Maid for Television L. S. Kim, 2023-08-11 Maid for Television examines the racialized female domestic by tracing the maid's representational and narrative function in American television. As domestic service has been a long-standing occupation for women of color, the figure of the maid in the employer's home is a recurrent and patterned image, simultaneously enacting and revealing the nexus of race, class, and gender hierarchies in American culture.

Black Butler, Vol. 29 Yana Toboso, 2020-08-18 The queen's watchdog has become a fugitive, and the "true" Earl of Phantomhive has taken up residence in the manor. The Undertaker has yet to perfect his craft, though, and Ciel knows precisely what his brother is plotting. Strangers Within the Realm Bernard Bailyn, Philip D. Morgan, 2012-12-01 Shedding new light on British expansion in the seventeenth and eighteenth centuries, this collection of essays examines how the first British Empire was received and shaped by its subject peoples in Scotland, Ireland, North America, and the Caribbean. An introduction surveys British imperial historiography and provides a context for the volume as a whole. The essays focus on specific ethnic groups — Native Americans, African-Americans, Scotch-Irish, and Dutch and Germans — and their relations with the British, as well as on the effects of British expansion in particular regions — Ireland, Scotland, Canada, and the West Indies. A conclusion assesses the impact of the North American colonies on British society and politics. Taken together, these essays represent a

new kind of imperial history — one that portrays imperial expansion as a dynamic process in which the outlying areas, not only the English center, played an important role in the development and character of the Empire. The collection interprets imperial history broadly, examining it from the perspective of common folk as well as elites and discussing the clash of cultures in addition to political disputes. Finally, by examining shifting and multiple frontiers and by drawing parallels between outlying provinces, these essays move us closer to a truly integrated story that links the diverse ethnic experiences of the first British Empire. The contributors are Bernard Bailyn, Philip D. Morgan, Nicholas Canny, Eric Richards, James H. Merrell, A. G. Roeber, Maldwyn A. Jones, Michael Craton, J. M. Bumsted, and Jacob M. Price.

The Butler's Child Lewis M. Steel, Beau Friedlander, 2016-06-14 The Butler's Child is the personal story of a Warner Brothers family grandson who spent more than fifty years as a fighting, no holds barred civil rights lawyer. Lewis M. Steel explores why he, a privileged white man, devoted his life to seeking racial progress in often uncomprehending or hostile courts. In fact, after writing a feature for The New York Times Magazine entitled Nine Men in Black Who Think White, Lewis was fired from the NAACP and the entire legal staff resigned in support of him. Lewis speaks about his family butler, an African American man named William Rutherford, who helped raise Lewis, and their deep but ultimately troubled relationship, as well as how Robert L. Carter, the NAACP's extraordinary general counsel, became Lewis' mentor, father figure and lifelong close friend. Lewis exposes the conflicts which arose from living and working in two very different worlds - that of the Warner Brothers family and that of a civil rights lawyer. He also explores his more than fifty year marriage that joined two very different Jewish and Irish American families. Lewis' work with the NAACP and in private practice created legal precedents still relevant today. The Butler's Child is also an insider's look into some of the most important civil rights cases from the turbulent 1960's to the present day by a man still working to advance the civil rights which should be available to all.

Creating the Self in the Contemporary American Theatre Robert J. Andreach, 1998 Exploring the theatre from the 1960s to the present, Robert J. Andreach shows the various ways in which the contemporary American theatre creates a personal, theatrical, and national self. Andreach argues that the contemporary American theatre creates multiple selves that reflect and give voice to the many communities within our multicultural society. These selves are fragmented and enclaved, however, which makes necessary a counter movement that seeks, through interaction among the various parts, to heal the divisions within, between, and among them. --Book Jacket.
