Summary of The Life Changing Magic of Tidying Up Alexander Cooper, 2021-10-22 *The Life-Changing Magic of Tidying*

Up - The Japanese Art of Decluttering and Organizing - A Comprehensive Summary Chapter 1: Kondo shares her personal experience The basic principle of the KonMari Method is the thorough sorting of all the things in the home, disposing of or diminishing any mess, and lastly, choosing a spot to keep the remaining things organized. This one-time, exceptional cleaning method produces amazing results and will satisfy an individual so much that they will stay away from their indefinite future and avoid their old habits of disarray. Simplicity in all things is emphasized throughout the book. Readers are encouraged not to blend or coordinate this method with other strategies (for example: FengShui, stream arranging, or cleaning methods custom-made for distinctive identity types). These are unnecessary if one uses the KonMari Method. All individuals with cleaning issues have one of two problems: they either fail to toss useless belongings, or have an inability to return things to their place; they may have a mix of the two issues. Since there are no complex reasons, a difficult planning of arrangements is not required. On the mental level, the person who lives in disarray is often too attached to the past or the future. Hesitating to abandon things, because they might be required in the future, is seen as nervousness about what is to come. Hanging on to things because of nostalgia is seen as sticking to the past. Both attachments must be severed. A clean environment allows an individual to look at their perspective, without being distracted by the disarray around them. To be continued... Summary of Marie Kondo's Spark Joy Everest Media, 2022-04-30T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 The focus of tidying is on objects, while the focus of cleaning is on dirt. Tidying means moving objects and putting them away, while cleaning means wiping and sweeping away dirt. The responsibility for mess and clutter lies 100 percent with the individual. #2 The key to my approach is to keep only those

things that spark joy and to discard the rest. Does it spark joy when you touch it. While some people find this criterion easy to grasp, many wonder what it actually means. #3 To find out what brings you joy, compare it with a bunch of other items. The closer your clothing is to your heart, the easier it is to choose. Start with your tops. #4 Tidying up is more than just deciding what to keep and what to discard. It's a priceless opportunity to learn, and it allows you to reassess and fine-tune your relationship with your possessions.
