

Los Persas Obra Completa

Anne Frank

Obras completas Anne Frank, 2022-09-08 Una recopilación magistral que contextualiza la importancia que tuvo la escritura para la supervivencia física y espiritual de Anne Frank, y talla sus palabras en la memoria. El Diario de Anne Frank es una de las lecturas más conocidas sobre la Segunda Guerra Mundial y, gracias a él, la memoria de su protagonista sigue más vigente que nunca. Cientos de miles de personas visitan cada año el museo de la Casa de Anne Frank, en Ámsterdam, para ver dónde la niña y su familia se escondieron de las fuerzas de la ocupación alemana hasta que fueron enviados a Auschwitz en 1944. El único miembro de la familia que sobrevivió al Holocausto fue el padre de Anne, Otto Frank. Estas Obras completas reúnen diversas versiones del diario de Anne, incluida la canónica, editada por la traductora y autora Mirjam Pressler, además de material inédito como cartas, reflexiones, ensayos o las citas favoritas de su protagonista. Este volumen también contiene textos de reputados historiadores sobre asuntos como «La vida de Anne Frank», «La historia de la familia de Anne Frank» y «La historia de la recepción del diario», así como numerosas fotografías de los Frank y del resto de habitantes del escondite. Para conmemorar el 75 aniversario de la primera publicación del Diario, Plaza & Janés brinda a los lectores esta recopilación de los escritos de la joven, con el apoyo del Fondo Anne Frank, que su padre, Otto, estableció para salvaguardar el legado de su hija. Una lectura esencial tanto para los expertos como para el gran público ya que recoge, por primera vez, todos los escritos de Anne Frank además de material adicional que ofrecerá una profundidad nueva a su lectura.

Obras completas Benito Pérez Galdós, 1973

Antología de poetas persas Rafael Cansinos Assens, 2011 Hoy, cuando en Irán se impone con la espada y el fuego el rígido monoteísmo koránico, este título, ANTOLOGÍA DE POETAS PERSAS, que reúne una colección de clásicos, viene a

recordarnos que Persia, ese pueblo fénix, varias veces renacido de sus cenizas, ha creado una literatura que refleja fielmente los múltiples avatares y vicisitudes, las alternativas de decadencia y esplendor, de su larga historia, y mantiene siempre, en medio de todo ese cambio circunstancial de caracteres exteriores, el carácter íntimo, básico, de su psicología colectiva, de su genio racial. Ese pueblo persa, de una vitalidad extraordinaria, ha cambiado varias veces de lengua y de nombre, y hasta, aparentemente, de religión, conservando siempre vivo su sentimiento nacional, bajo todos los disfraces, y su noble carácter de pueblo ario, caballeresco y místico. También su literatura, que sucesivamente se expresa en la antigua lengua zenda —hermana del sánscrito, el armenio y los idiomas más antiguos—, en árabe, en pehlevi y, finalmente, en el persa moderno y sufre el influjo de griegos y semitas, por efectos de las conquistas de Alejandro y Omar, conserva siempre su sello distintivo, su aire noble, aristocrático, su idealismo, su heroica aspiración al triunfo de la luz, del amor y de la verdad sobre las tinieblas, del bien sobre el mal en esta dramática lucha de la existencia humana. Con estas premisas y con uno de los amplios estudios introductorios a los que nos tiene acostumbrados Rafael Cansinos Assens, nos introduce el insigne orientalista en el fascinante mundo de la poesía irania. La obra comienza con un fragmento del Zend-Avesta, que como la *Iliada* de Homero y la Biblia, no es la obra de un solo escritor, sino creación colectiva, realizada por muchos autores y a lo largo de muchos siglos, una tradición antiquísima que fija Zoroastro y sus discípulos amplían, y de la que arranca toda la literatura persa. Del siglo VII al VIII, se opera un eclipse total de todo lo persa, que se encubre con el disfraz árabe, y queda sofocado por él, hasta el punto de que el genio vernáculo no produce ninguna obra que, en ese terreno mimético, descuelle y logre supervivencia. Ya en el s. X selecciona Cansinos a Rudegui, natural de Samarcanda; del s. XI a cantores de vena lírica, himnica o amatoria como Farruji o Katranu-eh-Chebel; del s. XII a Enveri y Jakani de Gancha, en colecciones de versos clasificadas en poesía religiosa, mística, ditirámica y épica, descollando en esta última Firdusi (el *Paradisíaco*, s. X), para luego repasar a todos sus epígonos, deteniéndose en algunos sobre los que reclama especial atención el sevillano, como Nizami (s. XII) o Chamí (s. XV). Del sufismo, fenómeno para Cansinos que se da siempre en todas las épocas de decadencia, cuando el hombre grande, incapacitado por las circunstancias para actuar como héroe, aspira a ser santo o se contenta con ser un mero gozador de la vida, en el plano de un sensual hedonismo, nos trae a un místico puro, Sadi (s. XII), al escéptico Omar Jaiyám (s. XII) y al alegre Hafiz (s. XIV). El juicio crítico de Cansinos es tajante: Después de Chamí, ya no hay en Persia poetas verdaderos (con alguna excepción), aunque todo el mundo es poeta. Surge esa poesía de circunstancias, que fue la plaga del siglo XVIII español, una epidemia psíquica que, entre nosotros, se prolonga hasta el siglo XIX, en que surgen los románticos, que ya tienen algo nuevo y grande que decir, y que en Persia sigue haciendo estragos hasta mediados del s. XX. A lo largo de todas estas alternativas, de esos avatares o reencarnaciones, encuentra Cansinos que el pueblo iranio cambia de apariencia, de cuerpo, pero no de alma. Es siempre la suya, ya se exprese en zenda, en pehlevi, en persa mezclado de árabe o en persa moderno, la misma alma noble, apasionada, mística, enamorada de la luz y la belleza, adoradora de la esencia inmortal y

divina simbolizada en el fuego que encendió Zoroastro. En realidad, ese fuego simbólico de la luz increada, que llegó a ser como el fuego del hogar nacional persa, no se apagó nunca del todo en el Irán, ni aun bajo la dominación del fanatismo árabe, que pretendió extinguirla con su soplo. Siempre tuvo celadores y guardianes que velaron por él y lo mantuvieron vivo y llameante, aunque hubieran de ocultarlo bajo el celemín. La conversión forzosa de los persas al islamismo fue solo una fachada, tras la cual siguieron practicándose los antiguos cultos vernáculos que mantenían vivo el sentimiento nacional.

La batalla de Salamina Barry Strauss, 2022-11-09 Una mañana de septiembre del año 480 a.C., las aguas que separan la isla de Salamina de Grecia fueron escenario de una de las batallas navales más trascendentales de todos los tiempos. Se enfrentaban las dos civilizaciones más poderosas de la época: los persas, liderados por Jerjes, se habían propuesto invadir Grecia. Apenas trescientas embarcaciones estaban en disposición de hacerles frente. Lo que estaba en juego, sin embargo, era el futuro de Atenas, y puede decirse que del desenlace de esa batalla dependió nuestro presente. Si Grecia era derrotada, vería el ocaso de su brillante cultura y cómo caían en el olvido sus instituciones políticas; si obtenía la victoria, en cambio, se abría en su horizonte una época de esplendor político y cultural. La de Salamina es sin duda la mayor batalla naval de la Antigüedad, y también todo un ejemplo de estrategias y tácticas para la posteridad. Mientras los persas eran navegantes muy mediocres y su armada estaba compuesta por mercenarios y esclavos de muy diversa procedencia, los griegos eran un pueblo que siempre había basado su economía en el mar y sus conocimientos de navegación no tenían punto de comparación posible. Este factor, el patriotismo y el conocimiento del terreno, resultaron de la mayor importancia para que la balanza de la victoria se inclinara hacia los griegos y evitar así la destrucción de este pueblo y esta cultura de la que somos herederos. De ahí la importancia que le da Barry Strauss al resultado de esta batalla. El lenguaje accesible, la descripción minuciosa de los trirremes y de las tácticas de combate, así como la reconstrucción de las biografías de algunos de los personajes que intervinieron en la batalla (con especial atención a Artemisia, quizá la primera mujer que capitaneó un barco de combate en la historia) contribuyen a dar colorido y un atractivo a esta obra del que pocos ensayos pueden hacer gala. Una historia real, emotiva y tremenda que cambió el curso de nuestra historia.

Pervivencia del mundo clásico en la literatura Aldo Rubén Pricco, Stella Maris Moro, 2017-09-14 Este volumen presenta una serie de estudios que proyectan su interés sobre el mundo antiguo y su permanencia a través de los siglos. Los

autores aquí reunidos construyen un entramado de abordajes que develan desde diversos puntos de vista la potencia simbólica y expresiva de la literatura grecolatina. En ese sentido, se propone una indagación acerca de la reescritura de textos clásicos y la intertextualidad entre mitos y motivos de la literatura antigua en general y dramaturgias posteriores. Cada uno de los estudios presentados busca echar luz sobre las razones de su pervivencia en la crítica, en la literatura y en la escena teatral.

Prometeo encadenado (edición bilingüe) (Los mejores clásicos) Esquilo, 2015-06-04 El destino, el sufrimiento y el poder divino: los grandes temas de la tragedia griega se reúnen en esta obra. Edición bilingüe. Introducción y traducción de Ramón Irigoyen, profesor de la Universidad de Atenas Epílogo de Jordi Balló y Xavier Pérez, profesores de la Universidad Pompeu Fabra Se cree que Esquilo escribió la tragedia Prometeo encadenado como parte de una trilogía probablemente seguida de las obras perdidas Prometeo liberado y Prometeo portador del fuego. Las tres hubieran dado cuenta de la historia de Prometeo, castigado por los dioses, acusado de haber robado el fuego del Olimpo y de haberlo entregado a los humanos. Esta obra relata los acontecimientos inmediatamente posteriores a los del mito, en los que el titán encadenado profetiza el derrocamiento de Zeus como rey de todos los dioses. Esquilo hace una exquisita muestra de los temas más característicos de la tragedia griega y de su propia obra: el ineludible destino y el sufrimiento existencial. El helenista y escritor Ramón Irigoyen ha preparado para esta edición un prólogo que acompaña a su traducción de la obra. Además, Jordi Balló y Xavier Pérez, profesores de comunicación audiovisual en la Universidad Pompeu Fabra, han escrito a cuatro manos el epílogo con el que se cierra este volumen.

Historias Agatías, 2016-08-05 Un destacado exponente del mundo cultural bizantino del siglo VI narra con talento literario campañas militares contemporáneas. Agatías (Mirina, Asia Menor, 531 - Constantinopla, 580 d.C.), abogado por profesión y poeta por dedicación (como lo atestigua su Ciclo de epigramas), escribió la Historia por una obligación moral que le movió a continuar las Guerras de Procopio (también publicadas en Biblioteca Clásica Gredos) para relatar las campañas militares de Justiniano en Italia y Lázica desde donde aquél las dejó, año 552, hasta el 559. En la vertiente histórica, la obra resulta imprescindible como fuente para los acontecimientos de esos años, y muy en especial por sus dos largos excursos sobre los francos y los persas. Desde el punto de vista literario, desplegó todas sus habilidades retóricas y estilísticas en abundantes digresiones y episodios marginales a la narración principal.
