Jordan A. Thomson

Mencken Marion Elizabeth Rodgers,2005-11-01 A towering figure on the American cultural landscape, H.L. Mencken stands out as one of our most influential stylists and fearless iconoclasts--the twentieth century's greatest newspaper journalist, a famous wit, and a constant figure of controversy. Marion Elizabeth Rodgers has written the definitive biography of Mencken, the finest book ever published about this giant of American letters. Rodgers illuminates both the public and the private man, covering the many love affairs, his happy marriage at the age of 50 to Sara Haardt, and his complicated but stimulating friendship with the famed theater critic George Jean Nathan. Rodgers vividly recreates Mencken's era: the glittering tapestry of turn-of-the-century America, the roaring twenties, depressed thirties, and the home front during World War II. But the heart of the book is Mencken. When few dared to shatter complacencies, Mencken fought for civil liberties and free speech, playing a prominent role in the Scope's Monkey Trial, battling against press censorship, and exposing pious frauds and empty uplift. The champion of our tongue in *The American Language*, Mencken also played a pivotal role in defining American letters through *The Smart Set* and *The American Mercury*, magazines that introduced such writers as James Joyce, F. Scott Fitzgerald, and Langston Hughes. Drawing on research in more than sixty archives including private collections in the United States and in Germany, previously unseen, on exclusive interviews with Mencken's friends, and on his love letters and FBI files, here is the full portrait of one of America's most colorful and influential men. This biography, the best ever on the sage of Baltimore, is exhaustive but never exhausting, and offers readers more than moderate intelligence and an awfully good time. --Martin Nolan, *Boston Globe*

Review of Mein Kampf by Adolf Hitler George Orwell,2025-10-02 Orwell read Hitler--and believed him. In this blistering review from 1940, he lays out what most of polite society refused to face.

The Holocaust, Fascism and Memory D. Stone,2013-02-22 From interpretations of the Holocaust to fascist thought and anti-fascists' responses, this book tackles topics which are rarely studied in conjunction. This is a unique collection of essays on a wide variety of subjects, which contributes to understanding the roots and consequences of mid-twentieth-century Europe's great catastrophe.

Review of Adolph Hitler's "Mein Kampf" George Orwell,2021-01-09 Review of Adolph Hitler's 'Mein Kampf' is an essay of George Orwell. Mein Kampf (My Struggle or My Fight) is a 1925 autobiographical manifesto by Nazi Party leader Adolf

Hitler. The work describes the process by which Hitler became antisemitic and outlines his political ideology and future plans for Germany. Volume 1 of *Mein Kampf* was published in 1925 and Volume 2 in 1926. The book was edited first by Emil Maurice, then by Hitler's deputy Rudolf Hess.

At Memory's Edge James Edward Young, 2000-01-01 How should Germany commemorate the mass murder of Jews once committed in its name? In 1997, James E. Young was invited to join a German commission appointed to find an appropriate design for a national memorial in Berlin to the European Jews killed in World War II. As the only foreigner and only Jew on the panel, Young gained a unique perspective on Germany's fraught efforts to memorialize the Holocaust. In this book, he tells for the first time the inside story of Germany's national Holocaust memorial and his own role in it. In exploring Germany's memorial crisis, Young also asks the more general question of how a generation of contemporary artists can remember an event like the Holocaust, which it never knew directly. Young examines the works of a number of vanguard artists in America and Europe--including Art Spiegelman, Shimon Attie, David Levinthal, and Rachel Whiteread--all born after the Holocaust but indelibly shaped by its memory as passed down through memoirs, film, photographs, and museums. In the context of the moral and aesthetic questions raised by these avant-garde projects, Young offers fascinating insights into the controversy surrounding Berlin's newly opened Jewish museum, designed by Daniel Libeskind, as well as Germany's soon-to-be-built national Holocaust memorial, designed by Peter Eisenman. Illustrated with striking images in color and black-and-white, *At Memory's Edge* is the first book in any language to chronicle these projects and to show how we remember the Holocaust in the after-images of its history.

So It Was True: American Protestant Press and the Nazi Persecution of the Jews Robert W. Ross, 1998-06-02 How much did American Protestants know about the Nazi persecution of European Jews before and during World War II? Very little, many of them claimed in the postwar years. Robert W. Ross challenges that answer in this analysis of the ways in which Protestant journals ranging from *The Christian Century* to *The Arkansas Baptist* reported and editorialized on the subject from 1933 through 1945.

What happens to you when you travel for so long? What happens when you are confronted with the dramatic contrasts of this world in a very short space of time? Questions that ultimately

take him on the journey of his life. A rucksack, BVB jersey, sturdy shoes and the will to make it. Sometimes it takes no more and no less. What follows is a highly emotional ups and downs, an unimaginable journey that not only pushes his emotions to unimagined heights.

A Definition of Snow Annina Lux,2019-09-01 What if fourteen individuals, working for change in their own communities around the world, came together to tell their stories? In A Definition of Snow, fourteen writers do just that. Gathered by Project VOICE over a period of three years, the writers describe their day-to-day experiences working in social, humanitarian, medical, development and peace-related fields, in Africa, Latin America, Asia and the Middle East, in ways that are powerful, honest and thought-provoking. Such stories, until now, have been mostly unavailable. But they are highly important – and they should be told by those who experienced them and continue to experience them on a daily basis. A Definition of Snow aims to project these unique voices, and bring their stories to readers for the first time. I come from Africa, a continent that is very rich in many ways. We are very wealthy in non-material things such as happiness, laughter, joy, contentment, generosity and love. We are also wealthy in natural resources, breath-taking scenery and fertile land. However, we are famously known in the western world for poverty, disease, corruption and war. The truth is, we are more than that and there is our side of the story that is often not told. - Sheila Chepkoech, Kenya I wanted to be free of dictatorship. I wanted to be able to speak my mind without being punished. I wanted to decide for myself what I wanted to be in life. Nobody should decide for me. - Hintsa Solomon, Eritrea/Germany Girls no longer marry at 14, they do not school stop at 14 – this is probably one of the best things we have done for the community. It is not easy to change people's mentality and their convictions. - Noha Rbeiz, Lebanon
