudia Melica,2021-10-25 This book presents a unique rethinking of G. W. F. Hegel's philosophy from unusual and controversial perspectives in order to liberate new energies from his philosophy. The role Hegel ascribes to women in the shaping of society and family, the reconstruction of his anthropological and psychological perspective, his approach to human nature, the relationship between mental illness and social disease, the role of the unconscious, and the relevance of intercultural and interreligious pathways: All these themes reveal new and inspiring aspects of Hegel's thought for our time.

**The Intolerable Present, the Urgency of Revolution** Maurizio Lazzarato,2023-04-25 An acute reappraisal for our time of the very concept of revolution. In order to be effective, union struggles, struggles for national liberation, worker mutualism, or struggles for emancipation were strategies that were necessarily connected to revolution. Starting from the historic defeat of the global Revolution in the mid-1970s, this book draws a portrait—whose elaboration is still lacking—of the concept of revolution. What conditions could lead us to speak of revolution once again? In *The Intolerable Present, the Urgency of Revolution*, Maurizio Lazzarato ponders the fundamental importance of the passage from the historical class struggle (the conflict between capital and labor) to the more recent class struggles that open onto plural trajectories: social, sexual, gender, and race struggles. Expanding the notion of class as a rejoinder to the normative appropriation of minority politics, the revolution is returned as the horizon where subjection can be resorbed. In this sense, Marxist, feminist, anticolonial, and postcolonial theories provide the necessary critical tools to understand the relations between classes and minorities, between the global North and the global South, and between the time of revolutions and the eruption of new subjectivities.

**Femminucce** Federica Fabrizio,2023-02-07 Non fare la femminuccia. Quante volte abbiamo sentito dire questa frase? Non solo nella quotidianità, ma anche in film, serie tv, fumetti, canzoni... insomma, ovunque. Non fare la femminuccia, parafrasato: non fare il debole, non essere timido, tira fuori il coraggio, fai l'uomo! Invito sempre declinato al maschile, perché è solo ai maschi che viene rivolto. O meglio, imposto. E chi femminuccia già lo è? Be', di certo non ha molte possibilità di rivalsa su uno stereotipo così consolidato. Come scrive Federica Fabrizio nell'introduzione, la convinzione che la debolezza sia associata alle donne si regge sulla nostra sistematica esclusione dai libri di storia, dalla politica, dalle classifiche musicali, dalla ricerca. Attraverso questo libro le femminucce smettono di rappresentare lo standard sociale di debolezza assoluta: da oggi lottano, si impadroniscono di tutti gli spazi, urlano, cantano, resistono, ballano. In questo percorso incontreremo donne

vissute in epoche differenti, alcune molto lontane da noi e tra loro, altre decisamente più vicine, ma tutte incasellate in spazi troppo piccoli, tutte unite dall'urgenza di dire qualcosa. Perché c'è un filo sottile che unisce Berta Cáceres, attivista per i diritti delle popolazioni autoctone dell'Honduras brutalmente assassinata nel 2016, e Luisa Spagnoli, illuminata imprenditrice del primo Novecento. È lo stesso filo che lega la scienziata Rosalind Franklin a Raffaella Carrà e a tante altre: la determinazione a combattere con la certezza che non si lotta solo per le proprie battaglie personali ma per i diritti di tutte le persone.

**Female Cultural Production in Modern Italy** Sharon Hecker,Catherine Ramsey-Portolano,2023-04-13 This book is the first critical interdisciplinary examination in English of Italian women's contributions to intellectual, artistic, and cultural production in modern Italy. Examining commonalities and diversities from the country's Unification to today, the volume provides insight into the challenges that Italian women engaged in cultural production have faced, and the strategies they have deployed in order to achieve their objectives. The essays address a range of issues, from women's self-identification and public ownership of their professional roles as laborers in the intellectual and cultural realm, to questions about motherhood and financial remuneration, to the role of creative foreign women in Italy. Through critical analysis and direct testimony from new and typically marginalized voices, including an Arab-Italian writer, an Italian-Dominican filmmaker, and a transgender activist, new forms of ongoing struggle emerge that redefine the culturally diverse landscape of female intellectual and creative production in Italy today. The volume rethinks a solely national "Made in Italy" reading of the subject of female intellectual labor, demonstrating instead the wide network of influences and relationships that have existed for Italian women in their professional aspirations.

**Love and Violence** Lea Melandri,2018-11-30 In this book, the Italian feminist thinker Lea Melandri argues that systemic violence against women has deep psychoanalytic roots. Drawing inspiration from the work of Freud and the psychiatrist and psychoanalyst Elvio Fachinelli, along with feminist practices of consciousness-raising, Melandri demonstrates how male dominance and female subservience are established by society through a binary and oppositional understanding of sex and gender. This understanding—and the oppression and violence against women that results—is inscribed in the psyches of both men and women, and is replicated anew from generation to generation. Melandri analyzes women in media, politics, philosophy, and literature to show how this plays out, and calls for awareness of these deep psychic structures and expectations formed within the dynamics of society and primary family relations.

**The Silent Duchess** Dacia Maraini,2000-01-01 The stunning English translation of the International Man Booker Prize Finalist novel hailed as "a story of grace and endurance, not mere survival" (The New York Times Book Review). Winner of the Premio Campiello, short-listed for the Independent Foreign Fiction Award, and published to critical acclaim in fourteen languages, this "spellbinding" historical novel by one of Italy's premier authors is now available in this luminous new

translation (Booklist). In early 18th century Sicily, noblewoman Marianna Ucrìa is trapped in a world of silence after a terrible childhood trauma left her deaf and mute. Married off to a lecherous uncle, she struggles to educate and elevate herself against all convention—and find her true place in a world that sees her as little more than property. In language that conveys the keen vision and deep human insight possessed by her protagonist, Dacia Maraini captures the splendor and the corruption of Marianna's world, as well as the strength of her unbreakable spirit, in "one of those rare, rich, deep, strange novels that create a world so fantastic and so real you want to start reading it again as soon as you come to the last page" (Newsday).

*New Histories of Art in the Global Postwar Era* Flavia Frigeri, Kristian Handberg, 2021-03-24 This book maps key moments in the history of postwar art from a global perspective. The reader is introduced to a new globally oriented approach to art, artists, museums and movements of the postwar era (1945–70). Specifically, this book bridges the gap between historical artistic centers, such as Paris and New York, and peripheral loci. Through case studies, previously unknown networks, circulations, divides and controversies are brought to light. From the development of Ethiopian modernism, to the showcase of Brazilian modernity, this book provides readers with a new set of coordinates and a reassessment of well-trodden art historical narratives around modernism. This book will be of interest to scholars in art historiography, art history, exhibition and curatorial studies, modern art and globalization.

**Otras Miradas. Desafiar al Canon desde las aulas** María Mascarell García, 2024-01-24 La Historia y la Historia de la Literatura se han dejado en el tintero a la mitad de las protagonistas que han contribuido a conformar la vida tal y como la conocemos hoy: mujeres que el canon tradicional decidió dejar en los márgenes de lo hegemónico. La academia no tiene -o no ha querido tener- memoria. La recuperación de las muy distintas voces de las autoras que a lo largo de los siglos han conseguido romper con la constante desvalorización hacia sus producciones artísticas, forma parte del ideario feminista para la creación de una memoria histórica y literaria ad aeternam, en la que se reconstruye la cultura y se contruye la memoria futura de las mujeres. Las aportaciones del volumen Otras miradas: desafiar al canon desde las aulas pretenden crear, tejer (y destejer) toda una serie de saberes y aprendizajes desde la perspectiva de los estudios de género. Se presenta en estas páginas una serie de propuestas, metodologías y, sobre todo, experiencias que cuestionan la ausencia de las escritoras en los libros de texto y en las planificaciones didácticas de la literatura. Sin escritoras no es posible una enseñanza de la literatura que no se vea sesgada y fuertemente reducida. Los diferentes proyectos de investigación que se están realizando en distintos países y distintas universidades señalan que las escritoras, aunque son una minoría en algunas épocas, representan la polifonía, la disidencia y muchas veces la rebelión y la protesta. Su presencia a lo largo de los siglos propicia la creación de nuevos géneros, de nuevas perspectivas, de nuevos temas literarios. Las contribuciones presentes en este volumen nos hacen viajar, a través de la palabra, a las diferentes aulas y escuelas del mundo: España, Italia, Egipto o Francia de épocas

anteriores, pero también con una mirada hacia un futuro en el que nuestra sociedad sea mucho más inclusiva, igualitaria y reflexiva.

**Para além das margens** Isabela Discacciati,2024-07-15 O livro de Isabela Discacciati propõe uma dupla viagem que se articula no cruzamento da obra de Elena Ferrante, sobretudo sua tetralogia napolitana, inaugurada com A amiga genial, e um vasto repertório italiano presente no itinerário de suas personagens. Para isso, a autora empreende uma jornada em busca dos cenários e pessoas que, espelhados em seus livros, ajudam a compreender melhor as referências literárias de Ferrante, atravessando os universos da mitologia, da religião, da cultura popular e a própria geografia italiana. Brasileira que emigrou para a Itália, onde estudou e trabalha com turismo, arquitetura e história, Isabela também insere no texto experiências autobiográficas que dialogam com a comovente história da amizade e dos conflitos de Lila e Lenu, que conquistou leitoras e leitores em todo o mundo e fez de Elena Ferrante a autora mais celebrada da literatura italiana contemporânea. A edição conta com imagens históricas de acervos italianos.

**Donna si nasce** Adriana Cavarero,Olivia Guaraldo,2024-09-10 Simone de Beauvoir affermava che «donna non si nasce, lo si diventa», e che l'identità femminile è solo il prodotto di una costruzione sociale radicata nel patriarcato. Ma davvero il concetto di donna è esclusivamente un costrutto della cultura patriarcale? Davvero la liberazione femminile può avvenire soltanto attraverso la cancellazione della differenza sessuale? Spinte sempre più forti sembrano muovere in questa direzione. Il linguaggio inclusivo rivendica la fluidità e stigmatizza chi si riconosce nell'affermazione che i sessi sono due, maschile e femminile. Si sta diffondendo una neolingua in cui i generi si moltiplicano, mentre il dato della differenza tra i sessi viene considerato pericoloso e discriminatorio. Negli ambienti culturali progressisti, nelle università, nei festival e nell'editoria, al termine «donna» si arriva ormai a preferire «persona con utero», cancellando così il soggetto centrale del femminismo, che ha consentito la conquista di diritti e libertà. Il dibattito su sesso e genere è opaco e strumentalizzato, privo di chiarezza e polarizzato tra le istanze LGBTQIA+ e le forze cattoliche tradizionaliste. Le filosofe Adriana Cavarero e Olivia Guaraldo rivendicano la differenza delle donne ? in primis il fatto di essere il sesso che genera - e la necessità del femminismo di rappresentarla non come un ostacolo, causa di subordinazione e inferiorità, ma come una forza, elemento fondamentale per raggiungere una libertà autentica. La loro analisi affronta, con sguardo acuto e senza fare sconti, alcuni dei temi più caldi del nostro tempo, dall'uso dello schwa alle teorie sul gender, al dibattito sulla maternità surrogata e sulla libertà riproduttiva, fino alla drammatica realtà della violenza maschile sulle donne.

**İtalyan Sinemasında Bir Kadın Yönetmen: Feminist Olmayan Bir Feminist Olarak Lina Wertmüller İlke GARİPOĞLU,2024-11-27**

**Anni di rivolta** Autori Vari,2024-03-25T14:59:00+01:00 Nel luglio del 1970 viene affisso sui muri di Roma e Milano il "Manifesto di Rivolta femminile" che convenzionalmente segna la nascita del movimento femminista italiano. A oltre cinquant'anni da allora, nuove forme di attivismo a livello globale stanno contribuendo a ridefinire genealogie, alleanze e pratiche politiche, e a interrogare con quesiti nuovi la storia dei femminismi. Le ricerche presentate nel volume - basate sul caso italiano - ricostruiscono percorsi ed eventi di un lungo ventennio femminista, gli anni Settanta e Ottanta, mettendo al centro esperienze finora considerate liminali o periferiche. L'analisi e l'incrocio di fonti eterogenee compone un originale sguardo d'insieme che, raccogliendo l'eredità dei precedenti studi, apre nuove piste di ricerca e offre al tempo stesso spunti preziosi per comprendere il presente.
