Toni Morrison and the Writing of Place Alice Sundman, 2022-03-28 How does Toni Morrison create and form her literary places? As one of the first studies exploring Morrison's archived drafts, notes, and manuscripts together with her published novels, this book offers fresh insights into her creative processes. It analyses the author's textual choices, her writerly strategies, and her process of writing, all combining in shaping her literary places. In a methodology combining close reading and genetic criticism, the book examines Morrison's writing—her drafting and crafting—of her fictional places. Focusing primarily on the novels *Beloved* (1987), *Paradise* (1997), and *A Mercy* (2008), it analyses particular instances of written places, illuminating the manifold ways in which they are formed as text, and showing the centrality of the ideas of joining in *Beloved*, transformation in *Paradise*, and articulation in *A Mercy*. Toni Morrison is a major literary figure in contemporary literature, and is commonly considered one of the most influential American writers of the post-1960s era. Investigating the conjunction of her texts and manuscripts, this book continues, extends, and supplements the rich body of Morrison scholarship by illuminating how the genesis and formation of her multifaceted literary places constitute vital parts of her fictional writing.

Scott, 2024-04-09 A spiritually grounded source of inspiration and answers for education leaders in troubling times Public confidence in schools is waning, and there remains an unprecedented teacher shortage in the United States. *Leading with Heart and Soul: 30 Inspiring Lessons of Faith, Learning, and Leadership for Educators* shows leaders how to use spiritual principles to care for teachers, students, and other stakeholders despite these obstacles. Principals, superintendents, and others will gain motivation from the stories and strategies inside. Drawing on spiritual principles and Dr. Irvin Scott's experience as a classroom, school, district, and non-profit leader, this book will reinvigorate you and your team as you try to answer your most pressing questions about the future of education, including: How do we empower innovative, servant-hearted educational leaders to meet the needs of students? How do we inspire whole communities to support the learning journeys of their youth? How do we engage the entire educational ecosystem—including nonprofits and other organizations—to uplift equitable opportunities to learning and ensure that every student has the resources needed to thrive? This is not a time for leaders to turn away from our children, their caregivers, and the educators who teach and nurture them. Instead, it is a time to lift them up and celebrate the work they do while navigating our own administrative mandates and challenges. *Leading with Heart and Soul* speaks directly to the individuals in a position to achieve that goal. It is perfect for book clubs; personal study; and within public, Christian private, and faith-based charter schools.

**The Creative Writing Handbook** Jay Amberg,Mark Larson,1992 Educational resource for teachers, parents and kids!

Writing Theologically Eric D. Barreto,2015 Writing Theologically introduces writing not just as an academic exercise but as a way for students to communicate the good news in rapidly changing contexts, as well as to discover and craft their own sense of vocation and identity. Most important will be guiding students toward a distinctive theological voice that is particularly attuned to the contexts of writer and audience alike. In a collection of brief, readable essays, this volume, edited by Eric D. Barreto, emphasizes the vital skills, practices, and values involved in writing theologically.

**Good Writing in Cross-Cultural Context** Xiao Ming Li,1996-01-01 Writing comments on student papers is a time-honored and widely accepted practice in writing classrooms in most countries. Teachers offer text-specific advice to each student and communicate to the student writer, among other things, the criteria of good writing. A close look at the teacher's comments, therefore, reveals the criteria with which teachers measure student papers. This study builds a dialogue between teachers of writing in China and America on what good writing is, revealing the fact that good writing resides not just with student texts, but with the teachers who read and judge student papers.

Say Sayonara to Perfectionism Hillary Rettig,2013-11-05 From the author of the best-selling The 7 Secrets of the Prolific, Say Sayonara to Perfectionism! is a short volume that gets to the core of what you need to know to recognize, and overcome, perfectionism. Perfectionism not only slows you down, it sucks the joy out of your work and life. The big mistake people make is confusing it with high standards, and since everyone wants to have high standards, the confusion leaves them powerless to tackle their perfectionism. But perfectionism isn't the same as having high standards—not even close! And once you understand its true nature, you will be well on your way to defeating it. Author Hillary Rettig has identified 18 (to date) characteristics of perfectionism, including grandiosity, shortsightedness, over-focus on outcomes, over-identification with the work, relentless comparisons, arbitrary categorizations, and false pride. She discusses all these and more in Say Sayonara to Perfectionism!, and also shows how perfectionism fuels procrastination, underproductivity, and blocks. Then she offers solutions that will immediately help you take charge of your work, get more productive, and feel less stressed. Say Sayonara to Perfectionism! consists of the first two chapters of The 7 Secrets of the Prolific (The Mechanics of Procrastination and Overcoming Perfectionism), plus an original chapter summarizing the other productivity techniques discussed in The 7

Secrets, including time management, optimizing your writing process, overcoming ambivalence, and coping with traumatic rejections. Those seeking comprehensive discussions of those techniques should read *The 7 Secrets of the Prolific*; while those wishing to focus mainly on overcoming their perfectionism will find all the information they need in *Say Sayonara to Perfectionism*!

*Writing Essentials* Regie Routman, 2005 Accompanying DVD includes videos of the author working with student writers.

**Love and Narrative Form in Toni Morrison's Later Novels** Jean Wyatt, 2017-03-01 In *Love and Narrative Form in Toni Morrison's Later Novels*, Jean Wyatt explores the interaction among ideas of love, narrative innovation, and reader response in Toni Morrison's seven later novels. Love comes in a new and surprising shape in each of the later novels; for example, *Love* presents it as the deep friendship between little girls; in *Home* it acts as a disruptive force producing deep changes in subjectivity; and in *Jazz* it becomes something one innovates and recreates each moment—like jazz itself. Each novel's unconventional idea of love requires a new experimental narrative form. Wyatt analyzes the stylistic and structural innovations of each novel, showing how disturbances in narrative chronology, surprise endings, and gaps mirror the dislocated temporality and distorted emotional responses of the novels' troubled characters and demand that the reader situate the present-day problems of the characters in relation to a traumatic African American past. The narrative surprises and gaps require the reader to become an active participant in making meaning. And the texts' complex narrative strategies draw out the reader's convictions about love, about gender, about race—and then prompt the reader to reexamine them, so that reading becomes an active ethical dialogue between text and reader. Wyatt uses psychoanalytic concepts to analyze Morrison's narrative structures and how they work on readers. *Love and Narrative Form* devotes a chapter to each of Morrison's later novels: *Beloved*, *Jazz*, *Paradise*, *Love*, *A Mercy*, *Home*, and *God Help the Child*.

**The Bloomsbury Handbook to Toni Morrison** Kelly Reames, Linda Wagner-Martin, 2022-12-15 The most substantial collection of critical essays on Morrison to appear since her death in mid-2019, this book contains previously unpublished essays which both acknowledge the universal significance of her writing even as they map new directions. Essayists include pre-eminent Morrison scholars, as well as scholars who work in cultural criticism, African American letters, American modernism, and women's writing. The book includes work on Morrison as a public intellectual; work which places Morrison's writing within today's currents of contemporary fiction; work which draws together Morrison's "trilogy" of *Beloved*, *Jazz*, and *Paradise* alongside Dos Passos' USA trilogy; work which links Morrison to such Black Atlantic artists as Lubaina Himid and others as well as work which offers a reading of "influence" that goes both directions between Morrison and Faulkner. Another cluster of essays treats seldom-discussed works by Morrison, including an essay on Morrison as writer of children's books and as speaker for children's education. In addition, a "Teaching Morrison" section is designed to help teachers and critics who teach Morrison in undergraduate classes. *The Bloomsbury Handbook to Toni Morrison* is wide-ranging,

provocative, and satisfying; a fitting tribute to one of the greatest American novelists.

**Women Writing Across Cultures** Pelagia Goulimari, 2018-10-22 This collection brings together an international, multicultural, multilingual, and multidisciplinary community of scholars and practitioners in different media seeking to question and re-theorize the contested terms of our title: “woman,” “writing,” “women’s writing,” and “across.” “Culture” is translated into an open series of interconnected terms and questions. How might one write across national cultures; or across a national and a minority culture; or across disciplines, genres, and media; or across synchronic discourses that are unequal in power; or across present and past discourses or present and future discourses? The collection explores and develops recent feminist, queer, and transgender theory and criticism, and also aesthetic practice. “Writing across” assumes a number of orientations: posthumanist; transtemporal; transnationalist; writing across discourses, disciplines, media, genres, genders; writing across pronouns – he, she, they; writing across literature, non-literary texts, and life. This book was originally published as a special issue of *Angelaki: Journal of the Theoretical Humanities*.

**Writing in the Southern Tradition** Ashby Bland Crowder, 2021-11-01

**Ain't I an Anthropologist** Jennifer L. Freeman Marshall, 2023-02-28 Iconic as a novelist and popular cultural figure, Zora Neale Hurston remains underappreciated as an anthropologist. Is it inevitable that Hurston’s literary authority should eclipse her anthropological authority? If not, what socio-cultural and institutional values and processes shape the different ways we read her work? Jennifer L. Freeman Marshall considers the polar receptions to Hurston’s two areas of achievement by examining the critical response to her work across both fields. Drawing on a wide range of readings, Freeman Marshall explores Hurston’s popular appeal as iconography, her elevation into the literary canon, her concurrent marginalization in anthropology despite her significant contributions, and her place within constructions of Black feminist literary traditions. Perceptive and original, *Ain’t I an Anthropologist* is an overdue reassessment of Zora Neale Hurston’s place in American cultural and intellectual life.

**Punctuation** Jennifer DeVere Brody, 2008-05-21 Punctuation offers playful interpretations of punctuation in relation to aesthetics, performance, and experimental art.

**Reading the Canon** Philipp Löffler, 2017-03-02 'Reading the Canon' explores the relation between the production of literary value and the problem of periodization, tracing how literary tastes, particular reader communities, and sites of literary learning shape the organization of literature in historical perspective. Rather than suggesting a political critique of the canon, this book shows that the production of literary relevance and its tacit hierarchies of value are necessary consequences of how reading and writing are organized as social practices within different fields of literary activity. 'Reading the Canon' offers a comprehensive theoretical account of the conundrums still defining contemporary debates about literary value; the book also features a series of historically-inflected author studies—from classics, such as Shakespeare and Thomas Pynchon, to less likely figures, such as John Neal and Owen Johnson—that illustrate how the idea of literary relevance has been appropriated throughout history and across a variety of national and transnational literary institutions.
