Droit funéraire et gestion des cimetières Marie-Thérèse Viel,1999-01-01T00:00:00+01:00 Depuis la loi du 8 janvier 1993, qui a marqué l'ouverture à la concurrence des opérations funéraires, et a conduit ainsi à la disparition du monopole communal sur les pompes funèbres, la législation funéraire a connu une profonde mutation. Cette deuxième édition de « Droit funéraire et gestion des cimetières », entièrement actualisée, constitue un outil indispensable, qui permet de clarifier ce nouveau régime concurrentiel, et de faire le point sur les conditions actuelles de gestion des cimetières par les communes. Les nouvelles règles applicables aux opérations funéraires, sont décrites avec précision : régime d'habilitation préfectorale, implications de la qualification de mission de service public attribuée à l'activité funéraire, prestations incluses dans ce service, modalités d'application du droit de la concurrence. Les questions relatives aux cimetières, qui peuvent se poser, sont également traitées, notamment en ce qui concerne le sort des cendres, l'évolution du mode de gestion des cimetières, ou les modifications apportées au régime des concessions funéraires. Très complet, ce livre, qui s'appuie sur de nombreuses références aux textes et à la jurisprudence, fournit une information fiable et rigoureuse. Il apporte des réponses à toutes les interrogations se posant aujourd'hui, tant aux communes, qui doivent s'adapter à la mise en concurrence, qu'aux entreprises de pompes funèbres, qui sont tenues de respecter les règles spécifiques liées à la gestion d'un service public.

Règlement de sécurité incendie commenté des ERP Socotec,2019-11-06 Le recueil Règlement de sécurité incendie commenté des ERP présente en trois volumes les exigences applicables aux établissements en construction et les obligations des exploitants des établissements en activité. Le règlement de sécurité incendie des établissements recevant du public, créé

par l'arrêté du 25 juin 1980, connaît des évolutions régulières. Ainsi, cette 6e édition intègre deux arrêtés en date du 10 mai 2019, qui traitent de l'emploi possible, sous conditions, de certains fluides frigorigènes inflammables, et qui modifient les articles REF encadrant les refuges de montagne. Par ailleurs, l'instruction technique n° 249 relative aux façades est complétée par une nouvelle version du document relatif aux façades bois et à la propagation du feu par les façades. Ce premier volume rassemble les dispositions générales : généralités (articles GN, GE), construction (articles CO), aménagements intérieurs, décoration et mobilier (articles AM), désenfumage (articles DF), chauffage, ventilation, réfrigération, climatisation, conditionnement d'air et installations d'eau chaude sanitaire (articles CH), installations au gaz (articles GZ), installations électriques (articles EL), éclairage (articles EC), ascenseurs, escaliers mécaniques et trottoirs roulants (articles AS), grandes cuisines et installation d'appareils de cuisson (articles GC), moyens de secours (articles MS). Il présente également les instructions techniques relatives au désenfumage, aux atriums et aux façades. Les articles du règlement sont commentés et illustrés de nombreux schémas. Ils sont regroupés dans des fiches et classés par chapitres reprenant la structure générale du règlement. Les maîtres d'ouvrage, les concepteurs et les exploitants trouveront dans ce livre l'ensemble des obligations qui leur incombent et les solutions à mettre en œuvre. Les professionnels de la prévention et du contrôle s'y référeront pour réaliser leurs vérifications réglementaires.
