**The Journey** Dr. M.T. SOMASHEKARA, Here is a collection of my motivational and directional messages on authoring academic books. They answer the questions why should a teacher in an institution of higher learning involve in authoring an academic book? And How to go about authoring keeping in mind the expectations from the book's perspective readers and the expectations from the prospective publishers? And in addition to these there is one more chapter (9th one) namely "9. Responses from Professors of Eminence, Teachers, Friends and Team Members on the Initiative and on the Motivational and Directional Communications". The messages in the well-organized chapters undoubtedly clear all inhibitions in the mind of a teacher aspiring to become an author. The book has thus turned out to be a reference guide consisting of the right set of prescriptions for budding authors of academic books to realize their dream of becoming an author.

While individual, economic, community, national and global challenges abound in this regard, this book offers creative solutions that can radically shift perspectives, attitudes and beliefs. It encourages taking a local, national, and global outlook, building

*Hope, Form, and Future in the Work of James Joyce* David P. Rando,2021-11-18 Hope and future are not the terms with which James Joyce has usually been read, but this book paints a picture of Joyce's fiction in which hope and future assume the primary colours. Rando explores how Joyce's texts, as early as *Dubliners* and *A Portrait of the Artist as a Young Man*, delineate a complex hope that is oriented toward the future with restlessness, dissatisfaction, and invention. He examines how Joyce envisions alternatives to the prevailing conventions of hope throughout his works and, in *Ulysses* and *Finnegans Wake*, develops formal techniques of spatializing hope to contemplate it from all sides. Casting fresh light on the ways in which hope animates key aspects of Joyce's approach to literary content and form, Rando moves beyond the limitations of negative critique and literary historicism to present a Joyce who thinks agilely about the future, politics, and possibility.
