Modernization of Islam Narsha Bulgakbaev ,2023-11-11 Islam is the most conservative religion in the world, which does not recognize any changes that have happened to mankind since the time of the Prophet Muhammad. War, explosion, hunger, nakedness, refugees, desertion, terrorist attack... but still a religion that does not change. In the heart of Islamic civilization, in the homeland of religion, but in Central Asia and the West, the situation is completely different. In another book about the concept of wrong faith, now liberation. The main reason for modernization is the desire of Muslim countries to reduce the gap in the level of development with developed countries. The question arises: can modernization destroy the primordial system of cultural values of Muslim states, or, on the contrary, will modernization contribute to the favorable development of these countries? In order to answer this question, it is necessary to consider the actual changes taking place in the Muslim world, the consequences of such changes, and to conclude whether they are beneficial or negative in these countries.

Peace in the Name of Allah Ofir Winter,2022-02-07 From Anwar al-Sadat's dramatic gambit in 1977 to the surprising declaration of the Abraham Accords in 2020, making peace with Israel was always a tough sell for Arab regimes. Through an analysis of hundreds of fatwas, sermons, essays, books, interviews, poems, postage stamps and other media, *Peace in the Name of Allah* examines how Egyptian, Jordanian, and Emirati political and religious authorities introduced Islamic justifications for peace with Israel, and how those opposed countered them. The discussion demonstrates the flexible and ambiguous nature of revelation-based political discourses; Islam is neither 'for' nor 'against' peace with Israel – people are, as different Muslim political actors take competing or even contradictory positions.
