The Kundalini Book of Living and Dying Ravindra Kumar, Jytte Kumar Larsen, 2004-07-01 There is a spiritual energy dormant below the base of the spine. In the East it is called the Kundalini- but by whatever name it is called, it is the common denominator in all major religions. People with awakened Kundalini experience death even before dying through visions and out-of-body spiritual experiences. These people are known as the twice born. The Kundalini Book of Living and Dying shows how to awaken Kundalini and experience the power of spiritual rebirth. A twice-born person simultaneously enjoys the best of this world and the next - through an inner journey that conquers fear of death. That inner journey travels the world of meditation and unconscious dreams, as well as actual near-death experience. This book describes: the seven divisions of the universe and details of the astral plane, the properties of the soul, experiences and anecdotes of people showing the power of the awakened soul, scientific evidence of the soul's existence, as well as various methods of achieving higher consciousness through Kundalini awakening. As one practices the techniques and exercises that awaken Kundalini, one becomes twice born - the chain of repeated births is broken and one may enter the Kingdom of God. The Kundalini Book of Living and Dying offers a spiritual practice that is the most direct path to self-realization. More than enlightenment, the awakened Kundalini is the triumph of eternal life over the fear of death.

The Good Book Jawara D. King,2017-05-08 In every life situation, focus on all the positive outcomes. Destruction comes from focusing only on the negative. Whatever you focus on and give your attention to is what will manifest. Whatever you constantly think about is where you're focusing your energy. When you find yourself thinking in agreement with the dark side, direct your thinking to have your mind focus on anything positive. Ensure that your mind is nourishing you with its thoughts. By directing your thoughts, you can choose your mindstate. Never let your mind think whatever it wants. You will become the essence of your constant thought. Watch your mind!

Peace In The Midst Of Hell Jawara D. King,2012-05 Hardships and pain are inevitable and will be encountered in everyone's life. At some point in our life, we will experience hardships, pain, and suffering, for no one can escape them. Prepared people aren't as badly affected by the inevitability of hardships as those who aren't prepared. How you deal with hardships defines your future. Hardships and suffering define your character and make you better. Pain and hardship give one an opportunity to grow as a person. They are impermanent and won't last. Nothing in our universe escapes impermanence. Keep the truth it won't last in your mind. Strength comes from realizing that other people are going through what you're going through. Pain and suffering can't be avoided and sometimes come acutely. Fierce experiences are a part of life. Negative self-talk increases their effect, while positive self-talk keeps you calm. Use your words to turn negative thoughts into positive ones. Deal with stress through your self-talk. We all talk to ourselves, either out loud or in our heads. Your positive self-talk will reduce stress and help you deal with situations that cause you stress. Control your thoughts and words. Stress and anxiety can help us make the necessary changes in our lives and help us to act in our best interest. Everyone has feelings of nervousness, tension, and stress at times. Practice relaxation techniques to control your mind. Deep breathing helps the entire body let go and loosen up. Your mind and body must feel peaceful and strong in order to handle life's ups and downs. Keep your mind off of worry by focusing your thoughts on beautiful, happy, and positive things.

The Book of Buechner W. Dale Brown,2006-01-01 The most thorough and extensive investigation ever written on the much-beloved writer, The Book of Buechner explores the ways in which Frederick Buechner's writing, particularly his fiction, presents the possibilities of grace in the midst of the ambiguities of human existence and introduces themes of Christian faith. Both long-time readers and neophytes seeking a guide through his writings will delight in the illuminating analysis Dale Brown has to offer. Intelligent and gratifying, The Book of Buechner is a much overdue literary journey through one of the most significant American writers of the last fifty years.
