**From October to Brest-Litovsk** Leon Trotzky,2015-01-21 Events move so quickly at this time, that it is hard to set them down from memory even in chronological sequence. Neither newspapers nor documents are at our disposal. And yet the

repeated interruptions in the Brest-Litovsk negotiations create a suspense which, under present circumstances, is no longer bearable. I shall endeavor, therefore, to recall the course and the landmarks of the October revolution, reserving the right to complete and correct this exposition subsequently in the light of documents.

Lenin, Trotsky, Germany and the Treaty of Brest-Litovsk I[O]U[O]rii Fel'shtinskiĭ, 2012 The Treaty that Ended the World Revolution. For decades, historians have been trying to understand why the world communist revolution that broke out in Europe in 1917-1919 in the wake of the horror of the First World War ended in defeat. The overthrow of the Russian monarchy in March 1917 and the Bolshevik coup eight months later was followed by the Treaty of Brest-Litovsk, a separate peace between Russia and the Central Powers, with unprecedented annexations and reparations. Vladimir Lenin called for the conclusion of a separate peace with Germany. Nikolai Bukharin called for immediate revolutionary war. Lev Trotsky adhered to a middle position, which has entered history under the slogan neither peace nor war. What is clear is that by forming a separate peace with Germany and her allies in order to stabilize Soviet rule in Russia, Lenin's government delivered a stab in the back to the German socialist revolution. As a result, by 1919, the Soviet government, headed by Lenin, had survived in Russia, and it became the global center of the Communist International movement. Join scholar and noted Russian historian Yuri Felshtinsky as he examines existing and newly discovered source material for a fresh look at this pivotal turning point in world history.

*Lenin and the Russian Revolution* Steve Phillips, 2000 A study of Lenin and the Russian Revolution. It is designed to fulfil the AS and A Level specifications in place from September 2000. The AS section deals with narrative and explanation of the topic. The A2 section reflects the different demands of the higher level examination.

*Lenin* Robert Service, 2000 Lenin's politics still reverberate around the world even after the death of the USSR. His name elicits revulsion and reverence. Yet Lenin the man remains largely a mystery. This biography reveals Lenin in his full complexity as a revolutionary, political leader, thinker, and private person. 50 halftones. 3 maps.
