The Story of Jesus William H. Kautz,2012-04 THE STORY OF JESUS: AN INTUITIVE ANTHOLOGY Many contemporary Christians suspect that there is more to Jesus and his enduring message than the little that has survived in historical writings and the legendary Christian tradition. This book offers a narrative account of Jesus' life from the perspective of twenty contemporary writers who have developed their natural intuitive abilities to an unusually high level. They are therefore able to bring forth new and detailed information not ordinarily accessible by his-tor-ical or literary means. Some of them had demonstrated their unusual skill by probing deep-ly into the personal lives and minds of historical individuals other than Jesus, while some had provided important and detailed technical infor-mation which was then verified scien-tifically. They-apply their intuitive skills here to uncover fresh information about the man Jesus, his contemporaries and his extensive teachings which never found their way into the New Test-ament Gospels and related historical documents. These new

findings offer a much richer view of the man himself than that available from traditional Christian sources. They also provide illuminating insights and a deep spiritual understanding of Jesus' original and hidden teachings. The Story of Jesus is essential reading for all inquirers and seekers into these hidden and previously lost portions of Christian spiritual history.

Fakes, Forgeries, and Fictions Tony Burke,2017-05-31 Fakes, Forgeries, and Fictions examines the possible motivations behind the production of apocryphal Christian texts. Did the authors of Christian apocrypha intend to deceive others about the true origins of their writings? Did they do so in a way that is distinctly different from New Testament scriptural writings? What would phrases like intended to deceive or true origins even mean in various historical and cultural contexts? The papers in this volume, presented in September 2015 at York University in Toronto, discuss texts from as early as second-century papyrus fragments to modern apocrypha such as tales of Jesus in India in the nineteenth-century Life of Saint Issa. The highlights of the collection include a keynote address by Bart Ehrman (Apocryphal Forgeries: The Logic of Literary Deceit) and a panel discussion on the Gospel of Jesus' Wife, reflecting on what reactions to this particular text--primarily on biblioblogs--can tell us about the creation, transmission, and reception of apocryphal Christian literature. The eye-opening papers presented at the panel caution and enlighten readers about the ethics of studying unprovenanced texts, the challenges facing female scholars both in the academy and online, and the shifting dynamics between online and traditional print scholarship.
