Introduction To Literature Henny Herawati,Maria Vincentia Eka Mulatsih,2021-02-19 Integrating literature in education, especially in language learning, is indispensable. Not only that literature enables students to gain competence in a particular area of knowledge, it also nurtures their compassion and conscience, developing them into whole human beings. This book is designed to assist both teachers and students of Introduction to Literature course to enhance their literary skills as well as their soft skills.

English as a Foreign Language in a New-Found Post-Pandemic World El-Henawy, Walaa M.,del Mar Suárez, Maria,2022-06-24 The COVID-19 pandemic has catalyzed a new era in English as a Foreign Language (EFL) learning and teaching by shifting EFL education from the face-to-face learning paradigm to the online and distance learning paradigm. Teachers and students have faced several challenges such as choosing appropriate web tools for presenting content either synchronously or asynchronously, motivating students to participate, and assessing students' learning. Additionally, this shift to emergency remote online learning represents a challenge for students, particularly with managing their own learning. Taking into account that many students attend low-income schools with limited resources that lack reliable access to the internet and computers, this shift has resulted in growing equity gaps. Likewise, transitioning to emergency remote teaching has revealed a lack of digital competency and readiness amongst teachers. English as a Foreign Language in a New-Found Post-Pandemic World presents an overview of various tools, designs, and strategies utilized to provide digital teaching and assessment of the English language, shares research on using digital technologies for supporting English language learning, and identifies promising areas and directions for future innovations, applications, and research in digital English language learning and teaching. Covering critical topics such as digital teacher education, language learning environments, and online instructional tools, this reference work is crucial for administrators, policymakers, teacher educators, special educators, educational technologists, researchers, scholars, academicians, practitioners, instructors, and students.

Developing Creative Thinking to Improve Academic Writing Azza Abugharsa PhD,2018-05-08 Developing Creative

Thinking to Improve Academic Writing Part Two Advanced Level textbook helps enhancing lateral thinking within the given contextual frame in order to promote students intellectual challenge to produce a comprehensive understanding about the topic. This facilitates flexible thinking required to write academic assignments in which arguments are presented for thorough analysis. Since rigid judgments can lead to fossilized views, it is recommended to emphasize the concept that all opinions are correct from the points of view of their holders. In this regard, this book helps college students practice improving their triangular thinking skills which emphasize evaluation of all the aspects of the topic in an equal pattern. Furthermore, this book is useful for ESL college students as well as native speakers of English as it reinforces transformational learning principles which highlight education by inspiration rather than information. Such a strategy can motivate the students to become more creative, more practical and more resourceful and enable them to transform their learning-related thinking abilities and attitudes in order to come to a better understanding of themselves and the world.

LBC: The Necklace and Other Stories Guy de Maupassant, "How life is strange and changeful! How little a thing is needed for us to be lost or to be saved!" A defining characteristic of Maupassant's short stories is his ability to build tension and deliver powerful, often ironic conclusions. His stories typically revolve around ordinary characters, caught in the grips of fate or societal pressures, and Maupassant's sharp observation of human behavior enables him to reveal deeper truths about life and morality. "The Necklace" is one of Maupassant's most famous and frequently anthologized short stories. Other distinguished works in this collection include "The Horla", "The Piece of String", and more.

The Power of Teacher Talk Deborah Bieler, 2018-11-23 Whereas most studies of either teacher retention or student drop outs focuses on big-picture policy implications, *The Power of Teacher Talk* makes the case that the most important factor for keeping teachers and students in school is the everyday interactions between teacher and student, recognizing the key role of classroom teachers in addressing both problems--

Twist Endings Willem Strank, 2015-12-08 Ein kleiner Kniff und alles ist anders - auch wenn das Twist Ending zumeist mit dem Riesenerfolg *The Sixth Sense* (1999) in Verbindung gebracht wird, ist es fast so alt wie die Filmgeschichte selbst. Der Band *Twist Endings. Umdeutende Film-Enden* geht den Ursprüngen des Phänomens auf den Grund und beschreibt seine Entwicklung und Funktionsweise anhand zahlreicher Beispiele. Der Kunstgriff erfreut sich größerer Popularität denn je und wird mittlerweile häufig zum jüngeren Trend der sogenannten Mindgame-Filme gerechnet, die den Zuschauer durch immer neue Täuschungen zum Ratespiel herausfordern. Auch deshalb bilden zeitgenössische Filme wie *Shutter Island* (2010) und *The Uninvited* (2009) einen Schwerpunkt der Untersuchung. Doch auch Klassiker wie *Das Cabinet des Dr. Caligari* (1920) und *Planet of the Apes* (1968) bleiben nicht unerwähnt. In einer theoretischen Auseinandersetzung wird beleuchtet, dass es sich beim Twist Ending gleichermaßen um einen dramaturgischen Handgriff wie um eine erzählerische Variante des überraschenden Endes allgemein handelt. Ausdrücke wie Plot Twist stehen ebenso im Fokus der Untersuchung wie psychologische Schlagwörter, beispielsweise der Primacy-Recency Effect. Ein filmgeschichtlicher Rückblick thematisiert das Auftreten des Twist Endings von seinen Anfängen um 1900 bis heute - Beispielenanalysen zeichnen die Veränderungen nach, denen die Finalisierungsform bis heute unterworfen ist. In einer Typologie wird im Anschluss die basale Struktur des Twist Endings herausgearbeitet und auf vier Varianten zurückgeführt: den Wake-up Twist und den Set-up Twist, die konventionelle Formen des Twist Endings darstellen, sowie den perzeptionellen Twist und den narrativen Twist, die in den vergangenen Jahrzehnten prominenter wurden und die Filmforschung insbesondere unter den Schlagwörtern unzuverlässiges Erzählen und mindgame movies beschäftigt haben.

Race and the Greening of Atlanta Christopher C. Sellers, 2023-08-15 *Race and the Greening of Atlanta* turns an environmental lens on Atlanta's ascent to thriving capital of the Sunbelt over the twentieth century. Uniquely wide ranging in scale, from the city's variegated neighborhoods up to its place in regional and national political economies, this book reinterprets the fall of Jim Crow as a democratization born of two metropolitan movements: a well-known one for civil rights

and a lesser known one on behalf of “the environment.” Arising out of Atlanta’s Black and white middle classes respectively, both movements owed much to New Deal capitalism’s undermining of concentrated wealth and power, if not racial segregation, in the Jim Crow South. Placing these two movements on the same historical page, Christopher C. Sellers spotlights those environmental inequities, ideals, and provocations that catalyzed their divergent political projects. He then follows the intermittent, sometimes vital alliances they struck as civil rights activists tackled poverty, as a new environmental state arose, and as Black politicians began winning elections. Into the 1980s, as a wealth-concentrating style of capitalism returned to the city and Atlanta became a national “poster child” for sprawl, the seedbeds spread both for a national environmental justice movement and for an influential new style of antistatism. Sellers contends that this new conservatism, sweeping the South with an antienvironmentalism and budding white nationalism that echoed the region’s Jim Crow past, once again challenged the democracy Atlantans had achieved.
