"Know about" vs. "know of" - English Language & Usage Stack ... Recently one of my friends told me that there is distinct difference between 'know of something' and 'know about something' expressions. 'know of' is used when you have personal experience with wha... Is there a word for the phrase "I don't know what I don't know"? In my current job, I'm constantly trying to figure out when the next thing I don't know that I don't know is going to bite me in the butt and cause me to have to rework my code. I've been working ... *grammar - If you or somebody you know ... are/is ...? - English ...* I primarily want to know which of "are" or "is" is the appropriate verb. My hunch is that "you or somebody you know" can be substituted by a plural pronoun, which makes the verb "are"; but I am thrown off by "if somebody you know are" (which is wrong, I think - or at least it sounds wrong), and I don't know what the rule is. *differences - How to use "know" and "realize" correctly - English ...* To know something is more long-term, perhaps after having realized it. The first definition for know is: to perceive or understand as fact or truth; to apprehend clearly and with certainty They sound similar, but in usage to realize something is more of an "aha!" moment, while knowing something can last far longer than that. *"aware" vs "know" - English Language & Usage Stack Exchange* For me, know implies knowledge of details or individual pieces, while am aware of implies a knowledge only of a whole. Using your example, knowing my rights means that I know I have the right to remain silent, the right to be represented by an attorney, etc. Being aware of my rights might mean the same thing, but implies that I know that I do ... **"doesn't know" vs "don't know" [duplicate] - English Language** May 26, 2019 · It's not just you that doesn't know. Now, according to owl.purdue.edu, we should use "doesn't" when the subject is singular (except when the subject is "you" or "I"), and "don't" otherwise. But in the example above, I am having a hard time figuring out what exactly the subject is and whether it is singular. **Meaning and interpretation of Bilbo's "half as well" quote** Feb 29, 2016 · In The Lord of The Rings, Bilbo says the following to his assembled guests at his eleventy first birthday party: I don't know half of you half as well as I should like; and I like less than hal... **Difference between "already know" and "have already known"** Already is just a modifier emphasizing that it has already happened. The difference is between the present (I know) and the present perfect (I have known). You would use the present tense when confronted with the something you've encounter beforehand. I already know how to turn on the television. I know how to drive a car. "Know now" vs. "now know" - English Language & Usage Stack ... Jan 3, 2017 · The sentence I'm writing goes like this: As much as I love the pure sciences, I know now a well-

rounded education is valuable. But the words "know" and "now" are so similar that every time I read... "*He doesn't*" vs "*He don't*" - *English Language & Usage Stack ...* Worth noting: though the validity of he don't in various dialects is debatable, I've yet to come across a dialect in which he doesn't isn't considered correct. In other words, as a non-native speaker it is always safest to err on the side of caution and use he doesn't. Speakers of 'don't dialects' might possibly find it a tad uppity or overly formal—but not incorrect.
