LP Steffe

The Flowing Light of the Godhead Mechthild (of Magdeburg),1998 Here is the first English translation based on the new critical edition of *The Flowing Light of the Godhead*, the sole mystical visionary work of Mechthild, a 13th-century (c. 1260-c. 1282/94) German Beguine. This challenging work of deep religious insight reflects Mechthild's inner life, and God's as well, employing a great variety of traditional medieval literary forms and genres in prose and verse.

The Flowing Light of the Godhead Mechthild of Magdeburg, In this profound and poetic work, Mechthild of Magdeburg, a 13th-century German mystic, shares her intimate experiences of the divine. Through a series of visions and spiritual encounters, she explores the nature of God's love and the soul's journey towards union with the divine. *The Flowing Light of the Godhead* offers a unique and deeply personal perspective on the mystical path, inviting readers to contemplate the mysteries of faith and the transformative power of divine grace.

Mechthild of Magdeburg Mechthild of Magdeburg,2012-03-01 2012 Reprint of Original 1953 Edition. Exact facsimile of the original edition, not reproduced with Optical Recognition Software. (c)New introduction and foreword Martino Publishing. This work is the first English translation of her 13th century classic-the mystical writings of Mechthild of Magdeburg. The only complete codex of this work is in the library of Einsiedeln in Switzerland, where the translator spent three years translating the codex from a South German translation of 1344. The book is a collection of visions, revelations, thoughts and letters written in alternating prose and poetry. The variety of its contents includes practical advice on daily conduct, as well as the most sublime descriptions of high mystical experience. Her works were early translated into Latin, and were almost certainly known to Dante, whose vision of heaven, hell and purgatory went on to have a great influence in Western Literature. Her influence is traceable in the *Paradiso* and by some scholars she is thought to have been the Matilda in the earthly paradise. Her works remains to this day a classic text of Christian mysticis

Mechthild of Magdeburg Mechthild,Elizabeth A. Andersen,2003 Mechthild of Magdeburg's *The Flowing Light of the Godhead* is one of the great surprises of German medieval literature. Compiled between c.1250 and c.1282, it is an extraordinary piece of imaginative writing. It integrates visions, auditions, dialogues, prayers, hymns, lyrical love poems,

letters, allegories and parables, and draws creatively on features from hagiography, the disputation, the treatise, and magic spells, as the author documents her relationship with God and with her contemporaries. Within the context of German literary history, it is the first text in the tradition of mystical writing that was neither a translation nor a free adaptation of a Latin text, but rather an independent composition in the vernacular. Also of major significance is the fact that this text was written by a woman, thus offering insights into the cultural and social-historical context of the female religious (Mechthild lived her adult life as a beguine and latterly as a nun) in thirteenth-century northern Europe. Selections from the text are presented here in translation with introduction and notes. Dr Elizabeth A. Andersen teaches in the School of Modern Languages, Newcastle University.

Love as Common Ground Paul S. Fiddes,2021-09-23 This book explores the way in which the study and practice of love creates a common ground for different faiths and different traditions within the same faith. For the contributors, “common ground” in this context is not a minimal core of belief or a lowest common denominator of faith, but a space or area in which to live together, consider together the meaning of the love to which various faiths witness, and work together to enable human flourishing. Such a space, the contributors believe, is possible because it is the place of encounter with the divine. This book is the fruit of a Project for the Study of Love in Religion which aims to create this space in which different traditions of love converge, from Islam, Judaism, and the Christianity of both East and West. Tools employed by the contributors in exploring this space of love include exegesis of ancient texts, theology, accounts of mystical experience, philosophy, and evolutionary science of the human. Insights about human and divine love that emerge include its nature as a form of knowing, its sacrificial and erotic dimensions, its inclination towards beauty, its making of community and its importance for a just political and economic life.

The Soul as Virgin Wife Amy Hollywood,2000-12-05 The Soul as Virgin Wife presents the first book-length study to give

a detailed account of the theological and mystical teachings written by women themselves, especially by those known as beguines, which have been especially neglected. Hollywood explicates the difference between the erotic and imagistic mysticism, arguing that Mechthild, Porete, and Eckhart challenge the sexual ideologies prevalent in their culture and claim a union without distinction between the soul and the divine. The beguines' emphasis in the later Middle Ages on spiritual poverty has long been recognized as an important influence on subsequent German and Flemish mystical writers, in particular the great German Dominican preacher and apophatic theologian Meister Eckhart. In *The Soul as Virgin Wife*, Amy Hollywood presents the first book-length study to give a detailed textual account of these debts. Through an analysis of Magdeburg's *The Flowing Light of the Godhead*, Marguerite Porete's *Mirror of Simple Souls*, and the Latin commentaries and vernacular sermons of Eckhart, Hollywood uncovers the intricate web of influence and divergence between the beguinal spiritualities and Eckhart.

Handbook of Women Biblical Interpreters Marion Ann Taylor, Agness Choi, 2012-10-01 Word Guild 2012 Canadian Christian Writing Award Honorable Mention, The Grace Irwin Prize (2013) 2012 Book of the Year Award, Foreword Magazine The history of women interpreters of the Bible is a neglected area of study. Marion Taylor presents a one-volume reference tool that introduces readers to a wide array of women interpreters of the Bible from the entire history of Christianity. Her research has implications for understanding biblical interpretation--especially the history of interpretation--and influencing contemporary study of women and the Bible. Contributions by 130 top scholars introduce foremothers of the faith who address issues of interpretation that continue to be relevant to faith communities today, such as women's roles in the church and synagogue and the idea of religious feminism. Women's interpretations also raise awareness about differences in the ways women and men may read the Scriptures in light of differences in their life experiences. This handbook will prove useful to ministers as well as to students of the Bible, who will be inspired, provoked, and challenged by the women introduced here. The volume will also provide a foundation for further detailed research and analysis. Interpreters include Elizabeth Rice Achtemeier, Saint Birgitta of Sweden, Catherine Mumford Booth, Anne Bradstreet, Catherine of Siena, Clare of Assisi, Egeria, Elizabeth I, Hildegard, Julian of Norwich, Thérèse of Lisieux, Marcella, Henrietta C. Mears, Florence Nightingale, Phoebe Palmer, Faltonia Betitia Proba, Pandita Ramabai, Christina Georgina Rossetti, Dorothy Leigh Sayers, Elizabeth Cady Stanton, Harriet Beecher Stowe, St. Teresa of Avila, Sojourner Truth, and Susanna Wesley.

Medieval Religion and its Anxieties Thomas A. Fudgé, 2016-10-20 This book examines the broad varieties of religious belief, religious practices, and the influence of religion within medieval society. Religion in the Middle Ages was not monolithic. Medieval religion and the Latin Church are not synonymous. While theology and liturgy are important, an examination of animal trials, gargoyles, last judgments, various aspects of the medieval underworld, and the quest for salvation illuminate lesser known dimensions of religion in the Middle Ages. Several themes run throughout the book

including visual culture, heresy and heretics, law and legal procedure, along with sexuality and an awareness of mentalities and anxieties. Although an expanse of 800 years has passed, the remains of those other Middle Ages can be seen today, forcing us to reassess our evaluations of this alluring and often overlooked past.

Six Stages on the Spiritual Path Ruth Whitney, 2021-05-21 In *Six Stages on the Spiritual Path*, we learn about spirituality and its stages as well as how spirituality helps to reduce our suffering and create more love. Writings from ancient to contemporary mystics across the world provide us with practical and spiritual wisdom that will make our lives happier and more loving. In the first stage on the mystic way, children experience awe and wonder, but they do not realize that this is a spiritual experience. While all indigenous people recognize awe as a mystical experience, only some adults and most artists do. When parents and religious leaders teach children about God, they cause their spiritual growth to flourish or to become stunted at an elementary school level. Awakening is an experience of the Divine that helps us realize that the Sacred Spirit is within us and loves us. Awakening produces love for our neighbors and ourselves. Then love nurtures more awakenings. Illumination and union are deeper mystical experiences that the Holy One is not only within all of us and all of creation, but also that we are within the ONE. Illumination creates more love for all people and all the universe.

Machines of the Mind Katharine Breen, 2021-05-17 Katharine Breen challenges our understanding of how medieval authors received philosophical paradigms from antiquity in their construction and use of personification in their writings. She shows that our modern categories for this literary device (extreme realism versus extreme rhetoric, or novelistic versus allegorical characters) would've been unrecognizable to their medieval practitioners. Through new readings of key authors and works--including Prudentius's *Psychomachia*, Langland's *Piers Plowman*, Boethius's *Consolation of Philosophy*, and Deguileville's *Pilgrimage of Human Life*--she finds that medieval writers accessed a richer, more fluid literary domain than modern critics have allowed. Breen identifies three different types of personification--Platonic, Aristotelian, and Prudentian--inherited from antiquity that both gave medieval writers a surprisingly varied spectrum with which to paint their characters, while bypassing the modern confusion of conflicting relationships between personifications and persons on the path connecting divine power and human frailty. Recalling Gregory the Great's phrase *machinae mentis* (machines of the mind), Breen demonstrates that medieval writers applied personification with utility and subtlety, much the same way that, within the category of hand-tools, an open-end wrench differs in function from a hex-key wrench or a socket wrench. It will be read by medievalists working at the crossroads of religion, philosophy, and literature, as well as scholars interested in character-making and gendered relationships among characters, readers, and texts beyond the Middle Ages--

Unlocking Orthodoxies for Inclusive Theologies Robert E. Shore-Goss, Joseph N. Goh, 2019-11-28 This book enters a new liminal space between the LGBTQ and denominational Christian communities. It simultaneously explores how those who identify as queer can find a home in church and how those leading welcoming, or indeed unwelcoming, congregations can

better serve both communities. The primary argument is that queer inclusion must not merely mean an assimilation into existing heteronormative respectability and approval. Chapters are written by a diverse collection of Asian, Latin American, and U.S. theologians, religious studies scholars and activists. Each of them writes from their own social context to address the notion of LGBTQ alternative orthodoxies and praxes pertaining to God, the saints, failure of the church, queer eschatologies, and erotic economies. Engaging with issues that are not only faced by those in the theological academy, but also by clergy and congregants, the book addresses those impacted by a history of Christian hostility and violence who have become suspicious of attempts at acceptance. It also sets out an encouragement for queer theologians and clergy think deeply about how they form communities where queer perspectives are proactively included. This is a forward-looking and positive vision of a more inclusive theology and ecclesiology. It will, therefore, appeal to scholars of Queer Theology and Religious Studies as well as practitioners seeking a fresh perspective on church and the LGBTQ community.

The Thirst of God Wendy Farley, 2015-09-04 There is a rich tradition of wonderful women and other contemplatives who are great resources for thinking differently about Christianity. They emphasized divine love, human compassion, and the radical possibilities of contemplative practices. They were not afraid to criticize the church and indeed thought of their challenge as crucial to their faith. We do not have to lose faith with the beautiful wisdom of this story of intimate and compassionate love, dwelling among us and within us, if we do not want to. from the acknowledgments and note to readers To those seeking a more open, progressive approach to Christian faith, the Christian past can sometimes seem like a desert, an empty space devoid of encouragement or example. Yet in the latter years of the Middle Ages a quiet flowering of a more accessible, positive approach to Christian belief took place among a group of female mystics, those who emphasized an immediate, nonhierarchical experience of the divine. In this enlightening volume, Wendy Farley eloquently brings the work of three female mystics Marguerite Porete, Mechthild of Magdeburg, and Julian of Norwich into creative conversation with contemporary Christian life and thought. From alternatives to the standard, violent understandings of the atonement, to new forms of contemplation and prayer, these figures offer us relevant insights through a theology centered on God's love and compassion. Farley demonstrates how these women can help to refresh and expand our awareness of the depth of divine love that encompasses all creation and dwells in the cavern of every human heart.
