The Black Cat Edgar Poe,2020-04-09 The Black Cat is one of Poe's best-known sinister tales, as well as one of his great psychological tales. The combination of both elements, horror and psychology, seems to lead directly to the expression psychological terror, which we know today inspired by the artistic uniqueness of this author⁵ and which could be defined as that literary formula that aspires to combine fear, alienation and art. Leaving aside for the moment the alleged autobiographical and superstitious contents, there are three main themes that its author developed in The Black Cat, and the three are closely related to each other. A young married couple leads a homey and peaceful life with their cat, until the young man begins to get carried away by the drink. Alcohol makes him irascible and in one of his fits of fury ends the life of the animal. A second cat appears on the scene and the family situation begins to crack

The Black Cat Edgar Allen Poe, Dave Williams, 2018-04-23 After setting up his story from this perspective, the man tells the reader about a cat named Pluto he used to have as a pet. He describes Pluto as a remarkably large, beautiful animal, entirely black. The narrator's wife jokes that the cat might be a witch in disguise, given its unusual intelligence. The narrator and Pluto have a close bond. He takes care of Pluto, and Pluto follows him everywhere around the house. It is a very tender relationship. Then, everything goes wrong. The narrator, an alcoholic, starts getting angry at everyone. He mistreats his wife and their other animals, but he never hurts Pluto. But one night, the narrator comes home drunk and thinks Pluto is avoiding him. He grabs the cat, who bites him. In retaliation, the narrator cuts out one of the cat's eyes. After he sleeps off his drunken state, the narrator is horrified about his actions. It is not enough to get him to stop drinking, though. The cat's eye socket heals, but Pluto and the narrator no longer have a good relationship. Pluto starts to avoid the narrator all the time. Instead of feeling remorseful, the narrator just feels irritated at the cat's behavior. The narrator hangs the cat 'in cold blood' from a tree. That night, his house burns down. The narrator, his wife, and their servant all escape the fire unharmed, but the fire destroys his home and all of his possessions. When the narrator returns to the ashes later, he sees the figure of a cat on the only surviving wall. Months pass. The narrator sees a cat remarkably similar to Pluto, except that on his chest is a white patch. The cat follows him home. At first, the narrator likes the cat, but soon he can't stand the cat at all, especially after he notices that one of its eyes is missing. The more he hates the cat, the more the cat likes him. The narrator cannot bring himself to hurt the cat because he is afraid of it. The white shape on its chest morphs into a gallows, a direct reminder of his crime against Pluto. Eventually, the narrator is driven so mad that he tries to kill the cat with an axe. His wife intervenes, and the narrator ends up killing his wife. He decides to conceal the body inside his house, behind the wall of the basement. The narrator looks for the cat, but it is missing. For three nights, he sleeps undisturbed by the cat. Then, on the fourth day, police come to his house to ask questions about his wife's disappearance. During their investigation, the narrator raps on the wall he has rebuilt to conceal his wife's corpse. The noise of him knocking causes the cat, which had accidentally become sealed inside the wall, to howl, alerting the police to the presence of the narrator's wife.

Translated Poe Emron Esplin, Margarida Vale de Gato, 2014-10-23 Few, if any, U.S. writers are as important to the history of world literature as Edgar Allan Poe, and few, if any, U.S. authors owe so much of their current reputations to the process of translation. Translated Poe brings together 31 essays from 19 different national/literary traditions to demonstrate Poe's extensive influence on world literature and thought while revealing the importance of the vehicle that delivers Poe to the world—translation. Translated Poe is not preoccupied with judging the "quality" of any given Poe translation nor with assessing what a specific translation of Poe must or should have done. Rather, the volume demonstrates how Poe's translations constitute multiple contextual interpretations, testifying to how this prolific author continues to help us read

ourselves and the world(s) we live in. The examples of how Poe's works were spread abroad remind us that literature depends as much on authorial creation and timely readership as on the languages and worlds through which a piece of literature circulates after its initial publication in its first language. This recasting of signs and symbols that intervene in other cultures when a text is translated is one of the principal subjects of the humanistic discipline of Translation Studies, dealing with the products, functions, and processes of translation as both a cognitive and socially regulated activity. Both literary history and the history of translation benefit from this book's focus on Poe, whose translated fortune has helped to shape literary modernity, in many cases importantly redefining the target literary systems. Furthermore, we envision this book as a fountain of resources for future Poe scholars from various global sites, including the United States, since the cases of Poe's translations—both exceptional and paradigmatic—prove that they are also levers that force the reassessment of the source text in its native literature.
