Drunvalo Melchizedek

The Ancient Secret of the Flower of Life, Volume 2 Drunvalo Melchizedek, 2012-04-27 The sacred Flower of Life pattern, the primary geometric generator of all physical form, is explored in even more depth in this volume, the second half of the famed Flower of Life workshop. The proportions of the human body, the nuances of human consciousness, the sizes and distances of the stars, planets and moons, even the creations of humankind, are all shown to reflect their origins in this beautiful and divine image. Through an intricate and detailed geometrical mapping, Drunvalo Melchizedek shows how the seemingly simple design of the Flower of Life contains the genesis of our entire third-dimensional existence. From the pyramids and mysteries of Egypt to the new race of Indigo children, Drunvalo presents the sacred geometries of the reality and the subtle energies that shape our world. We are led through a divinely inspired labyrinth of science, stories, logic, and coincidence on a path of remembering where we come from and the wonder and magic of who we are. Finally, for the first time in print, Drunvalo shares the instructions for the Mer-Ka-Ba meditation--step-by-step techniques for the re-creation of the energy field of the evolved human--which is the key to ascension and the next dimensional world. If done from love, this ancient process of breathing prana opens up for us a world of tantalizing possibility in this dimension, from protective powers to the healing of oneself, of others, and even of the planet. You may discover a memory or a fleeting reflection of yourself in the following topics: - The Unfolding of the Third Informational System: the circles and squares of human consciousness, Leonardo da Vinci's true understanding of the Flower of Life, and exploring the rooms of the great pyramid - Whispers From Our Ancient Heritage: the initiations of Egypt, the mysteries of resurrection, interdimensional conception, ancient mystery schools, Egyptian tantra, and sexual energy and the orgasm - Unveiling the Mer-Ka-Ba Meditation: chakras and the human energy system, energy fields around the body, the seventeen breaths of the Mer-Ka-Ba meditation, and the sacred geometry of the human lightbody.

The Ancient Secret of the Flower of Life, Volume 1 Drunvalo Melchizedek, 2012-04-28 Once, all life in the universe knew the Flower of Life as the creation pattern - the geometrical design leading us into and out of physical existence. Then from a very high state of consciousness we fell in darkness and forgot who we were. For thousands of years the secret was held in ancient artifacts and carvings around the world, and encoded in the cells of all life. Here Drunvalo Melchizedek presents in text and graphics the first half of the Flower of Life Workshop, illuminating the mysteries of how we came to be, why the

world is the way it is and the subtle energies that allow our awareness to blossom into its true beauty. Sacred Geometry is the form beneath our being and points to a divine order in our reality. We can follow that order from the invisible atom to the infinite stars, finding ourselves at each step. The information here is one path, but between the lines and drawings lie the feminine gems of intuitive understanding. Explore the miracle of our existence by meandering through the wonderland of geometry, science, ancient history and new discovery, seen through the widened vision of Drunvalo and the Flower of Life. Volume 2 will explore in great detail the Mer-Ka-Ba, the 55-foot-diameter energy field of the human lightbody. This knowledge leads to ascension and the next dimensional world. About the Author Drunvalo Melchizedek's life experience reads like an encyclopedia of breakthroughs in human endeavor. He studied physics and art at the University of California at Berkeley, but he personally feels that his most important education came after college. In the last 25 years he has studied with over 70 teachers from all belief systems and religious understandings, providing him with a wide breadth of knowledge, compassion and acceptance. Not only is Drunvalo's mind exceptional, but his heart, his warm personality, his love for all life everywhere, is immediately understood and felt by anyone who meets him. For some time now he has been bringing his vast vision to the world through the Flower of Life program and the Mer-Ka-Ba meditation.

The Great Secret Of The Flower Of Life And The Light Liquid Of The Gods Maximillien De Lafayette, 2015-08-20
The Great Secret Of The Flower Of Life And The Light Liquid Of The Gods. (The Mushroom Symbol, The Knights Templar and Early Christianity). Published by Times Square Press. New York. Filfil is the name for an esoteric symbol closely related to the Anunnaki's Light Liquid and the Flower of Life. Literally it means a rose. And the rose represents a magical chalice. Some time, the chalice itself. Quite often, this chalice was depicted as a mushroom. It is quite obvious, that the chalice, the rose, the Flower of Life are symbols. In ancient Phoenician and Akkadian traditions closely related to the Anunnaki, the mushroom as a chalice represents the creative power of the female. More precisely, the fecundity of a female Anunnaki goddess, giver of life and all living creatures. This fecundity source came in the form of a mitochondrial DNA. Also, the secret extracted liquid of the mushroom represented the Light Liquid known also as Elixir of Life.

Divinely Touched: Transform Your Life Dr. Dave DiSano, Mary DiSano, 2011-08-29
Divinely Touched is a story of personal transformation. It chronicles Mary's spiritual awakening, how she was divinely saved, led, and transformed. From the depths of depression, from battles with physical ailments for which the medical profession had no explanations, from being led into worlds she never knew existed, she survived being taken to the underworld. She was guided and healed by light workers, shamans, and avatars from this world and the spirit dimension and led on a journey of personal, physical, mental, and spiritual healing. Mary's experience, like that of a caterpillar when transformed into a beautiful butterfly, is one that will inspire, enlighten, and transform your life as well. Dr. Dave uses science, research, and knowledge of the ages to explain what Mary experienced and open worlds to the reader that they may never have imagined. Divinely Touched: Transform Your Life can, in fact, do just that. With painstaking detail, Mary describes her descent into darkness and her triumphant return. Like Margaret Starbird, in The Goddess in the Gospels, who also has a spiritual awakening that took her into the realms of psychosis, Mary describes a similar personal descent into darkness before bursting forth into spiritual awareness. Inside you will find a compelling story that may help you or someone you love. Maureen St. Germain, author of Beyond the Flower of Life & You Are the Genie in the Bottle The world is waiting for this powerful story of good vs. evil. Mary's story is amazing, compelling, eye-opening, and courageous. Her faith has carried her through the darkness into the light. She is God's instrument and truly a living expression of divine light flowing forth into the world. Divinely Touched is a

must-read, and you won't want to put it down. It will blow your mind! Pat Hastings, Author of *Simply a Woman of Faith: How to Live in Spiritual Power and Transform Your Life* Mary's amazing story will capture your interest and touch your heart. You will be inspired to move forward on your own journey of awakening. Andrew Oser, author of *How Alternation Can Change Your Life; Finding the Rhythms of Health and Happiness* *Divinely Touched* is a wonderful book that documents an impassioned and heartfelt account of the pitfalls and triumphs of personal awakening. The Flower Of Fulfillment Sanath Kumar Naibhi, 2022-01-01 Like how scientists are trying to find are working on a unified theory that can hold the equations of Newtonian physics as well as quantum mechanics, etc, Sanath Kumar Naibhi through his book wanted to connect various self-help, Life philosophies, and concepts related to personal development. And I think that's what this book will be doing, to connect all the dots. To connect all the philosophies and best practices from all the books I loved and the practices I've received benefits from. And this is a very practical book. Every insight in this book is the result of my own observation, experience, and reflections. So it's not just theory. All the methodologies I've suggested in this book are tested by myself and hence I'm sharing what worked for me! You may not agree to accept my perspective on life as yours, but this will definitely help you build your own. Starting from telling you what are the different forms of entropy, talking about the difference between success and fulfillment, its elements, how to find fulfillment in this journey: Life, to habits and finally explaining how your acts as of now are not wrong and its awareness and habits that are true oxygen for the fulfillment, I've tried to connect all the dots, all the aspects that have improved my life drastically, in the form of mental models of mine such as - Candlestick Analogy, 5 I's of Success, Success Archetypes, 'Life as _', The fulfillment flower, etc being served to you as a fictional story. This is a 'personal growth' book that everyone must start with. This gives you the context of all other books and you can continue to read them and add those concepts to the categories they belong to after you've read this book. In other words, this is an index for Life! Through this book, I want to encourage you to think, question, self-interrogate, reflect on all the concepts and practice all the habits mentioned in the book and feel free to make your perspective and chest of wisdom out of it.

Reflexivity in Love A Self-Reflexive Portrait of the Little Flower of Jesus Fr. Emmanuel Javert Nnadozie
OCD, 2024-09-19 This book focuses particularly on the self-reflexive elements of the divine and human transformation in the

Christian life, which we find in St. Therese, especially her ability to wonder and question herself about the mysteries of God as they relate to her spiritual life and growth. It studies Therese's spirit of critical listening and profound spiritual reflection on the things of her experience and explores her self-reflective and interrogative self-understanding of her call to sanctity of life. The author also discusses how the Saint appropriated God's Word and God's grace hidden in the events of her life. The book shows how, through self-reflexivity and meditation on God's Word, she discovered her vocation as love in the heart of the Church, following which she desired to sing of the mercies of the Lord with her whole life by loving God and neighbor in ordinary things in an extraordinary way and by leading a legion of souls through this Little Way of love, which has a general or universal application to all who desire to attain perfection by a straight and short route. While it is recognized that God's grace works in individuals according to their personal vocations, the author believes that spiritual self-reflexivity helps the faithful to integrate meaningfully, like St. Therese, the general principles of the spiritual life and the example of the Saints into each individual's spiritual life in the events of daily life, irrespective of their individual vocations. And this is why the Little Way, as a spiritual path, can be lived by all who commit themselves to following the example found in St. Therese's simple, humble, and confident way of spiritual childhood--and of loving God and neighbor in the ordinary life and events of every day with reflexivity in love as the key.
