Take Back the Game Linda Flanagan,2022-08-23 A really brilliant book — Malcolm Gladwell Longlisted for the Porchlight Business Book Awards 2022 A close look at how big money and high stakes have transformed youth sports, turning once healthy, fun activities for kids into all-consuming endeavors—putting stress on children and families alike Some 75% of American families want their kids to play sports. Athletics are training grounds for character, friendship, and connection; at their best, sports insulate kids from hardship and prepare them for adult life. But youth sports have changed so dramatically over the last 25 years that they no longer deliver the healthy outcomes everyone wants. Instead, unbeknownst to most parents, kids who play competitive organized sports are more likely to burn out or suffer from overuse injuries than to develop their characters or build healthy habits. What happened to kids' sports? And how can we make them fun again? In *Take Back the Game*, coach and journalist Linda Flanagan reveals how the youth sports industry capitalizes on parents' worry about their kids' futures, selling the idea that more competitive play is essential in the feeding frenzy over access to colleges and universities. Drawing on her experience as a coach and a parent, along with research and expert analysis, Flanagan delves into a national obsession that has: Compelled kids to specialize year-round in one sport. Increased the risk of both physical injury and mental health problems. Encouraged egregious behavior by coaches and parents. Reduced access to sports for low-income families. A provocative and timely entrant into a conversation thousands of parents are having on the sidelines, *Take Back the Game* uncovers how youth sports became a serious business, the consequences of raising the stakes for kids and parents alike--and the changes we need now.

effectively, but not in the conventional sense. British journalist and author Oliver Burkeman argues that time management as we know it has failed horribly and we need to stop pretending otherwise. The average human life expectancy is outrageously short. If you live to be eighty, you'll have lived for about four thousand weeks. Thus, it's no surprise that ancient Greek philosophers considered the brevity of human life to be the defining problem of our existence. Unfortunately, the modern discipline of time management seems to focus solely on productivity. While productivity matters to some extent, we must remember that the world is full of wonder and we should make time to experience more of that wonder.

Cuatro Mil Semanas Oliver Burkeman, 2022-05-17 La vida es corta. ¿Qué piensas hacer al respecto? La vida media del ser humano es ridículamente breve: si llegas a los 80 años, habrás vivido unas 4000 semanas. Si tienes 40, solo te quedan 2000. Sin embargo, estamos obsesionados con interminables listas de tareas pendientes, buzones saturados de correos sin leer y la sensación de que nunca llegamos a todo. La mayoría de los consejos sobre gestión de tiempo fomentan la idea de que un día podremos «hacerlo todo» y convertirnos en los dueños de nuestro tiempo, totalmente optimizados y emocionalmente invencibles. Nada hay más falso que eso. Basándose en las ideas de filósofos, psicólogos y maestros espirituales antiguos y contemporáneos, Oliver Burkeman ofrece una guía entretenida y práctica para construir una vida con sentido, unos objetivos alcanzables y una apuesta por todo aquello que realmente vale la pena. «Un libro admirablemente honesto. Cuatro mil semanas es una revisión de la realidad muy necesaria sobre las suposiciones absurdas de nuestra cultura en torno al trabajo, la productividad y la vida con sentido.» MARK MANSON, autor de El sutil arte de que (casi todo) te importa una mierda «Todos sabemos que nuestro tiempo es limitado. Lo que no sabemos es que nuestro control sobre ese tiempo también es limitado. Este profundo (y a menudo hilarante) libro nos invita a replantear el culto hacia la eficiencia y reconfigurar nuestra vida en torno a lo que realmente importa.» DANIEL H. PINK, autor de La sorprendente verdad sobre qué nos motiva La vida es corta. ¿Qué piensas hacer al respecto? Leer un fragmento
