**Los derechos de los pueblos indígenas en Argentina** Morita Carrasco,2000

Británicos, indígenas y árabes Mariana Esther Espinosa,2025-06-30 Este libro analiza la primera gran expansión evangélica en el Noroeste argentino, explorando su origen, las formas socioculturales que gestó y sus transformaciones. Organizado en tres partes, aborda la trayectoria en el país del movimiento británico conocido como "Hermanos Libres", las relaciones interculturales entre misioneros extranjeros y diversas comunidades (quichua-hablantes, árabes, guaraníes, collas, criollos), y las tensiones y los desafíos actuales en las iglesias. De este modo, la obra resulta un aporte clave para comprender la diversidad cultural en áreas marginalizadas y el campo evangélico en Argentina.

**El arte rupestre de Argentina indígena** María Andrea Recalde,Rodolfo A. Raffino,Eduardo E. Berberián,2005

Ambiente y pueblos indígenas María Cristina Garros,María Celeste Martínez,2020-04-01 Esta obra contiene un conjunto de aportes valiosos que sirven para entender los desafíos y la complejidad que poseen las problemáticas de las comunidades aborígenes, en relación a temas como la igualdad de género, la defensa de los derechos de la mujer en sociedades o sistemas culturales en los cuales existe una tradición de subordinación o relegación en favor del varón, la tutela de los menores, la diversidad cultural y el respeto a las minorías, la posesión del territorio, la inclusión y la exclusión en un mundo que, paradójicamente, se expresa a favor de nuevas ideas occidentales que han venido a suplantar las antiguas visiones de desprecio por lo aborigen y por lo diferente. Pese al expreso reconocimiento de los derechos de los pueblos originarios, los convenios y tratados internacionales vigentes y el paulatino avance en la gestión de la efectivización de estos derechos, todavía no se encuentran consolidados, razón que motiva la investigación y la difusión de estas realidades, básicamente con el objetivo de coadyuvar a que estos derechos reconocidos se vean efectivamente concretados. Comprender la legitimidad de los reclamos y las razones éticas y jurídicas que la sustentan es imprescindible para cualquier profesional que quiera entender los desafíos del mundo que se viene y la necesidad de optar por un desarrollo más sostenible e inclusivo. La obra surge como iniciativa del Instituto de Derecho Ambiental y de la Sustentabilidad de la Facultad de Ciencias Jurídicas de la Universidad Católica de Salta (IDEAS), quien ha convocado para el análisis y tratamiento de la temática, a un equipo de profesionales de múltiples disciplinas y de origen internacional.

**The Crime of Maldevelopment** María Laura Böhm, 2018-09-13 This book explores the causal relationship between the deregulation of international economic interests and the forms of violence that prevail in a large part of the Global South. More specifically, this book tells the story of how transnational corporations benefitting from increasing deregulation of their international economic interests, account for severe harm, the unrelenting violation of human rights, and maldevelopment in Latin America. Dependent on the structural deficiencies of the Latin American region, this book tests the examples of the extractive industries and multinational expansionism and the link between deregulated economies at the international level and the damaging local effects that increase what is here called maldevelopment. Introducing the conceptual category of maldevelopment to criminology, the author makes recommendations for further research and outlines a network of possible mechanisms for its prevention and sanction - and for the work of reparation and construction towards the satisfaction of the needs of the victim or victimizable populations. This provocative and original text will be essential reading for those concerned with white collar crime and crimes of the powerful, and for researchers in criminology, sociology, law, political science, development studies and international political economy.
