Dorn Ph.D.,2021-11-24 The accumulation of the following quotes began when I served the Army chief of staff as a speechwriter and is a result of encouragement that my father provided to me every day of our lives together. communism and Atheism. 3) Things once considered as blasphemies have come to be accepted as truth. The example of Galileo Galilei is remarkable. 5)The governing principles have been evolutionary. There can never be a uniformed pattern of governance as peoples differ in their thinking and beliefs for that reasons there have been clashes of civilization down the ages. 6)The exploration of our solar systems is the result of endless and insatiable urge in man to unravel nature. The achievements of science and technology belong to the whole of humanity. I have tried to present a snapshot profile of March of human civilization through the voices of the great minds ever walked on mother earth. This compilation will serve as ready reckoner
