**The Miracle of the Jews** Robert H. Schram, 2022-09-01 A Jew who does not believe in miracles is not a realist. (David Ben Gurion) All things are mortal, but the Jew. All other forces pass, but he remains. What is the secret of his immortality? (Mark Twain) The Jew is the emblem of eternity. He who neither slaughter nor torture of thousands of years could destroy, he who neither fire, nor sword, nor Inquisition was able to wipe off the face of the earth. He who was the first to produce the Oracles of God. He who has been for so long the Guardian of Prophecy and has transmitted it to the rest of the world. Such a nation cannot be destroyed. The Jew is as everlasting as Eternity itself. (Leo Nikolaivitch Tolstoy) As civilization extended, they by one means or another became most wonderfully dispersed through all countries; and at this day they are almost literally everywhere, the most conspicuous, and in the eye of reason and religion, the most respectable nation on the face of the earth. (Joseph Priestly) The Hebrews have done more to civilize men than any other nation. (President John Adams)

Fifty Signs of the End Times David Scott Nichols MD, 2016-01-14 The world is on an inexorable path toward the apocalypse, currently exhibiting many of the Bibles prophesied signs of the end times. When the Jews regained nationhood in May 1948, the countdown began toward the promised return of the Messiah. In *Fifty Signs of the End Times*, compelling new information is shared demonstrating that the end-time clock is nearing midnight, including: How the alignment of the nations soon to come against Israel is exactly as prophesied in the Bible. The many ways that God has honored His promise to richly bless Israel in the latter days including the discovery of new energy sources. Recent and detailed information concerning the coming Tribulation Temple. Amazing accounts demonstrating how God is pouring out His Spirit in these latter days. How God has miraculously protected Israel in its recent wars. Revealing how twelve of Christs prophecies in His Olivet Discourse have come true in our time. Dr. David Nichols explains these intriguing signs, and dozens more, in meticulous detail. We are fast approaching Armageddon. However, this need not cause alarm. God has provided an escape. I have well over fifty prophecy volumes in my library and can honestly say that none display more of the detailed and accurate research as seen in this book. Every prophecy student worth his salt needs to read it! ---Dr. H.L. Willmington, Founder and Dean, Liberty Home Bible Institute David Nichols has written an excellent study on the signs of the end times. His biblical knowledge, medical and scientific perspective, and analysis of the culture make this an incredible study. Dont miss it. ---Dr. Ed Hindson, Asst. Chancellor, Liberty University; Host of The King is Coming

*Vacationing with God* Jack Lin, 2018-03-16 From having traveled the world, I pass onto you a piece of advice: travel as a pilgrim, not as a tourist. I define a pilgrim as a person who is a humble seeker and open to new experiences. And when a new experience does happen, a pilgrim accepts it, believes in it, and treasures it. Get out from behind your camera or cell phone. Utilize your senses smell, touch, and feel the place. The world is not a museum. Embrace it all and expect the unexpected. Perhaps you too will be blessed with mystical experiences. However, no one has the ability to create these experiences; they are truly authentic. One cannot make them happen; either they happen or they don't.

Anti-Aircraft Artillery in Combat, 1950-1972 Mandeep Singh, 2020-04-30 Anti-aircraft artillery was extensively used in combat in the First World War, though such weapons had made their debut in the Franco-Prussian War in 1870, when the besieged French used balloons for observation and communication and the Prussians used the first custom built 1-pounder gun to try and shoot them down. It was, however, not until the Second World War that anti-aircraft artillery came into prominence, shooting down more aircraft than any other weapon and seriously degrading the conduct of air operations. In the battle between the attackers and anti-aircraft artillery, the latter had the upper hand when the war ended. The post-war years saw a decline in anti-aircraft artillery as peace prevailed, and the advent of the jet aircraft seemed to tilt the balance in favour of the aircraft as they flew faster and higher, seemingly beyond the reach of anti-aircraft artillery. It would take all the hi-tech equipment and the guile and cunning that anti-aircraft artillery could muster to try and reclaim pole position. It is that story, of the tug of war between the aircraft and artillery, that forms the narrative of this book – as it traces the history of combat employment of anti-aircraft artillery from the Korean War, in effect the first Jet Age war, to the War of Attrition between Arab states and Israel when the missiles came of age, sending the aircraft scurrying for cover. *Anti-Aircraft Artillery in Combat, 1950-1972* is the first attempt to look at the combat performance of ground-based air defences, incorporating the views, analyses and experiences of Soviet, Arab and South Asian Armies. The book looks at the major wars between 1950 and 1972, including the Korean War, Vietnam War, the wars in South Asia in 1965 and 1971, and conflicts in the Middle East, such as the Six Day War.

Religious Zionism and the Six Day War Avi Sagi, Dov Schwartz, 2018-12-12 This book offers a new insight into the political, social, and religious conduct of religious-Zionism, whose consequences are evident in Israeli society today. Before the Six-Day War, religious-Zionism had limited its concern to the protection of specific religious interests, with its representatives having little share in the determination of Israel's national agenda. Fifty years after it, religious-Zionism has turned into one of Israeli society's dominant elements. The presence of this group in all aspects of Israel's life and its members' determination to set Israel's social, cultural, and international agenda is indisputable. Delving into this dramatic transformation, the book depicts the Six-Day War as a constitutive event that indelibly changed the political and religious consciousness of religious-Zionists. The perception of real history that had guided this movement from its dawn was replaced

by a sacred history approach that became an actual program of political activity. As part of a process that has unfolded over the last thirty years, the body and sexuality have also become a central concern in the movement's practice, reflection, and discourse. The how and why of this shift in religious-Zionism – from passivity and a consciousness of marginality to the front lines of public life – is this book's central concern. The book will be of interest to readers and scholars concerned with changing dynamic societies and with the study of religion and particularly with the relationship between religion and politics.

**God Wins!** Eleanor B. Rosedale, Roy S. Rosedale, 2014-01-17 Are you struggling in life? Does it appear the enemy has broadsided you with continual setbacks? Demonic forces are continually at work with one agenda: preventing you from fulfilling the call of God on your life. In *God Wins*, you'll learn how to walk in authority over the works of darkness. This comprehensive guide to effective spiritual warfare shows you how to stand strong in your faith and walk in victory as an overcomer. Containing more than 100 real life stories of believers from around the world overthrowing the powers of darkness, *God Wins* chronicles the miraculous power of God and angelic intervention. You will learn how to apply Jesus' name and the power of the blood as you walk in His divine authority and overthrow the powers of darkness.

**Your Guide to the Apocalypse** Matt Hagee, 2017-08-15 CBA BESTSELLER • Ancient Prophecies Unveil the Mystery of Earth's Last Days Deception has infiltrated every area of our society, from the daily headlines to the family dinner table. We were warned that this day would come—marking the generation that would witness the end of world as we know it In this compelling, user-friendly guide, Pastor Matt Hagee highlights how governments, technology, and world events are ushering in the terminal generation. Using Scripture as the ultimate authority, Hagee answers riveting questions such as: • Is the changing world economy preparing the way for the Antichrist? • Why do the price of oil, identity theft, and the world's obsession with the environment point to the end times? • How is the mistreatment of Israel connected to the coming apocalypse? • When will weapons of mass destruction be unleashed in the final conflict? • In what ways can believers share the truth of God's Word before it's too late? Through the answers to these questions and more, you'll gain a greater understanding of the Master Architect's plan for humanity and His divine purpose for your life. *Your Guide to the Apocalypse* gives you a front-row seat into the prophetic world theater featuring the epic story that began before recorded time. God is pulling back the veil to reveal the final scene. Will you be ready?

**Rethinking the Messianic Idea in Judaism** Michael L. Morgan, Steven Weitzman, 2014-11-28 Over the centuries, the messianic tradition has provided the language through which modern Jewish philosophers, socialists, and Zionists envisioned a utopian future. Michael L. Morgan, Steven Weitzman, and an international group of leading scholars ask new questions and provide new ways of thinking about this enduring Jewish idea. Using the writings of Gershom Scholem, which ranged over the history of messianic belief and its conflicted role in the Jewish imagination, these essays put aside the boundaries that divide history from philosophy and religion to offer new perspectives on the role and relevance of messianism today.

The Seven Living Prophecies Larry Huch, 2020-08-04 The missing piece to God's end-time plan is you. Through more than forty years of ministry, Pastor Larry Huch has seen a trend: Christians are living well below the promises and covenants of God. He says they are missing out in part because they don't fully understand where we are on God's biblical timeline. In this timely book, Huch, a respected teacher on the Hebrew roots of the Christian faith, reveals seven Bible prophecies unfolding right now that will release God's end-time outpouring of supernatural blessings and miracles into the world and into our lives. Every day ancient prophecies are unfolding in the world. Prophecies that we have read about but could only imagine are actually becoming reality in our lifetime. In every realm and sphere of life the missing pieces are coming together. What was sketchy and vague in the past is becoming crystal clear right before our eyes! In *The Seven Living Prophecies*, Huch uncovers these ancient Bible prophecies, mysteries, secrets, and hidden truths that are coming to pass and ushering us into the great outpouring of God in the last days, the rebuilding of the tabernacle, the latter rain of miracles, and the coming of the Messiah! This book will draw you to the Jewish roots of your faith so that you can experience the blessings that God prophesied.

**A Partner in Holiness** Rabbi Jonathan P. Slater, DMin, 2014-07-17 Find inspiration for a satisfying spiritual life of practice through the combination of contemporary mindfulness meditation and classical Hasidic spirituality. The soul yearns to feel connected to something greater and to know happiness despite personal suffering and seemingly endless need. Surprisingly, the perspectives of the late eighteenth- and nineteenth-century Hasidic spiritual teachers offer a radically different Jewish theology that speaks directly to today's spiritual seekers whose faith has been shattered by both modernity and the Holocaust. These masters taught of interdependence, interconnectedness, selflessness, service and joy, anticipating the insights of contemporary science and twenty-first-century spirituality. Bringing together the teachings of beloved Hasidic master Rabbi Levi Yitzhak of Berdichev (1740-1809) and the practice of mindfulness meditation, Rabbi Jonathan P. Slater reveals a new entrance into Jewish spiritual life. Covering the Five Books of Moses, these two volumes present accessible translations of selections from *Kedushat Levi*, R. Levi Yitzhak's Hasidic Torah commentary, which emphasizes our spiritual capacity to transform consciousness and so our life experience. The selections are paired with Rabbi Slater's commentaries to illuminate their message. "The lessons in *Kedushat Levi* were not originally intended as intellectual curiosities or as demonstrations of R. Levi Yitzhak's brilliance. They were meant to inspire religious passion and deeper spiritual practice. I believe that these teachings will come to life in us when we bring them into our lives in practice." —from the Introduction

Turning Judaism Outward Chaim Miller, 2014 Rabbi Menachem Mendel Schneerson (1902-1994), the Lubavitcher Rebbe, took an insular Chasidic group that was almost decimated by the Holocaust and transformed it into one of the most influential and controversial forces in world Jewry. This superbly crafted biography draws on recently uncovered documents and archives of personal correspondence, painting an exceptionally human and charming portrait of a man who was well

known but little understood. With a sharp attention to detail and an effortless style, Chaim Miller takes us on a soaring journey through the life, mind and struggles of one of the most interesting religious personalities of the Twentieth Century. --

*Fighting Words* John Renard, 2012-12-31 One of the critical issues in interreligious relations today is the connection, both actual and perceived, between sacred sources and the justification of violent acts as divinely mandated. *Fighting Words* makes solid text-based scholarship accessible to the general public, beginning with the premise that a balanced approach to religious pluralism in our world must build on a measured, well-informed response to the increasingly publicized and sensationalized association of terrorism and large-scale violence with religion. In his introduction, Renard provides background on the major scriptures of seven religious traditions—Jewish, Christian (including both the Old and New Testaments), Islamic, Baha'i, Zoroastrian, Hindu, and Sikh. Eight chapters then explore the interpretation of select facets of these scriptures, focusing on those texts so often claimed, both historically and more recently, as inspiration and justification for every kind of violence, from individual assassination to mass murder. With its nuanced consideration of a complex topic, this book is not merely about the religious sanctioning of violence but also about diverse ways of reading sacred textual sources.

Witness from the Pulpit Harold I. Saperstein, 2001-01-01 Harold I. Saperstein served as rabbi of Temple Emanu-El of Lynbrook, N.Y., from 1933 until his retirement in 1980. The specific contours of his career reflect a sustained effort to use the pulpit of this suburban temple to communicate a Jewish perspective based on personal encounters with great issues of the day—including the rise of Nazism and the Holocaust, the civil rights era, the McCarthy era, and other turning points in American history. The fifty-two sermons in this book have been selected, introduced, and annotated by Marc Saperstein, whose award-winning books on the history of Jewish preaching have established him as a leading expert on this subject. No other book illustrates as effectively the value of the sermon as a resource for understanding the challenges faced by American Jews at some of the most dramatic moments in the turbulent history of this century.

**The Jewish Encyclopedia of Moral and Ethical Issues** Nachum Amsel, 1994 This is a book about contemporary issues, each of which is addressed from an Orthodox Jewish perspective in two to three pages.

Four Blood Moons Companion Study Guide and Journal John Hagee, 2025-05-01 Over the last 500 years, blood-red moons have fallen on the first day of Passover three separate times. These occurrences were connected to some of the most significant days in Jewish history: 1492 (the final year of the Spanish Inquisition when Jews were expelled from Spain), 1948 (statehood for Israel and the War of Independence) and 1967 (the Six-Day War). The next series of four blood moons occurs at Passover and Sukkot in 2014 and 2015. In this devotional study guide, Pastor Hagee challenges readers to further explore the meaning behind blood moons, understand why Christians must recognize these signs that God refers to in Scripture, and absorb their prophetic significance. Ideal for individuals and groups, this devotional study guide combines questions and

reflective journaling for deeper meaning and life application.

**Unlocking the Prophetic Mysteries of Israel** Jonathan Bernis, 2017-11-07 We are witnessing things today that the prophets of Israel longed to see. God is fulfilling His Word in our generation! If you want to understand what God is doing in these last days, you must understand what He is doing with Israel. It is here that the Bible's prophecies regarding the end of the age will all unfold. Jonathan Bernis, host of the internationally popular television program Jewish Voice With Jonathan Bernis, with this fascinating book unlocks a greater knowledge about the last days. The book explores questions such as: What crucial role does Israel play in the last days? Why is anti-Semitism on the rise worldwide, and what is at its root? What is the seed promise, and why is Satan so angry about it? What profound promise did God make to Abraham that applies to you today?

**Beyond the Text** Lawrence A. Hoffman, 1989-08-22 This unique and groundbreaking study moves beyond the texts of prayers to carefully study the worshipping community from an anthropological perspective. Hoffman's innovative approach opens up the world of prayer to the academy and the community at large. With the publication of this book, the study of liturgy will never again be the same.

God's End-Time Calendar Rod Parsley, 2015 God has given us signs in the heavens as well as in His Word to guide and protect us.

The Early Israeli Settler Movement Jeffrey Kaplan, 2024-09-23 This book examines the religious, intellectual and historical roots of the Israeli settlement movement through the lens of various strands of Zionism. The book opens with a discussion of religious Zionism, especially through the lens of the teachings of Rabbi Avraham Isaac Kook and his son Zvi Yehuda Kook. The author notes the remarkable growth of a once marginal movement into a rapidly growing stream of Judaism, highlighting its key role in the settlement project before and after the Six Day War in 1967. This is supplemented by an analysis of the role of political Zionism as embodied by key figures such as Theodor Herzl and David Ben Gurion who adapted it into a governing ethos after Independence in 1948. This section concludes with a consideration of the writings of Ahad Ha'am and the role of cultural Zionism. The book then turns to an oral history of the 1967 war and the beginning of settlement which saw the emergence of key Gush founders. Finally, the book concludes with an extended discussion of Hebron from both Jewish and Palestinian perspectives, first in 1929, and then in 1968. Offering new interpretations of Zionism as it impacts on the Israeli/Palestinian conflict, the book will appeal to students and researchers interested in Jewish studies, Palestinian history, and Middle Eastern politics.

*The Making of Strategy* Williamson Murray, 1996-05-31 Most writing about strategy has focused on individual strategic theorists or great military leaders. This book focuses instead on the messy processes by which rulers and states have framed strategy in the past - a subject of vital practical importance to strategists, and of great interest to students of strategy and

statecraft. It consists of 17 case studies that range from fifth-century Athens and Ming China to Hitler's Germany, Israel, and the post-1945 United States. The studies analyse, within a common interpretive framework, precisely how rulers and states have made strategy. The introduction emphasises the constants in the rapidly shifting world of the strategist; the concluding essay tries to understand the forces that have driven the transformation of strategy since 400 BC and seem likely to continue to transform it in the future.
