El concurso directivo Claudio Ricardo Cisneros,2020-12-01 Los desafíos que hoy tienen las distintas instituciones educativas es el de generar nuevas estrategias en los aprendizajes. Esto va a permitir mejorar no solo la enseñanza, sino también la gestión de los centros educativos. Este panorama provoca que docentes y directivos se conviertan en actores claves a la hora de desarrollar las políticas públicas educativas. Por ello, en esta obra se marca la necesidad de contar con material específico y general que acompañe estos procesos de cambios que se dan en la gestión de las escuelas. Como parte del rol de los profesionales en la educación, es necesario prepararse y capacitarse para la gestión institucional con el objetivo de ofrecer acciones administrativas pedagógicas. De esta manera, estos profesionales podrán transitar como un garante de los derechos y brindar las mejores condiciones de la enseñanza. El concurso directivo: estrategias para resultados exitosos, es una ilustración de la gestión escolar. Está dirigida a docentes, directivos, supervisores, y a quienes se interesen en mejorar y garantizar la institucionalidad educativa.

Dignifying Argentina Eduardo Elena,2011-08-21 During the mid-twentieth century, Latin American countries witnessed unprecedented struggles over the terms of national sovereignty, civic participation, and social justice. Nowhere was this more visible than in Peronist Argentina (1946-1955), where Juan and Eva Perón led the region's largest populist movement in pursuit of new political hopes and material desires. Eduardo Elena considers this transformative moment from a fresh perspective by exploring the intersection of populism and mass consumption. He argues that Peronist actors redefined national citizenship around expansive promises of a vida digna (dignified life), which encompassed not only the satisfaction of basic wants, but also the integration of working Argentines into a modern consumer society. Drawing on documents such as the correspondence between Peronist sympathizers and authorities, Elena sheds light on the contest over the vida digna. He shows how the consumer aspirations of citizens overlapped with Peronist paradigms of state-led development, but not

without generating great friction among allies and opposition from diverse sectors of society. Consumer practices encouraged intense public scrutiny of class and gender comportment, and everyday objects became charged with new cultural meaning. By providing important insights on why Peronism struck such a powerful chord, *Dignifying Argentina* situates Latin America within the broader history of citizenship and consumption at midcentury and provides innovative ways to understand the politics of redistribution in the region today.
