The Words and Music of Tom Waits Corinne Kessel, 2008-11-30 Tom Waits's distinctive, bourbon-soaked growl, his unique persona, and his incorporation of musical styles from blues to experimental to vaudeville have secured for him a top-shelf cult following and an extraordinary critical respect. The idea of the Wanderer - someone who seeks an escape from all of life's problems, and dreams himself into oblivion - serves as the fundamental personality type around which all Waits's music revolves. Ten years of producing and touring with Waits's macabre folktale adaptation across Canada and the U.S. has given author Corinne Kessel direct access to his work, creative process, and his associates. In this comprehensive analysis, Kessel examines all of the many characters that have appeared throughout the course of Waits' musical career, from *Closing Time* (1973) to *Orphans: Brawlers, Bawlers, and Bastards*. His raw form of expression and his evocative lyrics work together to form an emotional chronicle of society's misfits, outcasts, and lowlifes. He is not the sort of composer to chase after shiny red fire trucks to awesome blazing fires, but instead looks after the intangible dreams found dissipating in the last wisp of smoke from a cigarette, held in the weathered hands of a broken soul. Here, author Corinne Kessel pursues Waits into this distinctly murky and unsettled atmosphere to address in particular Waits's enduring questions of reality, landscape, and identity.

The Words and Music of Sheryl Crow Christopher Gable, 2016-09-06 Offering commentary, musical analysis, and detailed interpretation of her songs' lyrics, this book examines the qualities of Sheryl Crow's music that have served to establish the artist's success and popularity. Sheryl Crow continues to be celebrated for her legacy as a singer-songwriter and pop culture icon. This book provides an introduction to Sheryl Crow's entire music catalog. Organized into chronological periods of time, the author weaves biographical facts throughout a narrative rich with details about her songs: how they were created, recorded, distributed, and modified in live performance. Accompanying commentary features song analysis—including song structure, chord progression, and melody—and provides fascinating insights into the lyrical content of Crow's songwriting. The work begins with Crow's upbringing, her musical roots and influences, and how they manifested themselves in her later career. Subsequent sections delve into her road to success and eventual stardom, revealing how her rise to fame and widespread popularity was littered with broken friendships, acrimony, and suicide. The last several chapters follow her life after a diagnosis of breast cancer and the adoption of her sons. The work also includes a chapter on B-sides and rare songs by Crow.

The Beatles Lyrics Hunter Davies,2025-05-01 Rich with insider authenticity...Gives us a glimpse into genius: the definitive book of Beatles songs, shown as first written by their own hands and put into authoritative context (Wall Street Journal). For the Beatles, writing songs was a process that could happen anytime — songs we all know by heart often began as a scribble on the back of an envelope or on hotel stationery. These original documents have ended up scattered across the world at museums and universities and with collectors and friends. Many have never been published before. More than 100 songs and lyrics are reproduced in The Beatles Lyrics, providing Hunter Davies a unique platform to tell the story of the music. The intimacy of these reproductions — there are sections crossed out and rewritten, and words tossed into the final recordings that were never written down — ensures that The Beatles Lyrics will be a treasure for musicians, scholars, and fans everywhere. A fascinating, intimate glimpse into the creative process behind some of the greatest pop songs ever written. — Christian Science Monitor

Song Carol Kimball,2006-12-01 (Book). Carol Kimball's comprehensive survey of art song literature has been the principal one-volume American source on the topic. Now back in print after an absence of several years, this newly revised edition includes biographies and discussions of the work of 150 composers of various nationalities, as well as articles on styles of various schools of composition.

The Edge Scott Wittenburg,2007-02 A parallel universe. Does one exist? If so, what might be its role in the grand scheme of things? Someone is about to find out. Adam Fuller is a struggling musician who has left his small Ohio hometown for New York City in pursuit of his lifelong dream to be a rock and roll star. Unfortunately, he has discovered the hard way that the Manhattan showcase club scene for unsigned bands is not what it used to be. Ellen Brigatti is a renowned NYC photographer whose artistry has propelled her to an elite niche among the top names in her profession. Life couldn't be better for this beautiful young rising star in the glamorous world of fashion photography. Or so it would seem. But Adam and Ellen share something in common that has hurled them both down a perilous path of self-destruction. And neither one is capable of stopping the runaway train that continues to speed relentlessly toward its inevitable final destination. Eventually, only one of them will know where that train has taken them.

Pink Floyd All the Songs Jean-Michel Guesdon,Philippe Margotin,2017-10-24 A comprehensive look at the unique recording history of Pink Floyd, one of the world's most commercially successful and influential rock bands. Pink Floyd All the Songs tells the full story of every recording session, album, and single that the band has released. Since 1965, Pink Floyd been recording sonically experimental and philosophical music, selling more than 250 million records worldwide, including two of the best-selling albums of all time Dark Side of the Moon and The Wall. In Pink Floyd All the Songs, authors Margotin and Guesdon describe the origins of the band's nearly 200 released songs, including details from the recording studio, what instruments were used, and behind-the-scenes stories of the tensions that helped drive the band. Organized chronologically by album, this massive, 544-page hardcover begins with the band's 1967 debut album The Piper at the Gates of Dawn—the only one recorded under founding member Syd Barrett's leadership—and runs all the way through their 2014 farewell album, The Endless River, which was downloaded 12 million times on Spotify during its first week of release. Packed with more than 500 photos, Pink Floyd All the Songs is also filled with stories that fans will treasure, such as Waters working with engineer Alan Parsons to implement revolutionary recording techniques on The Dark Side of the Moon during sessions at Abbey Road Studios in 1972, and producer Bob Ezrin's contributions that helped refine Waters' original sprawling vision for The Wall.
