How to Read the Akashic Records Bill Foss,2018-10-26 You will have the opportunity to uncover and unlock your own deepest enigmas. Why you are here, what your Soul's Purpose and Life Path are and how all of your past lives and previous current lifetime experiences have lead you to these ever new unfolding moments of accessing your own Book of Life with the Akashic Records. Some of us upon our asking get in to these Records very quickly without conflict. Some of us need to dig a little deeper, though with perserverence you can always have access no matter what! There is no Universal law that says anyone has right to any more information than anyone else. The key here is in what you intend to use the information for. If it is for the purpose of Self Knowledge and service first to yourself and to others you will immediately or over the course of incremental practice have access to it all. Some of us are more naturally psychically inclined than others whether normal folks or professional seers. For everyone alike these practices will expand your knowledge, wisdom and vision in your own unique ways that is personally best for you. You will always get pictures, messages, visions, dreams and information which is perfect for you in the moment based on where you are to move forward continually. It has been my greatest life's work to be a way shower for people and their Souls who come to receive the work, healing and activations. I have worked with so many unique people over the last two decades that have benefited from the work whether strengthening their career or release from childhood traumas, past life blocks or physical ailments. The Akashic Records holds the keys to all of this and everything in between as it's all connected.

Akashic Records: Access Probable Futures, Change the Past, Tap Into the Energies and Archives of the Universe Noah Grayton,2019-03-24 The Akashic Records Exist And Are Available To Everyone Everything that has ever happened, is happening and can happen is recorded in the Akashic Records. The existence of such energetic records has been known by a few people worldwide and is called by various other names, including the Book of Life in the Bible. Have you ever been interested in accessing the Universe's energy to create a goal, accessing the future or past? Are you aware of what the Akashic Records are and how to access them? Do you want to create a new future or past? Science tries to find physical ways to prove or enter other realities and dimensions... However, your mind actually has access to these dimensions and can access

realities through meditation, and much more is possible than just that. There is a plane that you can access with your mind, a place where all of the events and desires of human beings in human history have been recorded. This is the Akashic record, and it is a realm of existence that has been actively studied for over 100 years. In fact, the akashic world dates back much further, to the traditions of existential thinking that were actively explored on the Indian subcontinent more than 2000 years ago. In this book, you will learn how you can access this record of human events and desires, equipping you with the ability to access the past and change the future. An important component of theosophy and other schools of spiritual belief, the idea of the Akashic record is based on the indestructible nature of human beings and other members of the animal kingdom. Nothing comes from nothing, as thinkers more than 2000 years ago believed, and your experiences too do not come from nothing, being tied to the complex karmic relationship of all the higher lifeforms on this planet, a web of relationships and experiences inscribed on a permanent record. Science is only now discovering that the universe is more complex than previously believed. Metaphysics and physics have been merging for many years now. As we learn that alternate universes may be something that science is close to proving, now is the time to learn about human abilities that some have long taken for granted. Accessing the Akashic record allows you to take full advantage of the human experience and understand how connected you are to others on this planet: a knowledge that will permit you to shape the world around you in dramatic ways. Noah

The Beginner's Guide To Metaphysics Kimberly A. James, 2025-02-28 *The Beginner's Guide to Metaphysics* is an introduction into certain types of metaphysical knowledge that has been presented throughout time immemorial. It is by no means all inclusive. Some of the material presented dates back to Atlantis, Mu ("Lemurian") and Ancient Egyptian times. Recent discoveries are now indicating that Atlantis existed well over 13,000 years ago. It is the hope of this author to provide some basic insight into our Earthly perspective of the Universe, for our true understanding has been hidden for thousands of years. It should also be noted that the ultimate goal of this project is to broaden one's perspective and provide opportunities to expand one's consciousness, and not just individually, or even globally, but on a galactic level. The world in which we live is based upon metaphysics. The Greeks considered metaphysics to be one of the branches of philosophy. Merriam-Webster defines metaphysics as "a division of philosophy that is concerned with the fundamental nature of reality and being..." [emphasis added], which also includes the study of ontology, cosmology and epistemology. While physics is based upon our three dimensional existence and concerns the nature of matter and energy, the prefix meta refers to going beyond nature and the origin of reality itself. A few topics discussed in this Beginner's Guide include Chakras, Numerology, Intuition and Reincarnation. By having basic knowledge of each topic contained in this book, the opportunity to hone in on a specific subject that resonates with one's understanding of the universe will become clear. In turn, this will provide the reader the jump start needed to pursue a specific field of interest(s), and gain a greater understanding of the true limitlessness of every

human being.
