

The Objection Of My Affection

Jean Jacques Rousseau

Object of My Affection Stephen McCauley, 2012-08-14 The inspiration for the film of the same name starring Jennifer Aniston and Paul Rudd, this “very funny, exceptionally vivid first novel” (The New York Times Book Review) from Stephen McCauley is a “joyously comic” (People) story about a pregnant New York City social worker who begins to develop romantic feelings for her gay best friend, much to the dismay of her overbearing boyfriend. George and Nina seem like the perfect couple. They share a cozy, cluttered Brooklyn apartment, a taste for impromptu tuna casserole dinners, and a devotion to ballroom dancing lessons at Arthur Murray. They love each other. There’s only one hitch: George is gay. And when Nina announces she’s pregnant, things get especially complicated. Howard—Nina’s overbearing boyfriend and the baby’s father—wants marriage. Nina wants independence. George will do anything for a little unqualified affection, but is he ready to become an unwed surrogate dad? A touching and hilarious novel about love, friendship, and the many ways of making a family.

The Erotic Muse Ed Cray, 1999 If you've ever wanted to know the correct words to Roll Me Over, or wondered where the melody of Sweet Betsy from Pike came from, this book can answer your questions. Extensively revised and including forty more songs than its predecessor, this new edition of The Erotic Muse is a unique scholarly collection of bawdy or forbidden American folksongs. Ed Cray presents the full texts of some 125 songs, with melodies for most of them and detailed annotations for all. His lively commentary places the songs in historical, social, and, where appropriate, psychological context.

Home Movies Claire Jenkins, 2015-04-06 The American family has long been at the centre of the typical Hollywood narrative. But the depiction of the nuclear family within contemporary mainstream US cinema has not yet been closely studied. Home Movies addresses this oversight by assessing recent cinematic representations of the family in terms of cultural politics and representations of gender, sexuality, race and class. Focusing on a diverse range of popular films - from Meet the Parents to The Incredibles - Claire Jenkins analyses the father-daughter relationship within sequels and series; Meryl Streep's embodiment of the mother; the superhero family and extraordinary manifestations of the ordinary family; disaster films which depict the president as father; 'mom-coms' and Hollywood's representations of the non-traditional family. She combines film studies, gender studies and family history to demonstrate the complexities of Hollywood's family values.

Reel Views 2 James Berardinelli, 2005 Thoroughly revised and updated for 2005! Includes a new chapter on the best special edition DVDs and a new chapter on finding hidden easter egg features.

Media Q Kevin G. Barnhurst, 2007 Media Queered is a groundbreaking assessment of minorities and the media. Authorities including Larry Gross, Edward Alwood, Lisa Henderson, and Marguerite Moritz join several new scholars to examine four aspects of visibility: history, expertise, popularity, and technology. To supplement this research, media practitioners including journalists working in the gay and mainstream press contribute a unique series of interludes. The first is by Studs Terkel, who interviewed founders of the U.S. homophile movement. Written for scholars, students, and instructors of media and gender studies, Media Queered is also accessible for general readers intrigued by the recent flowering of queer characters, themes, and images in popular culture.

The Shadow of the Object Christopher Bollas, 2017-07-20 In *The Shadow of the Object*, Christopher Bollas integrates aspects of Freud's theory of unconscious thinking with elements from the British Object Relations School. In doing so, he offers radical new visions of the scope of psychoanalysis and expands our understanding of the creativity of the unconscious mind and the aesthetics of human character. During our formative years, we are continually impressed by the object world. Most of this experience will never be consciously thought, and but it resides within us as assumed knowledge. Bollas has termed this the unthought known, a phrase that has ramified through many realms of human exploration, including the worlds of letters, psychology and the arts. Aspects of the unthought known --the primary repressed unconscious --will emerge during a psychoanalysis, as a mood, the aesthetic of a dream, or in our relation to the self as other. Within the unique analytic relationship, it becomes possible, at least in part, to think the unthought -- an experience that has enormous transformative potential. Published here with a new preface by Christopher Bollas, *The Shadow of the Object* remains a classic of the psychoanalytic literature, written by a truly original thinker.
