Accademia nazionale dei Lincei

Sacred Landscapes in Antiquity Ralph Haussler, Gian Franco Chiai, 2020-07-31 From generation to generation, people experience their landscapes differently. Humans depend on their natural environment: it shapes their behavior while it is often felt that deities responsible for both natural benefits and natural calamities (such as droughts, famines, floods and landslides) need to be appeased. We presume that, in many societies, lakes, rivers, rocks, mountains, caves and groves were considered sacred. Individual sites and entire landscapes are often associated with divine actions, mythical heroes and etiological myths. Throughout human history, people have also felt the need to monumentalize their sacred landscape. But this is where the similarities end as different societies had very different understandings, beliefs and practices. The aim of this new thematic appraisal is to scrutinize carefully our evidence and rethink our methodologies in a multi-disciplinary approach. More than 30 papers investigate diverse sacred landscapes from the Iberian peninsula and Britain in the west to China in the east. They discuss how to interpret the intricate web of ciphers and symbols in the landscape and how people might have experienced it. We see the role of performance, ritual, orality, textuality and memory in people's sacred landscapes. A diachronic view allows us to study how landscapes were 'rewritten', adapted and redefined in the course of time to suit new cultural, political and religious understandings, not to mention the impact of urbanism on people's understandings. A key question is how was the landscape manipulated, transformed and monumentalized – especially the colossal investments in monumental architecture we see in certain socio-historic contexts or the creation of an alternative humanmade, seemingly 'non-natural' landscape, with perfectly astronomically aligned buildings that define a cosmological order? Sacred Landscapes therefore aims to analyze the complex links between landscape, 'religiosity' and society, developing a dialectic framework that explores sacred landscapes across the ancient world in a dynamic, holistic, contextual and historical perspective.

Immemòriam Giulia Depentor, 2023-10-24T00:00:00+02:00 Visitare i campisanti, leggere le lapidi, osservare le foto dei defunti sono attività piene di sorprese e un modo per conoscere culture e popoli. "In questo libro, una sorta di atlante cimiteriale, vi porterò con me in giro per l'Italia a visitare cimiteri e luoghi legati alla morte, e ve ne racconterò storie, misteri, aneddoti e tradizioni. Andremo di fronte alle tombe di personaggi famosi, esploreremo cimiteri abbandonati su cui circolano strane leggende, ripercorreremo eventi della storia italiana, indagheremo su delitti rimasti senza colpevoli e

racconteremo vicende quasi dimenticate.” Se è vero, come dice qualcuno, che i cimiteri sono luoghi fatti dai vivi per i vivi e dove i morti in realtà c’entrano poco, è anche vero che tutte le storie, anche quelle apparentemente insignificanti, meritano di essere raccontate. E le storie, nei cimiteri, non finiscono mai.

Le Triplici Cinte in Italia: compendio di studi 2000-2024- VOLUME II Marisa Uberti, 2024-06-04 Il secondo volume de Le Triplici Cinte in Italia: compendio di studi 2000-2024 prosegue il viaggio italiano di ricerca e documentazione delle tavole-mulino ludiche e simboliche, attività che l'autrice porta avanti con passione e impegno da venticinque anni, grazie anche alla collaborazione di tanti cercatori cui questo lavoro è dedicato. In questo libro andremo ad esplorare tutte le regioni dell'Italia Centrale, Meridionale e Insulare, incontreremo monumenti e luoghi, entreremo in archivi e biblioteche, troveremo tradizioni ludiche, significati simbolici, curiosità e molte testimonianze. Se vi sentite dei potenziali esploratori del territorio in cui abitate questo libro è per voi! Guardatevi intorno perché potreste trovare una Triplice Cinta incisa da aggiungere al censimento italiano e se vi sembra di non conoscerla (ma forse vi è nota sotto altri nomi come filetto, tavola-mulino, merler, tria, marreda, a seconda della vostra regione), questo testo vi aiuterà a farlo con metodo. Un vecchio gioco inciso su un muretto di paese o nel chiostro di qualche abbazia merita tanta attenzione? Ebbene sì, visto che non si tratta solo di questo e lo sanno bene i più esperti, che comunque troveranno in quest'opera degli utili strumenti di indagine, alla luce degli ultimi aggiornamenti. In ciascuna regione trovano spazio dei box dedicati a significativi esemplari esteri pertinenti al modello o al contesto di cui si sta parlando, creando in tal modo un interessante trait d'union che può dare ulteriori spunti di conoscenza e riflessione. Pagina dopo pagina si raccoglieranno dati importanti per scoprire e classificare le Triplici Cinte ludiche e simboliche. L'opera è composta da due volumi interdipendenti; contiene un vasto apparato iconografico costituito da fotografie, disegni, mappe, grafici statistici e tabelle esplicative. Si avvale di circostanziate annotazioni e di una ricca bibliografia di riferimento.

Centouno camminate in montagna Paola Lugo, 2011-05-17 Dalle Alpi agli Appennini, dalla Sardegna alla Sicilia, Paola Lugo ci fa da guida nelle passeggiate più belle d'Italia...

Guida I viaggi del Sole AA.VV., 2022-08-05T00:00:00+02:00 Una cura del bello. Per guarire dai lockdown della pandemia, dall'isolamento sociale, dai confinamenti che hanno chiuso il mondo fuori. Il Sole24Ore raccoglie i contributi pubblicati nella rubrica Viaggi 24 del Sole 24 Ore, per proporre una serie di mete estive per le vacanze. Una serie di viaggi e di itinerari alla scoperta del bello italiano, quello noto ma che magari non è proprio noto del tutto, e quello sconosciuto, tutto da scoprire con il ritmo lento della scoperta. Dall'atlante dei cammini in Toscana, alla Capri dove la natura batte il glamour, dal distretto dei monti Sibillini, leva di sviluppo delle Marche, alla Venezia che non ti aspetti di Cavallino-Treporti. L'Italia resta meta ideale per recuperare lo spirito della vacanza ancora più prezioso dopo la lunga stagione dei confinamenti. Ma la Guida del Sole guarda anche oltre confine. Dalle mete imperdibili della Grecia (e non sono quelle ultranote) ai vigneti di Bordeaux dove

scorrazzare in bicicletta; dalla Malta dell'arte contemporanea (e non solo del Caravaggio) alla Madeira paradiso del relax e modello di luogo della felicità applicata. Sono solo alcuni degli esempi di mete pubblicati nella Guida del Sole 24 Ore. Che non manca di affrontare anche il tema dei diritti dei viaggiatori e dei turisti: che succede se cancellano il volo? Se l'hotel non è quello immaginato? Se i costi non sono indicati in modo trasparente? Lo scoprirete leggendo l'ultimo capitolo.

Il Sacro bosco di Bomarzo e le poetiche del terribile e del meraviglioso nell'età del Manierismo Maurizio Calvesi, 1989

Monumenti antichi, 1916

Lucifero, il re sumero tradito dal Signore Alessandro De Angelis, 2021-02-08 Dopo aver dimostrato nel precedente volume che l'Apocalisse di Giovanni raccontava non eventi futuri, ma la storia di ciò che accadde quando la coda della cometa Burckle colpì la terra di Sumer, in questo nuovo studio l'autore indaga sui testi sumeri alla ricerca dei racconti inerenti questa catastrofe. Attraverso l'analisi di documenti antichissimi, il libro rivela il crimine compiuto dal personaggio che nei secoli a venire verrà chiamato Lucifero, il luogo dove venne imprigionato con i suoi guerrieri e la sua liberazione da parte del figlio, per poi giungere a svelare le identità del Signore e degli arcangeli, con un'accurata ricostruzione di quella che fu la prima battaglia storica documentata dell'umanità, la cui eco è giunta, attraverso la Bibbia ed altri antichi resoconti, fino ai nostri giorni. L'ultima parte del libro viene dedicata alla confutazione della teoria della paleoastronautica, la quale ipotizza la presenza di alieni nella Bibbia. Nel capitolo finale viene infine mostrato come i discendenti di Noè/Ziusudra arrivarono in Italia, dove approdarono gli eredi dei Grandi Costruttori che fecero ripartire la civiltà dopo il catastrofico evento del Diluvio Universale.

Varietas rivista illustrata, 1925

Stendhal in bicicletta Manlio Pisu, 2023-08-04T00:00:00+02:00 La bicicletta è l'unico mezzo in grado di farci provare un senso di libertà, sperimentare emozioni forti ma anche una profonda connessione con il mondo che ci circonda. Per questo sempre più persone, anche intere famiglie, scelgono i viaggi in bici per le loro vacanze. In Italia il cicloturismo genera un giro di affari di cinque miliardi, una cifra che potrebbe però crescere rapidamente se venissero fatti investimenti adeguati. Appassionato ciclovicciatore, da anni Manlio Pisu sostiene il cicloturismo come motore della bike economy, racconta i percorsi che ha sperimentato in prima persona, fornisce consigli pratici e utili. Dalla Via Francigena alle meraviglie del Lombardo-Veneto, dall'Eroica nelle Crete Senesi alla Via dei Tramonti nella Sicilia occidentale, ogni lettore si scoprirà cicloturista e non vedrà l'ora di salire in sella. Un libro che aiuta a scoprire il piacere che si prova rallentando, godendo del viaggio intrapreso e investendo in una forma di turismo più sostenibile. "La ricchezza di dati e dettagli sui percorsi mirabilmente descritti in questo libro fanno venire voglia a chi legge di prendere la bici e pedalare per scoprire e annusare ogni chilometro, per assorbire come una spugna le sensazioni che solo la bici sa liberare." Gianluca Santilli Presidente dell'Osservatorio Bikeconomy
